## POWER OF MAXIMITE

New Explosive Adopted by United States Government—Shell Explodes After Piercing Twelve-Inch Plate.

NEW YORK, June 3.—The Press says: Maximite, the new explosive invented by Hudson Maxim, had been adopted by this country, after a series of successful tests at the Sandy Hook Proving Grounds. The secret of the explosive has been sold to the government by the inventor, and the explosive, it is thought, may revolutionize warfare. It is said to be more deadly in its character than lyddite, yet so safely can it be handled that the danger attending its use is less than that incurred in transporting ordinary black powder. The tests indicate that the explosive will pierce a 12-inch harveized nickel steel armor-plate, and having passed through it will explode on the other side with sufficient power to destroy everything with which it comes in contact. Never before has a plate of this strength and thickness been pierced.

The tests have been made by the Ordnance Board, and have been conducted with great secrecy. The opinion is expressed by experts that maximite may revolutionize the building of battle-ships and fortifications. The insensitiveness of this explosive is so great that a red-hot iron may be thrust into a mass of it without causing an explosion. The explosion of the compound after passing through the plate is accomplished by means of a fuse. Shell filled with lyddite, the high explosive adopted by the British government, filled in the same way as was maximite, into the same shells and fired at a plate an inch and a half in thickness, all exploded on impact where the maximite shell passed through the steel plates a foot in thickness. These tests of maximite are regarded as having demonstrated that there is no warship of any navy capable of withstanding its destructive force. Mr. Maxim conducted these experiments in person, there being no one present except the ordnance officers and experts representing the government.

In an interview Mr. Maxim said: "Should the United States now become involved in war with any other power, we shall be able to throw high explosive projectiles through the thickest armor of our enemies to explode inside their warships, while they in turn would be able only to penetrate our armor with solid shot or at least carrying no bursting charge whatever."

It is the inventor's opinion that the moral of these new developments is that the ponderous battle ship must go and be replaced by the small, swift torpedo-boat or torpedo gunboat and cruiser.

Dyspeptics cannot be long lived because to live requires nourishment. Food is not nourishing until it is digested. A disordered stomach cannot digest food, it must have assistance. Kodol Dipeptics Cure digests all kinds of food without aid from the stomach, allowing it to rest and regain its natural functions. Its elements are exactly the same as the natural digestive fluids and it simply can't help but do you good. Clarke & Falk's P. O. Pharmacy.

## SUIT WILL BEGIN TODAY

Action by State to Recover for Land Shortage—Attorney-General Blackburn Has Prepared Complaint Against Pennoyer, McBride and Matschan.

SALEM, Or., June 3.—Attorney-General Blackburn has prepared a complaint in an action against Sylvester Pennoyer, George W. McBride and Phil Matschan, the men who constituted the state land board at the time of the Davis defalcation, and will send it to District Attorney Chamberlain tomorrow for consideration. The action will be brought in Multnomah county and District Attorney Chamberlain will be associated with the attorney-general as attorney for the state.

The complaint will be framed upon the theory that the clerk of the school land board was the agent of the board and not an agent of the state; that his defalcation was a defalcation of the board, for which the members of the board are distinctly responsible to the state. While all the details of the complaint can't now be given, it is known that Judge Blackburn has drawn the papers so that they state all the facts regarding the shortage. The questions involved, therefore, may be tried on a demurrer, thus making it possibly unnecessary to incur the expense of a trial.

The complaint will state that the shortage occurred in 1894, so that the defendant may raise the question of the statute of limitations by demurrer. It will state the facts regarding the legislative investigation of 1895, so that if the defendants believe that investigation and the report of the committee amounts to a settlement, they can raise that question by demurrer. Judge Blackburn believes the board is liable and he has endeavored to frame his complaint so that the question may be speedily determined.

**Nickel-in-the-Slot Machines.**

SALEM, Or., June 3.—That it is not unlawful to operate a nickel-in-the-slot machine, unless there is an element of chance in the game, was the effect of a decision rendered by Judge Burnett, in

the circuit court this morning. The decision was upon the demurrer to the indictment in the case of the state against L. E. Nichols. Nichols was charged with operating a machine in this city, the plan of operation being that every person who put a nickel in the machine should get a cigar for every nickel. There was no chance in this, for the player received no more and no less, whatever set of cards might come up.

In rendering his decision sustaining a demurrer to the complaint, Judge Burnett said that the evil aimed at by the act of the last legislature is the use of the machines which are gambling devices, and so long as the machines are used without an element of chance, there is no violation of the law. He took as an illustration the operation of a nickel-in-the-slot machine by which a player may ascertain his weight. He gets what he pays for, there is no element of chance, and hence no violation of law.

As soon as Judge Burnett's decision became known several machines were put in operation in cigar stores on the same plan as the machine formerly run by Nichols.

**Bailey Gatzert on Dalles-Portland Route**

## Does It Pay to Buy Cheap?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the ONLY remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world, and sold by Clarke & Falk. Get Green's prize almanac. 2

## To Firemen's Tournament at Heppner.

For the firemen's tournament at Heppner June 11th, 12th and 13th, the O. R. & N. Co. will make a rate of one and one-third fare for the round trip on the certificate plan; provided, however, fifty or more paying passengers of not less than 50 cents each have been in attendance. Under these conditions delegates, or members of delegates' family, that have paid full fare to Heppner, will be returned at one-third fare on presentation of certificate to our agent at Heppner on or before June 14th. Certificates must be signed by F. W. Roberts, secretary, and will be issued only on any of the three days prior to opening day of the meeting, including the latter. If total attendance does not equal the requirements, holders of certificates will be sold return tickets at regular one-way rates. m27-110 JAMES IRELAND, Agent.

## Strikes a Rich Find.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H., "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run-down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by G. C. Blakeley, the druggist. 1

## CONTEST NOTICE.

UNITED STATES LAND OFFICE, May 11, 1901.  
A sufficient contest affidavit having been filed in this office by O. August Erikquist, contestant, against homestead entry No. 6121, made April 14, 1901, for W<sup>1/2</sup> NW<sup>1/4</sup>, sec 33 and E<sup>1/2</sup> NE<sup>1/4</sup>, sec 32, Tp 2 N, R 12 E, by Riley J. Girt, contestee, in which it is alleged that said Riley J. Girt has from the 14th day of April, 1901, up to the present date never been on the place, never established his residence thereon, and that he has abandoned the tract. And that the alleged abandonment is not due to defendant's employment in the military or naval service of the United States and office in The Dalles, Oregon. The said contestant having, in a proper affidavit, filed May 4, 1901, set forth facts which show that after due diligence personal service of this notice cannot be made, it is hereby ordered and directed that such notice be given by due and proper publication. JAY P. LUCAS, Register.
