Do You Cough?

When I caught cold, I just let it alone, thinking it would

each cold was worse than the one before. My throat seemed to get weaker, and the least charige in the weather started the coughing again. The inst cold was the most severe of all. I was really frightened. Cough drops and home treatment did no good. A friend told me about Acker's English Remedy. I got a bottle, and you never saw the like of the way it acted. Before the bottle was gone I was well. My throat felt as strong and well as could be. Since then I have had no more trouble. I think Acker's English Remedy so strengthens the delicate lining of the throat that it easily resists the changes in tempera-ture, and i builds up the constitution as well."
