

## Distinguished Testimony

No secret society in the world stands higher in noble aims and charitable accomplishments than the Knights of Pythias. That order is doing great good, and one of its finest institutions is the Ohio Pythian Home, at Springfield, Ohio, which is ably presided over by Superintendent Le Fevre and his wife, Mrs. Callie I. Le Fevre, the matron. The latter has recently written a letter, which will command widespread attention because of the prominence of the writer. It is as follows:—

CALLIE I. LE FEVRE, Matron Ohio Pythian Home.

"Messrs. W. H. Hooker & Co., New York: Last year I used Acker's English Remedy at the suggestion of a friend, for a serious, long-standing throat difficulty and extremely hard cough. Had used many well spoken of preparations without relief. I can honestly say that Acker's English Remedy removed the difficulty and stopped the cough. I did not purchase or use more than three bottles, and at least one-half of the last is still in hand. I also consulted physicians with no permanent results." (Signed) CALLIE I. LE FEVRE.

The friend to whom Mrs. Le Fevre refers as having suggested Acker's English Remedy is Mrs. W. B. Chilton, wife of the president of the Troy Transfer Co., of Troy, Ohio, where this remedy has accomplished many other cures in Throat and Lung Troubles. In conversation with an acquaintance Mrs. Le Fevre also said: "If you will call on Mr. W. H. Schauss, a prominent druggist and art merchant of Springfield, Ohio, you will find that he, too, has had any amount of experience with Acker's English Remedy in his family, and thinks they cannot keep house without it."

Acker's English Remedy is sold by all druggists under a positive guarantee that your money will be refunded in case of failure, 25c., 50c. and \$1 a bottle in United States and Canada. In England, 1s., 2s., 3s., 4s., and 5s. 6d. We authorize the above guarantee. W. H. HOOKER & CO., Proprietors, New York.

### EDITOR CHRONICLE:

Having seen in the columns of your paper the statement that I was called upon to suppress the disturbance made by a number of "young ruffians" about the Mays' lot, and replied that I could do nothing as long as they remained on the sidewalk, I take pleasure in stating that the report is utterly false, as I have been confined to my bed for the most of the time that the meetings were in progress, and furthermore I would not know one of the reverend plaintiffs if I were to meet him on the street.

Let me also say that it is not the intention of the little police force of two men to allow any religious or other legitimate meeting within their jurisdiction to be disturbed. The nightwatch has the business part of The Dalles to guard, and it is not his duty to patrol that portion of the city in which the Mays' lot is situated but he will, at any time that he be called upon, answer the wail of a disturbed citizen.

The editor may inform the reverend gentlemen that there is a statute against the disturbance of any religious meeting, and that the right course for them to pursue is to swear out a warrant for the "young ruffians" and we will endeavor to serve them as fast as they are placed in our hands.

T. J. DRIVER.

[THE CHRONICLE will have no controversy with Marshal Driver regarding the truth or falsity of what the minister in charge of the campmeeting on the Mays' lot said to it regarding his alleged complaint to the marshal concerning the disturbances at the meetings. THE CHRONICLE repeated what the minister said, and only what he said, and set down nothing in malice either against the marshal or against the "young ruffians" that disturbed the meetings, not one of whom it knows or cares to know. The marshal will be pleased to learn, however, that as soon as a little effort was put forth to suppress the disturbers it had its effect and for the past two nights they were conspicuous by their absence.—EDITOR.]

### New Antiseptic Found.

ANN ARBOUR, Mich., June 7.—An important antiseptic discovery upon which Drs. Grederick G. Novey and Paul C. Freer have been working for over a year in their respective laboratories, has just been made public. The new antiseptics are organic acid hyperoxides. In a water solution, 5-1000 of 1 per cent of active oxygen derived from the hyperoxide is fatal to all bacteria. The hyperoxide which was used for the experiments is benzozoisel, and this, as shown by experiments on dogs, can be taken internally in large doses without poisonous effect. The discovery may, it is claimed, lead to the further discovery of the fundamental causes in an important field of medical and surgical science.

### Bloody Affray in Wyoming.

FREDMONT, Wyo., June 7.—Meager reports have been received of a shooting affray about twenty miles east of here. From what can be learned, several ranchmen and cowboys went to the camp of some sheepherders and told them they would have to get out of that country, but the herders resolved not to comply with the request, and were immediately shot by the ranchers. One of the herders was shot in the arm and another in the foot. After doing this the attacking party shot all the horses, killed several head of sheep and burned the wagons. The ranchmen and cowboys are under arrest.
