STEWSPAN OF GOLD NUGGETS

Product of Two Weeks' Work by Two Josephine County Miners.

GRANT'S PASS, June 17.—A strike like the one recently made by Scribner and Henderson, two prospectors from the Wolf Creek district, Northern Josephine county, would create a great stampede in Nome or Dawson, but excites only passing interest in Grant's Pass.

Saturday morning the two prospectors came into this city from their claims on Wolf Creek, bringing with them their earnings for the preceding two weeks. Into the new banking house the lucky men walked and handed over a stewpan of gold to the cashier for weighing and exchange. The glittering nuggets and dust, reposing in the stewpan, tipped the beam at a weight requiring \$1100 40 in coin as exchange. That was good money for a few days' work, and Scribner and Henderson, who have made several similar visits into the Pass of late, and who are from the East, consider Southern Oregon a land far from being despised by the goldseeker.

The rich find is that of a pocket or leader, traced from an old "worked-out" mine. The old mine was originally worked some 20 or 25 years ago, and was deserted as a bad proposition. The two prospectors bonded the property, commenced work, and in crosscutting, struck a new lead, on which the pocket was found. Two pounds of pure gold were removed in two pans, and the \$1100 40 were the fruits of but four or five days' work. The claim is situated on the divide south of Wolf Creek, in the immediate district of the Greenback mine. Like the several rich claims and workings in this district, the gold is found in coarse nuggets, adhering to white quartz. This, together with many other recent strikes of a similar nature, has caused a rush of prospectors to the Mount Reuben and Northern Josephine districts to research and dig deeper into the so-called "worked-out" mines.

Will Fight to Death.

DENVER, June 17.—Commandant W. D. Snyman, of the South African republic, is in Denver on a lecture tour, the proceeds of which are to aid the Boer prisoners.

"The struggle in South Africa is not a race animosity," said Commandant Snyman. "It is an awful war, a political war, brought about by political gamblers and speculators, and so long as they have life the Boers will fight for their liberty. Our wives and daughters will pray and fight with us. Mothers send their sons into battle with a prayer. Widows and orphans are suffering, yet believing that God will bring them finally to victory."

Your Face

If you are feeling weak and worn out and do not have a healthy appearance you should try Acker's Blood Elixir. It cures all blood diseases where cheap Sarsaparilla and so-called purifiers fail; knowing this we sell every bottle on a positive guarantee. Blakeley the druggist.

Mortality Rate High.

LONDON, June 17.—Replying to questions in the house of commons, Mr. Broderick, the war secretary, said there are 40,229 persons in the "concentration camps" of the Transvaal and Orange River Colony. The deaths in these camps for the month of May numbered 98 men and women, and 318 children. The announcement of the mortality was received with groans from the Irish members and cries of "Scandalous." Mr. Broderick added that the authorities are arranging for the release of the women and children who have friends to receive them, but the government could not undertake to locate them in isolated places.

CONTINUES TO GAIN HEALTH

Mrs. McKinley's Condition Steadily Grows Better—President Will Remove Her From Washington Soon and Remain Away During the Heated Term.

WASHINGTON, June 17.—Mrs. McKinley's condition continues to improve and there was no consultation of physicians at the White House today. Surgeon-General Sternberg, one of the consulting physicians, left for the Philippines today, and Dr. Pixey did not consider it necessary to call in Dr. Johnston, the other consulting physician. If the present improvement goes on it is expected that Mrs. McKinley will be able to travel soon after July 1st. The president will then accompany her to Canton, where the McKinley home has been made ready to receive her. How long the President and Mrs. McKinley will remain in Canton will depend upon the benefit Mrs. McKinley receives from her stay at her old home.

After she has been there for some time, if the weather is oppressively warm and her physician recommends a change, the president probably will take her to some quiet place in the mountains or at the seashore. In any event, when the president departs for Canton with Mrs. McKinley, early in July, it will be to remain away from Washington for the remainder of the heated term. He might return for a day or two once or twice during the summer, but he will not again take up his abode at the White House until Fall.

Chicago Servant Girls to Form a Union

CHICAGO, June 17.—Union labor is to take a hand in the servant girl problem in Chicago. It has been decided by the local branch of the Woman's International Label League to start a vigorous crusade for the organization of the thousands of girls whose work is in the homes of Chicago. The announcement of the league's decision was made on the floor of the Chicago Federation of Labor by Miss Sophia Becker, of Shoe Stitches' Union, and was received with applause by the delegates to the assembly. Miss

Becker told the delegates in the federation that committees have been appointed and that the work of organizing the union will begin at once. The union will announce a regular scale of wages. An eight-hour day will be declared in vogue, with extra pay for holidays and overtime. The number of afternoons which each servant girl may have for recreation each week also will be stipulated. It was estimated that there are more than 60,000 girls and women in Chicago willing and eligible for this new movement. They will work in sympathy with affiliated organizations of female labor.

Joining the Boers.

NEW YORK, June 17.—The situation in South Africa is far from satisfactory just now to Englishmen, says the Tribune's London correspondent. It is believed that the Boers are gaining many recruits from the Dutch districts of Cape Colony, and in spite of Mr. Chamberlain's calm assertion that the embers of war are only smoldering, it looks very much as if they had burst into flame.

A question will shortly be put in the liberal benches in the house of commons as to the proposed suspension of the constitution in Cape Colony. There is a general belief that Mr. Chamberlain and Lord Milner will hesitate before taking this step. Lawyers are of the opinion that the only way it can be legally accomplished would be by an act of parliament, and in the present state of public business the government will scarcely care to invite opposition on such an issue.

Miner Murdered His Wife.

BUTTE, Mont., June 17.—William M. Brown, a miner employed in the Speculator mine, this morning murdered his wife by cutting her throat with a razor, and then made an unsuccessful attempt at suicide by gashing his own throat from ear to ear. Mrs. Brown died instantly, and the murderer is now in the hospital, with a prospect of recovery. Jealousy is the supposed motive for the crime.

Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion and biliousness. Doctors were scarce and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's prize almanac. Clarke & Falk's.
