Ed Kurtz today shipped to Henry E.
Doseh, commissioner from Oregon to
the Pan-American exposition, a crate of
Royal Ann cherries he procured from
the Robert Cooper orchard on Dry Hol-
low. They were a magnificent sample
of this delicious fruit, even for the
Dalles whose cherries are second to none
in the universe. If they arrive at their
destination in good condition, as it is
hoped they will, we shall hear from
them. By the way, whose fault is it
that this is the first shipment of any
kind of fruit to the exposition from The
Dalles?

Last Friday Miss Katie Davenport
closed a most successful term of school
at Mosier, with exercises of unusual
merit. The whole neighborhood turned
out to enjoy the day. It is safe to say
that the expectation of every one was
fully realized. A basket dinner was
served on the ground after which all re-
turned to the house where for two hours
they listened with much pleasure to our
future Websters and Florence Nightin-
gales, every pupil taking part acquit-
ting himself or herself in the most
creditable manner. The room was
tastefully decorated with flags, flowers,
and black-board drawings, which evince
much skill on the part of the teacher.
It is only justice to say that the entire
work has reflected the greatest credit
upon Miss Davenport who leaves next
Thursday to attend the Portland Busi-
ness College.

The Enderby school closed last Fri-
day after a five months term. The last
day was spent by teacher, pupils and
friends in the woods of upper Eight-
Mile about nine miles above Enderby.
One feature of the day which requires
special mention was the trip to and
from the picnic grounds, each one's at-
tention being called to the sun above
and the roads beneath. An interesting
program was rendered by the pupils a
ter which a picnic dinner, which can
only be gotten up in the country, was
thoroughly enjoyed by all. They all
reached Enderby late in the evening,
tired and dusty, but all declaring they
had a fine time. A handsome library
case has been added to the furniture of
the Enderby school which is the pride
of both teacher and pupils and adds
greatly to the appearance of the school-
room.

The following is the section of the
city ordinance relating to the explosion
of firecrackers and other explosives
within the limits of Dalles City. THE
CHRONICLE publishes the ordinance at
the request of property holders and the
marshal instructs us to say that he is
fully determined to enforce it until
otherwise ordered by the proper au-
thorities: That any person or persons
who shall fire or explode any firecrack-
ers, bombs, torpedoes or any other ex-

plosive within Dalles City, shall be
guilty of a misdemeanor, and upon con-
viction thereof before the recorder, shall
be punished by a fine of not less than
five dollars nor more than twenty-five
dollars, or by imprisonment not exceed-
ing twelve days. Provided that this
ordinance shall be suspended in its
operations by a permit signed by the
mayor and recorder.

The CHRONICLE is very much pleased
to learn that the account in yesterday's
paper concerning the runaway accident,
near the Mount Hood school district, in
which it was said that the victim, Mrs.
Maggie Reid, was dragged a distance of
two miles and a half and left uncon-
scious, is very much exaggerated. This
much is true, as was learned last night
by direct communication with the fam-
ily by telephone: The horse that Mrs.
Reid was riding home from school ran
away with her, and after galloping
between two and three miles, during
which Mrs. Reid stuck fast to the saddle,
the animal fell and rolled over on the
rider. Mrs. Reid was, of course, badly
shaken up and considerably bruised in
numerous places, but strange to say no
bones were broken and she was not un-
conscious for a moment. In a few days
she was able to be around the house as
usual, although there are still numerous
sore spots that remind her of her almost
miraculous escape from broken bones, if
not death.

PERSONAL MENTION.

Mrs. Bethune, of Boyd, passed through
town yesterday on the way to St.
Martin's Springs.
Mrs. J. F. Haworth and children have
gone to Portland on a visit to Mr.
Haworth's mother.
Clinton Alden, brother of Capt. Alden
of the Regulator, was a passenger on
this morning's boat for Stevenson.
George Anderson, of Chenoweth creek,
left on the Regulator this morning for a
short stay at St. Martin's Springs.
J. Malone, of Antelope, is in the city
on his way home from a visit to his
former home at Petaluma, California.
Miss Bess Isenberg, who has been
visiting friends in this city, returned to
her home at Hood River on this morn-
ing's boat.

Mr. and Mrs. Alex Scott and family of
Grass Valley arrived here today on the
way to Ocean Park where they expect
to spend the summer.

Volney Driver left on this morning's
boat for Portland to submit to the ex-
amination, which convenes tomorrow,
for a naval cadetship.

Leon Hunting, postmaster and mer-
chant at Collins Landing, came up here
this morning on the Iralda and went
back on the return trip.

Ex-State Printer Frank Baker came
up from Portland today by rail and left
on the Iralda for Bingen, from whence
he will proceed to Trout Lake, where
his family has been camping for two or
three weeks.

BORN.

This morning to Mr. and Mrs. I. C.
Nielsen of this city, a daughter, the
seventh in a family of ten, all of whom
are living save one, a boy, who died in
infancy.

The Small Boy and His Firecracker.

This is the time of year when the
small boy and his firecracker will bear
watching. About 1 o'clock this morn-
ing William McCrum was awakened by
a choking sensation and the moment he
became conscious he discovered that his
bed-room was full of smoke, while a
slight blaze had penetrated through the
floor, close to the west wall. Mr. Mc-
Crum's bed-room is back of his carpenter
shop, and immediately back of the room
is a covered alley in which the delivery
horse of Mr. Duncan, the grocer, is kept,
the ends of the alley being enclosed by
gates. Mr. McCrum jumped out of bed
and threw what water was immedi-
ately at hand on the blaze and then ran
outside to discover the source of the fire,
which he found to be in the board wall
of the basement under his bed-room.
The call of fire brought a number of
persons from adjoining houses to his
relief, when the gate of the alley or
horse shed was broken in and the fire
soon extinguished.

An examination of the premises made
it clear that the fire had started in the
horse manure and damp bedding of the
shed, and had probably smoldered for
hours before it caught in the plank wall
of the basement. There is no reason
to imagine that it was started by an
incendiary, and the probable theory of
its origin is that it started from a fire-
cracker that had been thrown into the
shed by some thoughtless boys who
wanted to see the horse jump when the
craker went off. At any rate some lads
who had been caught doing this very
thing yesterday afternoon were detected
in the act and driven away from the
place by Engineer George Brown, of the
fire department.

It was a close call for Mr. McCrum,
and had he not providentially waked up
when he did he would in all probability
have been suffocated or burnt to death.
The incident ought to serve as a warn-
ing to the citizens to look out for the
small boy and his firecracker, till the
agony of the Fourth is over.

Stockmen's Attention!

Owing to the fact that the Eastern
Oregon Banking Company, of Shaniko,
Oregon, is situated at the entrance and
outlet of the largest and best stock-
raising country in Oregon, inquiries are
constantly being made here by buyers
in regard to the amount of stock for sale,
the prices asked, and where the same
can be obtained.

In order to be of some accommodation
to the stock raiser and to keep ourselves
well informed, we should appreciate
very much to have them send us, at any
time, a list of their marketable livestock
and postoffice address, that we may
enter the same in our list kept for that
purpose; and if at any time they wish
to obtain any information in regard to
the market or to know when buyers
will be here, a letter addressed to F. T.
Hurlburt, cashier, Shaniko, Oregon, will
be answered promptly and will contain

all the information and news at our
command.

NOTICE.

Notice is hereby given that the co-
partnership heretofore existing between
W. Wallace Wilson and L. Y. Hong in
this city under the name and style of
the W. W. Wilson Co., has been dis-
solved by mutual consent of both
parties and that Mr. W. Wallace Wilson
will retire from said business and that
Mr. L. Y. Hong will continue said busi-
ness and will pay all debts contracted by
and that are due from said firm, and
collect all money due to said firm.
Dated at Dalles City this 25th day of
June, 1901.

L. Y. HONG,
W. WALLACE WILSON.

Does It Pay to Buy Cheap?

A cheap remedy for coughs and colds
is all right, but you want something
that will relieve and cure the more se-
vere and dangerous results of throat and
lung troubles. What shall you do? Go
to a warmer and more regular climate?
Yes, if possible; if not possible for you,
then in either case take the only reme-
dy that has been introduced in all civil-
ized countries with success in severe
throat and lung troubles. "Boschee's
German Syrup." It not only heals and
stimulates the tissues to destroy the
germ disease, but allays inflammation,
causes easy expectoration, gives a good
night's rest, and cures the patient. Try
one bottle. Recommended many years
by all druggists in the world, and sold
by Clarke & Falk. Get Green's prize
almanac.

Dyspeptics cannot be long lived be-
cause to live requires nourishment. Food
is not nourishing until it is digested. A
disordered stomach cannot digest food,
it must have assistance. Kodol Dyspep-
sia Cure digests all kinds of food with-
out aid from the stomach, allowing it to
rest and regain its natural functions.
Its elements are exactly the same as the
natural digestive fluids and it simply
can't help but do you good. Clarke &
Falk's P. O. Pharmacy.

Why not spend the vacation at Ya-
quina Bay, where can be had excellent
fare, good fishing, good boating, safe
bathing, amusing rides and rambles.
The courses and exercises at the summer
school of 1901 at Newport will afford
great variety of instructions, diversion
and entertainment. No other resort
offers equal attractions and like advan-
tages.

Drop into Mays & Crowe's store and
see the Perfection oil stove work. It is
simply perfect. One valve does the
whole work. No complicated parts to
get out of order. Cheaper than wood.
No hot kitchen. There are no others
just as good. Investigate before buying,
for these stoves are not sold by any
other firm in The Dalles. 19-1f

If you want to retain your hair you
have to keep your scalp clean. Soap
will make your hair harsh, dry and
crispy. Now we have two of the very
best preparations for cleansing the
scalp—Egg and Pine Tar Shampoo. It
will leave your hair soft and glossy.
Price, 25 and 50 cents a bottle, at Frazer's
barber shop, The Dalles. 1f

Dyspepsia can be cured by using
Acker's Dyspepsia Tablets. One little
Tablet will give immediate relief or
money refunded. Sold in handsome tin
boxes at 25 cts. Blakeley the druggist.

If anything ails your hair, go and see
Frazer; he's the headquarters for all
hair remedies. Remember that he
makes a specialty of these goods. 1f

A surgical operation is not necessary
to cure piles. DeWitt's Witch Hazel
Salve saves all that expense and never
fails. Beware of counterfeits. Clarke &
Falk's P. O. Pharmacy.

It is rumored that a very rich strike
in oil has been made near Pendleton,
and the housewives of The Dalles have
struck just the thing in oil stoves at
Mays & Crowe's. 19-1f
