Steamship Lusitania. With 500 Passengers Aboard, Crashes on Rocks During Heavy Fog.

St. John's, N. F., June 26.—The Orient Steam Navigation Company's steamship Lusitania, Captain McNay, from Liverpool, June 18th, for Montreal, having 500 passengers on board, was wrecked last night off Cape Ballard.

The Lusitania was bound round Cape Race for Montreal, with a large cargo and a shipload of passengers. She mistook her course in a dense fog, and went ashore near Renew's, twenty miles north of Cape Race, before daybreak. The ship ran over a reef, and hangs against a cliff. The passengers, who are mostly emigrants, were panic-stricken. They stampeded and fought for the boats, but were overcome by the officers and crew. The rougher element among the passengers used knives. The women and children were first landed, and the men followed. The crew stood by the ship. A heavy sea was running, but at latest advice the Lusitania was holding her own. It is thought that she will prove a total wreck.

The passengers of the Lusitania had a terrible experience. The first knowledge which they had of the disaster was when, owing to the ship scraping over the rocks, they were hurled from their berths by the shock. A scene of great excitement ensued. Five hundred people were clamoring to escape while the crew tried to pacify them and launch the boats. The male passengers in their attempt to seize the boats, trampled the women under foot and fought the crew with knives. Some of the more cool-headed of the passengers assisted the crew in the efforts to get out the boats. One boat was upset and its occupants were immersed. It is supposed that some of these were drowned. Another boat, having on board twenty passengers, is supposed to be adrift in the fog, and this may have given rise to the report that twenty persons were drowned by the upsetting of a boat. The women and children, almost nude, were pulled up the cliffs by the coast people.

This morning the unhappy passengers, after shivering for hours on the hilltop, tramped weary miles to reach the houses of the fishermen, where they are now sheltered. Previous to reaching the cliffs, the passengers passed two hours of terrible anxiety on the wreck. As a furious rainstorm and heavy sea raged all night, it is feared the Lusitania will be a total wreck. The last reports received here said the steamer was breaking up, that her foreholds were full of water and that her cargo was being salvaged. There is hope of saving the effects of the passengers, as, where possible, they were stowed above decks. Six steamers are now on their way from here to the scene of the wreck. It is expected that the 500 passengers will be brought here tonight.

**Danish King Greets President McKinley**  
WASHINGTON, June 26.—Mauritz S. Swenson, minister of the United States to Denmark, called on the president to convey the greetings of King Christian IX and to express to the chief executive of this country the heartfelt congratulations of Denmark's ruler that Mrs. McKinley is recovering. The king of Denmark greatly admires President McKinley, and when he learned that Minister Swenson was coming to this country to spend his vacation, he requested that his congratulations and best wishes be personally extended to the president.

**Heartly Reception at Rotterdam.**

ROTTERDAM, June 26.—Mr. Kruger, president of the late South African republic, was welcomed at the railroad station on his arrival here today by the Burgomaster deputations from numerous societies and many ladies. Two bands of music on a platform played the Transvaal anthem, and hundreds of workmen's societies were drawn up along the streets leading from the station to the town hall, to which Mr. Kruger was driven, escorted by a guard of former Transvaal officers. An official reception followed. Great enthusiasm was manifested everywhere.

In a speech of welcome at the town hall the Burgomaster spoke of the similarity between the Transvaal and Dutch struggles for liberty, and said Rotterdam wished through Mr. Kruger to pay homage to the little Boer nation which had shown such faith and confidence in its own strength.

Mr. Kruger, in a brief reply, deplored the fact that his country was cut off from supplies and ammunition, whereas the Dutch had their own supplies during their struggles. He was fully convinced the Lord would deliver his country in His own good time. A luncheon followed the delivery of the speeches.

**Apple Is King.**

ASTORIA, June 25.—A. N. Judd, a prominent fruitgrower of Watsonville, Cal., is in the city, having come North to look over the fruit situation in Oregon. He will visit Hood River and other sections of the state. According to Mr. Judd the apple is king in California now, and is being more extensively cultivated than any other deciduous fruit. Last year the Parejo valley, in which Mr. Judd resides, turned out 2300 carloads of apples, while this year the output, he says, will be fully 3000 carloads.

"The outlook for other deciduous fruits is gloomy," says Mr. Judd, "on account of frosts. The prune market is demoralized, and growers are digging up prune trees to plant apple trees. When the prune-growers' trust, including Oregon growers, first organized, prunes were held at 8 cents. The price went down 2½ cents, and then to 2 cents, and finally reached 1½ cents. As a result of these low prices the industry is not at all prosperous."

**Fatal Fall.**

WALLA WALLA, June 26.—J. P. Jones, the well known contractor, met with a fatal accident this morning while working on the old Day building, corner of Third and Main streets, of this city. A

scaffold had been erected to repair the cornice of the building and the unfortunate man was at the extreme top of it when the brace gave way, precipitating him to the stone sidewalk below, a distance of forty feet. A fellow workman, Bob Saddle, fell at the same time, but at a point six feet below he caught to a projecting board and saved his life. Mr. Jones died while being taken to the hospital. He leaves a wife, a son and two daughters.

Mr. Jones was Eminent Commander, Washington Commandary, Knights Templar, of Walla Walla.

**Strikes A Rich Find.**

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H., "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run-down women. No other medicine can take its place in our family." Try them. its effort to stamp out the sheep scab, which has proved such a terror to sheep-owners in every part of the West. Special agents of the bureau have been sent into every sheep-raising state, where they are working along the lines of the railroads. Aside from recommending remedies to the sheep-owners, these agents are cautioning them against allowing infected animals to mix with the herds. They are also throwing out precautions to prevent the transportation of infected animals from one point to another, hoping in this way to prevent the further spread of the disease. It is said the disease can effectually be stamped out in time, if the sheepmen will but co-operate and use their best efforts in this direction. No reports have been had indicating the progress or success this season.
