

DEMOCRATIC VIEW.

How the New York Journal is coming to its senses: remarks the Walla Walla Union. In the last campaign it was the main howler for the Bryan party, but see what it now has to say about the Philippines:

"The American republic, one hundred and twenty-five years old, greets its little boy, the newly-born free government of the Philippines. After two years and a half of misunderstanding, bloodshed and misery the outlook is bright for the harmonious co-operation of Americans and Filipinos in building up a state that will be in all essentials a republic, and yet a loyal and happy member of the American family."

We may see the Journal in the ranks of the republican party before another presidential election rolls around, but if it can do the republicans no more good than the democrats it will not be much of an acquisition.

Announcement is made that President Kruger has abandoned his proposed trip to America, and the Tacoma Ledger rightly suggests that he could not have done better. There is sympathy in this country for the Boer cause, but there is none for Kruger. He is viewed as wholly apart from the brave men who have been fighting for months. He was responsible for conditions that brought on war, and at the first sign of danger he ran away. While in power he had ruled in a fashion that made him rich. He was, in the guise of simplicity, an autocrat. He was a monopolist of most grinding type. In the eyes of the world he long ago ceased to represent the Boers. If they could save the remnant of their country he will find himself persona non grata there. Not even the fervid bulletins of Dr. Leyds could arouse any enthusiasm for him. In the beginning many people of the United States were favorable to England, but they admire men who will fight for rights, or for what they deemed to be rights. Therefore, many hope the Boers will succeed, although there is no basis save sentiment for such a hope. But they have cut Kruger from their list. They do not admire him and do not wish to see him. They like the rugged type of De Wet, and they have regard for the sort of patriot who does not run away.

THE CHRONICLE is in hearty accord with the Pendleton East Oregonian and Baker City Democrat in their demand that Eastern Oregon republicans shall insist that their district shall have an equitable share in the nominations for state offices at the next republican state convention, and that they shall, especially, insist in the nomination of an Eastern Oregon man for governor; but THE CHRONICLE never dreams for one moment that these esteemed democratic contemporaries would support an Eastern Oregon Apostle Paul for governor if he were the nominee of the republicans. When these two papers shall have helped to elect a republican governor for Oregon, the last excuse for postponing the millennium will have vanished from the earth.

When the "Eastern Oregon Association" is formed, the Chronicle and its Dalles friends won't be in it. The Pendleton Tribune, Baker Republican and other strictly "Eastern" Oregon papers claim that Eastern Oregon has not even a congressman, because, they allege, "The Dalles is only a suburb of Portland." So it is easily seen that the effort of the Chronicle to crawl in under the canvas of the "Eastern Oregon" tent won't be tolerated.—Salem Statesman. But the CHRONICLE isn't trying to crawl under the canvas. The

Dalles was in Eastern Oregon before Pendleton and Baker City were ever heard of. It isn't a question of crawling anywhere but of putting us out when we are a permanent fixture on the ground floor.

Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion and biliousness. Doctors were scarce and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's prize almanac. Clarke & Falk's.

NOTICE TO THE PEOPLE. Which Will Be For Their Own Benefit if Heeded.

Before buying any tombstones or any cemetery work come and see Mr. Comini. Don't let any one bluff you with their slick talk. They know nothing about the business and run down the poor mechanic. They try to make you believe that their work is durable. Before you give your order let Mr. Comini take you out to the cemetery and show you what kind of work he puts up and give you his prices for similar work. Don't be in a hurry to give your order, but first give Mr. Comini a chance to figure on your work. You will find by asking any one who has had business dealings with Mr. Comini that all of his work is of first-class quality, just as he represents it to be, and that his prices for such work are very low.

NOLAN'S Profit-Sharing Association still goes on. Weekly presents continue as last month, but before announcing presents to be given away August 3rd I desire to correct an error. The impression prevails that because I do not keep a poor brute standing at my door 16 hours a day to do 2 or 3 hours work that I do not deliver goods. The fact is I deliver goods in my line to more people every day than all other dealers in the same line combined, and any person who feels inclined to secure some of the bargains I offer can rest assured that the order will be attended to carefully and promptly delivered by some one of the numerous expressmen who pay a license for delivering goods in the city and deserve to be patronized. M. T. NOLAN.
