

Do You Cough?

I guess I used to be like everybody else. When I caught cold, I just let it alone, thinking it would cure itself. A few days later, however, it had become a coughing fit and I was sometimes unable to get a breath. I tried all kinds of remedies, but nothing helped. I was getting weaker and weaker, and the coughing fit was getting worse and worse. My throat seemed to get weaker, and the least change in the weather started the coughing again. The last cold was the most severe of all. I was really frightened. Cough drops and home remedies did no good. A friend told me about Acker's English Remedy. I bought a bottle, and you never saw the like of the way it acted. Before the bottle was gone I was well. My throat felt as strong and well as ever. I think Acker's English Remedy so strongly relieved the inflammation of the throat that it caused the change in temperature, and the inflammation of the throat as well.
