STRIKING OF STEEL WORKERS

Amalgamated Association Controls the Situation—Many Men Are Out of Work.

PITTSBURG, July 15.—Reports received from all sources connected with the great strike of the steel workers today, indicate that the members of the Amalgamated Association have matters well in hand, and the strike order was generally obeyed. Telegrams from the various points where the mills of the American Tinplate Company, the American Steel Hoop Company, and the American Sheet Company are located, tell of the shutting down of these plants in large numbers. In many cases the plants had been shut down by the first strike order, which affected the sheet steel and steel hoop companies only. The last order brought out all the union plants of the American Tinplate Company, with the single exception of the new mill in Monessen, which is still running. At the Amalgamated Association headquarters it is stated that the figures given out Saturday night regarding the number of men who will be actually idle in the mills of the three companies, have proved correct. The number was placed at 74,000. In addition to a very general and, in some instances a rather unexpected compliance with the strike order, the Amalgamated Association tonight added two more mills to its list, both of which were claimed by the companies to be beyond the reach of the organization.

Organizing a Thrashing Trust.

BAKER CITY, July 16.—Thrashing machine operators of this valley are banding together to raise the price for thrashing grain. To meet this move there is a sentiment among the farmers that a pool will be formed by wheat growers for the purpose of acquiring their own machines if prices are raised on them. The organization by thrashers was to have been perfected today. Farmers state if a thrashing trust is formed, they will immediately form to fight it.

Seven Hundred Lives Lost.

TACOMA, July 15.—Oriental advices give details of terrible destruction of human life that occurred in Northern Java last month by a sudden and terrific outburst of the volcano Klot. For 50 miles around all the coffee plantations and other estates were destroyed by showers of ashes and stones, together with great streams of lava and hot mud. Seven hundred natives and a number of Europeans perished. The lava also consumed the superintendent of the estate and about 25 coolies. Many coffee estates in the neighborhood were destroyed. The country around was strewn with corpses.

When your hair appears dry and to have lost its vitality it wants something to give it life and vigor. We have what the hair needs when it gets in that condition. We have the Crown of Science Hair Grower and Coconut Cream Tonic. They will cure dandruff and all scalp diseases. For sale at Frazer's barber shop. Price 50c and 75c a bottle.

Does it Pay to Buy Cheap?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world, and sold by Clarke & Falk. Get Green's prize almanac.

Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size. Ely Brothers, 56 Warren St., N.Y. The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.

Catarrh Cannot Be Cured. with local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials, free.

Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion and biliousness. Doctors were scarce and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's prize almanac. Clarke & Falk's.

A Deep Mystery.

It is a mystery why women endure Backache, Headache, Nervousness, Sleeplessness, Melancholy, Fainting and Dizzy Spells when thousands have proved that Electric Bitters will quickly cure such troubles. "I suffered for years with kidney trouble," writes Mrs. Phebe Chery, of Peterson, Ia., "and a lame back pained me so I could not dress myself, but Electric Bitters wholly cured me, and, although 73 years old, I now am able to do all my household work." It overcomes Constipation, improves Appetite, gives perfect health. Only 50c at G. C. Blakeley's drug store.

Tot Causes Night Alarm.

"One night my brother's baby was taken with Croup," writes Mrs. J. C. Snider, of Crittenden, Ky., "it seemed it would strangle before we could get a doctor, so we gave it Dr. King's New Discovery, which gave quick relief and permanently cured it. We always keep it in the house to protect our children from Croup and Whooping Cough. It cured me of a chronic bronchial trouble that no other remedy would relieve." Infalible for Coughs, Colds, Throat and Lung troubles. 50c and \$1.00. Trial bottles free at G. C. Blakeley's drug store.

A Threatened Famine.

St. PETERSBURG, July 2.—(Correspondence of the Associated Press.)—Large parts of the empire are again threatened with famine. The last official report which has just been published was dated June 21. Since then not a drop of rain has fallen in the eastern province, and it is believed the crops are now largely beyond hope in many districts. The Provinces of Samar and Saratoff will probably witness a recurrence of the dearth of two or three years ago. Crop failure in these provinces is particularly dreaded on account of the ignorance and helplessness of the Bashkirs and Tartars who make up a considerable part of the population there.

The newspaper Volgar states that from all sides reports are coming that both Winter and Summer grain are beyond hope of salvation, even should there be superabundant, and no hay at all will be harvested. Since early June the temperature has been about 101, and no rain has fallen. The fields are burned and brown, and the feeding of cattle and horses has already begun to be a problem. The same kind of reports are coming from the Province of Kazan. The Volga Provinces have already been visited by two severe famines during the last 10 years, and the population has lost whatever power it once possessed to withstand famine.

Masonic Function in England.

NEW YORK, July 15.—Wednesday, says the Tribune's London correspondent, an impressive Masonic function will take place in England. This will be the installation of the Duke of Connaught as grand master of the United Grand Lodge of England in succession to the king, who presided over the craft for 26 years. The coronation will be the same as when the Prince of Wales was placed on the throne of the Grand Lodge by John Fawcett, of the province of Durham, and it will be conducted at Albert Hall in the presence of 10,000 Masons, who are either masters or wardens of a lodge or members of a past or present Grand Lodge.

Cuba's Good Showing.

NEW YORK, July 15.—Independent Cuba will begin business, says a Washington dispatch to the Herald, with a bonded indebtedness of only \$122,400 resulting from the clause in the new constitution pledging the Cuban Republic to the payment of the bonds issued by authority of the revolutionary government during the war with Spain. There has been considerable doubt as to the amount of this

indebtedness, but unless some of the bonds were issued just before or since the intervention of the United States the figures are correct.

Representative W. A. Smith, of Michigan, has just made public a letter which he received from Senor Guerra, treasurer of the revolutionary government just before the beginning of the war between the United States and Spain, which has never been communicated to any one except the members of the foreign affairs committee of the house of representatives. In this letter Senor Guerra says that the revolutionary government issued a total of printed bonds amounting to \$3,145,600, and that the total of the bonds disposed of was \$122,400, leaving bonds in the amount of \$3,023,200 in his possession as treasurer.
