**Will Plead Guilty.**  
NEW YORK, July 17.—It is stated on high legal authority in London that Earl Russell will plead guilty to the charge of bigamy when his case comes up before the house of Lords, says the London correspondent of the World. The Earl has been advised to take this step. If he follows the advice, the proceedings will be brief, consisting simply of a statement to the prosecution and a plea in extenuation of the defense.

**Interesting Naval Maneuvers.**  
New York, July 17.—A dispatch to the Tribune from London says: The mobilization of two fleets at Portsmouth and Devonport for naval maneuvers of exceptional interest, serves to divert public attention to the inglorious and protracted war in South Africa. The channel fleet and the reserve squadron will be pitted against each other in an ingenious scheme of paper warfare devised by the Admiralty, and two admirals will try to outmaneuver each other. Both fleets were rapidly mobilized and the cruise will be followed by the nation from day to day with pride and interest whether one admiral or the other succeeds in breaking through the official scheme, based almost too obviously upon the strategic value of Gibraltar and the possibility of a French fleet getting ahead of an English fleet in reaching the goal.

The two squadrons are not evenly matched. One is much faster and stronger than the other. The naval maneuvers are more elaborate and costly than those conducted in recent years. It is Lord Selborne's first attempt to exploit the resources of the British navy, and he is not counting the cost. Possibly the government considers it expedient to make a big naval demonstration at a time when British military prestige has suffered from the tedious conflict with the boers.

grain the header may be seen. During the past few weeks hundreds of men have passed through this city, but the streets have again assumed much of their old-time appearance, although idle men can be seen on the streets. In a few days the demand for men will be stronger, and every one who wants work will be able to find it. But little grain has been cut, and in most cases the headers are just now beginning to run nicely. Some patches have been cut, and a car or two of wheat shipped, but that is all. Little can be said of the crop, but it is generally conceded that the yield will be very good.

**Toil Causes Night Alarm.**  
"One night my brother's baby was taken with Croup," writes Mrs. J. C. Snider, of Crittenden, Ky. "It seemed it would strangle before we could get a doctor, so we gave it Dr. King's New Discovery, which gave quick relief and permanently cured it. We always keep it in the house to protect our children from Croup and Whooping Cough. It cured me of a chronic bronchial trouble at no other remedy would relieve."

**Italy is Investigating.**  
WASHINGTON, July 17.—The Italian Government has taken cognizance of a recent affray at Erwin, Miss., in which it claimed two Italians were lynched and a third seriously wounded. The facts have been communicated to the Foreign Office at Rome and the Italian Embassy here has made representations to the State Department. At the same time the Italian authorities are pursuing an investigation of their own through their Consul at New Orleans, and their Consular Agent at Vicksburg, Miss.

**Question Answered.**  
Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion and biliousness. Doctors were scarce and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Green's prize almanac. Clarke & Falk's. 1

**Harvest Is On.**  
WALLA WALLA, July 17.—Today about 2000 men are employed in harvesting the wheat crop of Walla Walla County, and in a few days more another 1000 will be added to the number. Harvesting is on in earnest, and in most of the fields of fall
