## SUICIDE OF JOHN C. LEASURE

Sick and Penniless He Takes His Life in a San Francisco Lodging House —Prominent in Oregon Politics.

SAN FRANCISCO, July 19.—John C. Leasure, a well-known attorney of Portland, Or., took his life today in a lodging house at 27 Grant Avenue by swallowing the contents of a vial of carbolic acid. Despondency because of business reverses and inability to secure employment was the cause. In the room were two letters, one addressed to the coroner and one to Leasure's wife. The letter to the coroner read as follows:

"No inquest is necessary. This is my own deliberate act. I am a member in good standing of Portland Camp, Woodmen of the World. Let the Woodmen take charge of my remains until the funeral arrangements are made. Letter addressed to Mrs. Leasure mail without opening, as it is private matter. Please mail at once. Wire Edward Holman, corner of Fourth and Yamhill streets, Portland, Oregon; William H. Leasure, Moscow, Idaho, and William H. Blakeley, Pendleton, Or. Do this at once and send messages 'Collect' and they will be paid. Notify the head office of the Woodmen as soon as possible. The button on the coat is a picture of myself and wife. No family troubles, but despondency of long standing from business reverses the cause. Please carry out these instructions, and oblige.

Most respectfully,  
JOHN C. LEASURE."

Last Wednesday evening Leasure called at the lodging house and asked the landlady for a room. He was shown one for 50c per night and handed the landlady two baggage checks, saying at the same time, "Tomorrow I am going to the bank to get some money."

The next day the landlady called at his room to collect the rent, but he told her he was sick and that he did not wish to be disturbed. Today two strangers went to his room to visit him. They reported to the landlady that they had found him dead. Among his papers was found a letter from United States Senator Mitchell, dated at Portland, Or., stating that he did not know of any opening for Leasure, that there might be some judgeships to be given out in the Philippines, but that there were also many applicants for the positions. The writer said further that he would confer with Representative Moody and endeavor to get Leasure something to do.

It overcomes Constipation, improves Appetite, gives perfect health. Only 50c at G. C. Blakeley's drug store. 3

### Conference of Ohio Populists.

CINCINNATI, July 19.—J. A. Parker, chairman of the people's party national committee, has issued a call for a conference of Ohio populists and all those who favor the amalgamation of all independent reform forces into an allied party to meet in Columbus, July 30, for the purpose of placing a state ticket in the field for the gubernatorial election. He has also issued a call for a national conference of populists and others to be held in Kansas City, September 17 to 19, for the purpose of allying all reform parties which agree with the amended populist platform.

A call has been issued for a conference in Columbus July 31, of those democrats who oppose the platform adopted at the democratic state convention last week, "because it does not mention Bryan, free silver or the Kansas City platform." This call for a conference of the populists, the night previous to the conference of "dissenting democrats," is considered a movement for an attempt to form a fusion party for the pending election in Ohio.

### Plot to Overthrow French Republic.

LONDON, July 19.—The Pall Mall Gazette today publishes a communication from its Paris correspondent, giving circumstantial details of an alleged conspiracy to overthrow the French Republic and install Prince Louis Napoleon as Emperor. The correspondent is assured that September 14, upon which date the Emperor intends to promote Prince Louis to a full generalship in the Russian Army, had been selected as the occasion for a demonstration to support the claims of this Prince, who is such a close friend of the Russian ally of France.

The names of M. De Roulede, the Marquis de Lur-Saluces and M. Marcel-Habert are mentioned as the leading spirits of the movement, and several high functionaries of the present government are alleged to be assisting the movement with funds.

### To Retain Morro Castle.

NEW YORK, July 19.—In addition to the other bases of supplies demanded in the Platt amendment it is the intention of the administration to retain permanently Morro Castle overlooking the harbor of Havana. This, the Washington correspondent of the World says is announced on the highest authority. It is the intention to occupy the stronghold with United States troops after the government of the island has been handed over to the Cubans. The plan is to equip

the fortress with modern artillery so that Cuba may be assisted in defending herself against outside interference, and also that the United States may thus have guarantee against failure on the part of the Cuban Government to carry out its pledges and terms of the treaty now in course of preparation as between this country and Cuba. Under this treaty the retention of the fortress is provided for.

### Sorry for Poor Frank.

NEW YORK, July 19.—After the trial and conviction of Earl Russell the countess Russell was found at Bray and said, according to the London correspondent of the World:

"I am sorry for poor Frank. That Molly Cook is a dreadful woman. Think of her bearing my title. Just fancy poor Frank going to prison in this terrible heat. It is not true that I am going to marry a curate. I hope to return to the stage in the autumn and am seeking an American engagement."

Lady Scott, the Countess' mother, took another view of the case.

"The sentence is ridiculous," said she. "It should have been five years. Just imagine only three months when I served six months on account of the charge of alleged libel he brought against me. That broke my poor child's heart. I hope soon to see her happily married and then we may go to America to live."

### Killed Her Own Babe.

CHICAGO, July 19.—A special to the Record-Herald, from Phoenix, Ariz., says: While defending herself against drunken Indians, Mrs. Irving sent a bullet through the brain of her babe, which was playing on the floor. The tragedy happened last night in a settler's cabin on the Maricopa Reservation, about 40 miles south of this city.

"Maricopa" Jim, an Indian, accompanied by several young bucks, all of them drunk, attempted to assault Mrs. Irving. After the shooting she escaped from the cabin and, under shadow of darkness, ran to the cabin of another settler, who gave the alarm. An armed force of settlers returned to the scene of the tragedy, but the Indians had disappeared. It is presumed that they fled to the mountains. A posse is in pursuit. There are about 1000 Indians on the reservation.
