## STEEL STRIKE ON FOR GOOD

Latest Order of President Shaffer is Generally Accepted as a Clincher—Trouble Will Not Be Terminated

PITTSBURG, Aug. 7.—With the issue of the general steel strike order of President Shaffer it is generally accepted as a fact that the labor struggle is on "for good" and will not be terminated until one or the other of the contending parties is defeated. Still there are some who express the opinion that the order of President Shaffer will not go into effect and that a compromise will be made before the week is out.

There is no question that the various companies of the United States Steel Corporation will make efforts to start up some of the idle plants immediately and thus prevent the strike, if possible, before its inception. Such a move was made at Clark's plant in this city this morning, and consternation reigned among the strikers in the Lawrenceville district when they learned that Captain Louis T. Brown, general superintendent, had stolen a march on them and started up the 10 and 12 inch mills with about 100 men and boys. Captain Brown says the entire plant will be running before the end of the week. Captain Brown said this morning:

"We had no trouble whenever in securing men. We have many applications on hand and will send out word today to those whom we can give employment just when to report for duty. The 20 inch mill has been running steadily since the strike began, the men operating this one refusing to go out with the strikers."

About the entrance were many men who said they were seeking work. The upper and lower Union mills, of the Carnegie Company, Captain Brown said, are running along quietly, and he does not expect the men to go out Saturday when President Shaffer's order goes into effect. He said the lower mill has not been organized by the Amalgamated, and at neither of the mills has there been any indication that the men will strike. Everything is quiet around all the mills.

Don't be satisfied with temporary relief from indigestion. Kodol Dyspepsia Cure permanently and completely removes this complaint. It relieves permanently because it allows the tired stomach perfect rest. Dieting won't rest the stomach. Nature receives supplies from the food we eat. The sensible way to help the stomach is to use Kodol Dyspepsia Cure, which digests what you eat and can't help but do you good. Clarke & Falk's P. O. Pharmacy.

Alaskan Vengeance Burned.

SEATTLE, Aug. 7.—Reports from Skagway, Alaska, are to the effect that the historic town of Metlakahla, famed for its quaint Indian natives, has been consumed by fire. The last boats returning to this port from the north did not bring word of the catastrophe, which is said to have taken place July 22.

### Unusually Warm Weather.

GRANT'S PASS, Aug. 7.—The warmest weather ever known before in the history of Southern Oregon was recorded in this section yesterday and day before. Today the thermometer has not reached so high a point as the two days previous. On Monday the mercury registered 104 degrees in the shade at Grant's Pass during the afternoon. It was reported that at the same time in Gold Hill, east of Grant's Pass, the temperature lowers and the nights become cool. The warm weather is made more disagreeable by the heavy mantle of smoke that hangs over Rogue River valley. This smoke is the result of the surrounding forest fires in the timber of the nearby mountains.

### Strikes A Rich Find.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H., "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by G. C. Blakeley, the druggist.

### Forest Fires Near La Grande.

LA GRANDE, Aug. 7.—Forest fires are ranging north of the city to such an extent that the smoke completely obscures the mountains. Owners of timber claims and those who have large amounts of dry wood are especially apprehensive as to the extent and locations of the fires. It is feared that much damage will be done.

### Your Face

Shows the state of your feelings and the state of your health as well. Impure blood makes itself apparent in a pale and sallow complexion, Pimples and Skin Eruptions. If you are feeling weak and worn out and do not have a healthy appearance you should try Acker's Blood Elixir. It cures all blood diseases where cheap Sarasaparillas and so called purifiers fail; knowing this we sell every bottle on a positive guarantee. Blakeley the druggist.

Eruptions, cuts, burns, scalds and sores of all kinds quickly healed by DeWitt's Witch Hazel Salve. Certain cure for piles. Beware of Counterfeits. Be sure you get the original—DeWitt's. Clarke & Falk's P. O. Pharmacy.

### Funeral Set For Tuesday.

BERLIN, Aug. 7.—It has been definitely decided that the funeral of the Dowager Empress Frederick will take place Tuesday next, August 13th. The remains will be deposited in the Friedenkirche mausoleum near Potsdam.

LONDON, Aug. 7.—King Edward, Queen Alexandra, Princess Victoria and Prince Nicholas, of Greece, who is the guest of their majesties, will start for Homburg Friday to attend the special services of Empress Frederick, to be held in the presence of the family next Sunday.

A resolution providing for an address of condolence with King Edward and sympathy with Emperor William on the death of the Dowager Empress Frederick, their sister and mother, respectively, was unanimously adopted in the house of commons today. Mr. Balfour, the government leader, in moving the resolution, highly eulogized the daughter, wife and mother, who throughout her life, strove to the utmost to promote mutual comprehension and sympathy between two great nations upon whom so much of the future of civilization depended.

### Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion and biliousness. Doctors were scarce and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's prize almanac. Clarke & Falk's.

### Drowned in John Day River.

HOOD RIVER, Or., Aug. 6.—Alfred Ingalls, the 21-year-old son of James Ingalls of this place, was drowned Sunday in the John Day River while working with a threshing crew from Wasco. The body has not yet been found.

Mrs. S. H. Allport, Johnstown, Pa., says: "Our little girl almost strangled to death with croup. The doctors said she couldn't live but she was instantly relieved by One Minute Cough Cure. Clarke & Falk's P. O. Pharmacy."

Of the product of this well-known brewery the United States Health Reports for June 28, 1900, says: "A more superior brew never entered the laboratory of the United States Health reports. It is absolutely devoid of the slightest trace of adulteration, but on the other hand is composed of the best of malt and choicest of hops. Its tonic qualities are of the highest and it can be used with the greatest benefit and satisfaction by old and young. Its use can conscientiously be prescribed by the physicians with the certainty that a better, purer or more wholesome beverage could not possibly be found."
