### JOHN WINTERS IS THE MAN

Police Believe They Have Vallejo Gold Robber—Officers Still Unable to Locate the Bullion.

SAN FRANCISCO, Aug. 9.—In the opinion of the police the mystery of the theft of \$283,000 from the Shelby Smelting Works at Vallejo Junction has all but vanished. They are convinced that John Winters, or "Buck" Taylor, as he is sometimes known, who is now in custody, is the man who planned and executed one of the most remarkable crimes of the century. Some of the detectives also express the opinion that Winters had no accomplices in the job. While the evidence against the prisoner is thus far purely circumstantial, the officials consider it overwhelming and conclusive. The stolen bullion is yet to be recovered and this, it is thought, will be found buried near Winters' cabin, not far from the smelting works, or sunken in the shallow waters of the bay near by.

Winters, who had been an employe of the smelting company, was missed soon after the robbery, and on the door of his cabin was found a notice reading: "Any one who enters here will be shot." A dark cloth was drawn over the window so that the interior could not be seen. The detectives watched the cabin all Tuesday night, but Winters did not return. Wednesday morning they broke into the house. Here they found many articles tending to connect him with the crime. No drill was found in the cabin, but there was a bolt cutter. In the stove was found the ashes, left by some clothes that had been burned, and a buckle such as is worn at the back of a pair of trousers. Winters, when questioned, admitted he had burned his old trousers, because he did not want them lying around.

Fifty men will go to work today grappling along the bottom of the bay in the hope of locating the gold. The stolen gold is in leather sacks, and should the searchers' irons happen across them it is believed that they may be raised. Meanwhile, another party will continue to dig about Winters' cabin and in the hills.

Don't be satisfied with temporary relief from indigestion. Kodol Dyspepsia Cure permanently and completely removes this complaint. It relieves permanently because it allows the tired stomach perfect rest. Dieting won't rest the stomach. Nature receives supplies from the food we eat. The sensible way to help the stomach is to use Kodol Dyspepsia Cure, which digests what you eat and can't help but do you good. Clarke & Falk's P. O. Pharmacy.

SAIGON, French Cochinchina, Aug. 9.—Prince Henry of Orleans died at 6:30 p. m. today. Prince Orleans is the oldest son of the Duke of Chartres and a cousin of the Duke of Orleans. He was born in 1867 and was not married. The prince had been dangerously ill for some time past. He was on his way to the United States by way of San Francisco, and was to have passed some time at Newport next Autumn. His name has been mentioned as a suitor for the hand of a well known American heiress, and at one time he figured as a suitor for the hand of the eldest sister of the young King of Spain. **Does It Pay to Buy Cheap?**  
A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the ONLY remedy that has been introduced in all civilized countries with success in severe throat and lung troubles. "Boecher's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try ONE bottle. Re-commended many years by all druggists in the world, and sold by Clarke & Falk. Get Green's prize almanac.

**Died on the Scaffold.**  
TACOMA, Aug. 9.—Eben L. Boyce was executed on the fifth floor of the Court-house this morning for wife murder. He slept soundly from 2 to 5 o'clock and even then had hope of a stay of execution. He collapsed when summoned for the march to the gallows, but was revived, and as he stood on the scaffold said: "I am a soldier still." The execution was perfect, his neck being broken by the fall. The drop fell at 7.06 and the heart ceased beating in 14 minutes.

**Salmon Going up River.**  
ASTORIA, Or., August 8.—The run of fish last night continued equally as good for the gillnetters as during the day previous, but the trap men are meeting with a gradual falling off. The fish have at last decided to go up the river, as the reports from the up-river seiners are that they are all making bigger hauls. Among the fish caught by the Baker's Bay traps are a number of silversides and a few sockeyes. Steelheads are beginning to get quite scarce, but the demand for them is not so great as last year or the year previous, on account of the abundance of chinooks.

**Your Face**  
Shows the state of your feelings and the state of your health as well. Impure blood makes itself apparent in a pale and sallow complexion, Pimples and Skin Eruptions. It cures all blood diseases where cheap Sarsaparillas and so called purifiers fail; knowing this we sell every bottle on a positive guarantee. Blakeley the druggist.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H., "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by G. C. Blakeley, the druggist.

AUGUST BUCHLER, Prop.

Of the product of this well-known brewery the United States Health Reports for June 28, 1900, says: "A more superior brew never entered the laboratory of the United States Health reports. It is absolutely devoid of the slightest trace of adulteration, but on the other hand is composed of the best of malt and choicest of hops. Its tonic qualities are of the highest and it can be used with the greatest benefit and satisfaction by old and young. Its use can conscientiously be prescribed by the physicians with the certainty that a better, purer or more wholesome beverage could not possibly be found."
