

A Mother's Plain Words

I suppose you will be astonished when I tell you that six years ago I was in a most dangerous condition with bronchitis and lung trouble, because you can see how well and strong I am now. The attack at that time caused terrible pain in my chest and lungs. I could hardly move, and to sleep caused intense suffering. Someone advised Acker's English Remedy, and I thought I would try it, although I confess that down in my heart I had little faith in it. The first bottle gave great relief, and the second bottle made me the healthy woman I am today. My husband's lungs are weak also, and he cured himself with the same grand old remedy. Our boy and girl have both been saved by it from death by croup. I know this is so for when they were attacked in the night I had a bottle in the closet, and by getting quickly that fatal malady was easily overcome. We always give it to the children when they have a cough or cold, and we would not be without it for anything. My sister will tell you also, if you ask her that it is a medicine that can always be depended upon for all the troubles of the breathing organs. I tell all our neighbors about Acker's English Remedy whenever I get a chance, and there are plenty of people around Mechanicsville, N. Y., where I live, who would no more think of going to bed at night without a bottle of it in the house than they would of leaving their doors wide open. As I look at it, parents are criminally responsible when they allow their children to die under their very eyes with croup, because here is a certain remedy that will conquer the terrible monster every time.

(Signed) Mrs. FLOYD FOWLER.

SEWER NOTICE.

Notice is hereby given that the common council of Dalles City, at a meeting thereof held on Saturday, the 3d day of August, 1901, determined to construct and relay a drain and sewer described as follows, to-wit: Beginning at a point where the center line of Court street intersects the projection of the south line of the first alley south of Fifth street in said Dalles City, and running thence in a northerly direction along, or near, the center line of said Court street and along the line of the old sewer now located in said street, to a point where the center line of said Court street intersects the projection of the center line of the alley between Main and Second streets, in said city, thence westerly to said alley and along the center line thereof and a continuation thereof to the west line of Union street, thence in a northwesterly direction, along the most practicable route, to low water in Mill creek. Said council also at the same time determined that the cost of the construction and relaying of said drain and sewer should be assessed against the property benefited thereby, and declared the present sewer and drain now in existence upon and along the line above described to be in a dangerous condition, and further provided that notice be given of the construction and relaying of said drain and sewer by publication of a notice for two weeks in The Dalles Daily Chronicle, the first publication thereof to be made on Monday the 5th day of August, 1901, and final publication thereof to be on Monday the 19th day of August, 1901, and further determined that said drain and sewer be constructed and relaid as above mentioned immediately after the expiration of the time mentioned in said notice.

All persons interested are hereby notified that said drain and sewer will be constructed and relaid as above determined and provided for.

Hebrides Island for Sale.

It is announced that the duke of Argyll intends to sell three of the most fertile islands of the Argyllshire Hebrides. It is some 12 miles long and four miles broad. My reason for its sale is, these are pretty described in an ancient Celtic legend as "the Kingdom whose summits are lower than the waves." Around the coast there are some 40 ruined watch towers of unknown history and several "standing stones." The duke's factor's house was erected in the middle of the eighteenth century on the site of the venerable ruin of a turreted castle—London Chronicle.

The Value of Shocked Nerves.

Wine for Horses.

The plan of using wine as a portion of the regular ration of farm horses is being seriously discussed in France. The experiment of feeding the animals on a mixture of bran and wine, carried out by one farm, was brought into notice at the last meeting of the Herald Agricultural Society, and a commission was appointed to inquire into the subject—London News.

Dead Timber Burning.

SEATTLE, Aug. 11—Forest fires are beginning in Western Washington. Reports throughout the entire western section of the state are that the yearly conflagrations are breaking out. This year a large amount of dead timber will make fast burning fires, which has never been the case to any extent before. Thousands of acres along the railroads have been killed in former seasons' slow fires. They are now devoid of green brush and ready to go like tinder. Along the Great Northern near the summit of the Cascades, one such fire is now burning.

Drying preparations simply develop dry catarrh.

They dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c size. Ely Brothers, 56 Warren St., N. Y.

The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.
