LIKE RATS IN A TRAP

Fire Catches Men Working in Lake—
 At Least Ten Are Dead and Two Fatally Injured.

CLEVELAND, O., Aug. 14.—Fire early today destroyed a temporary waterworks crib two miles out in the lake, resulting in the death of at least ten men, while two others were probably fatally injured. In addition to a large number of workmen who were in the crib, 11 others were at work in the tunnel leading from it 200 feet below the bottom of the lake. As air, which was pumped from the crib to supply the men working in the tunnel was cut off, it was at first supposed that these men had all perished. Subsequently, however, nine of the men in the tunnel were rescued after heroic work on the part of their fellow workmen. It is said that two men are still in the tunnel, but those rescued state that one of these, Victor Kaufman, of Canton, is dead.

Fire and harbor tugs with rescuing parties on board reached the crib soon after the flames broke out, but when they arrived the structure was a seething mass of flames and all hopes of saving it was abandoned. Men stark naked could be distinguished swimming and floating in the water shouting for help. Others were clinging to ropes which they had tied to the rafters, but the flames were burning the ropes away, and one by one the men were falling into the lake.

The tugs circled around the burning crib, picking up men from the water and meantime playing heavy streams upon the flames.

After an hour's hard work the flames were diminished enough to permit the firemen to climb up the charred steps and fight the fire from the interior. Then the horror of the calamity was first realized. Everything was a total wreck. While the firemen were pouring water on the flames there was a roaring furnace beneath which could not be reached. But the firemen clung to their places and fought every inch of the way until the fire was under control. After two hours of hard work five charred bodies burned beyond recognition were found. Two were in the attitude of prayer. They must have been awakened by the fire but could not escape. They were caught like rats in a trap. The bodies of two other men lay close to those that were on their knees, and it looked as though they had not known what happened to them. They must have been suffocated before the flames reached them.

Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion and biliousness. Doctors were scarce and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's prize almanac. Clarke & Falk's.

It Dazzles The World.

TIRING OF THE STRUGGLE

Strike May Be Settled—Close to Terms That Will Be Satisfactory to Both.

PITTSBURG, Aug. 14.—Rumors of a settlement of the steel strike are again being revived, but confirmation of them at any source is impossible. It is related, circumstantially, that the Amalgamated Association knows it cannot win; that the United States Steel Corporation fears the loss of both skilled men and orders to the independent mills, and that they are close to terms which will be satisfactory to both.

PITTSBURG, Aug. 14.—The Associated Press correspondent, at Wheeling, reports that President Shaffer has arrived there in company with Rev. Dr. Fitz-Williams, of Atlantic City. Shaffer is credited with saying that the charters of the Western lodges which stayed in will be revoked, and their officers of money spurned, if Assistant Secretary Tighe fails to win them over. A great crowd assembled to greet and hear President Shaffer.

PITTSBURG, Aug. 14.—Both sides made material gains today in the great steel strike. The remaining force of 3000 men and boys at the plant of the National Tube Works at McKeesport joined the strikers, and that great plant is now practically silent. The strikers also made some gains among the men at the lower union mill of Carnegie Company, Pittsburgh, but there is a direct conflict in the claims made as to the exact condition of that plant. The strikers say that they will force it to close down, while the managers insist that they have not been hurt, and that the plant will be kept moving.

Blown To Atoms.

The old idea that the body sometimes needs a powerful, drastic, purgative pill has been exploded; for Dr. King's New Life Pills, which are perfectly harmless, gently stimulate liver and bowels to expel poisonous matter, cleanse the system and absolutely cure Constipation and Sick Headache. Only 25c at G. C. Blakeley's drug store.

Gifford's Fotos Never Fade.

Lewiston Jail Delivery.

LEWISTON, Idaho, Aug. 13.—A desperately planned jail-break resulted in five prisoners effecting an escape from the county jail last night. The men had been supplied with a bit and saw with which they removed the lock of the Pauly jail, and then drilled through an iron corridor. Men on the outside met them with horses. The escapes are John Reamer, Frank Smith and Charles Smith, cattle thieves; Charles Payne, charged with burglary, and Mox-Mox, an Indian, charged with selling liquor to Indians.

The several men assisting on the outside were heavily armed, and as soon as a hole was effected through the outer wall passed weapons to the prisoners. The prisoners, it is believed, have escaped to the Salmon River Mountains. Reamer, who is thought to have planned the escape, is known to be a bad man, and has served a term of six years in the Idaho penitentiary. The jail is located in the residence district of the city, and the escape was not detected until 5 o'clock this morning.

Strikes A Rich Find.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H., "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by G. C. Blakeley, the druggist.

Does It Pay to Buy Cheap?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the ONLY remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world, and sold by Clarke & Falk. Get Green's prize almanac.

THE CELEBRATED
.. COLUMBIA BREWERY ..
 AUGUST BUCHLER, Prop.

Of the product of this well-known brewery the United States Health Reports for June 28, 1900, says: "A more superior brew never entered the laboratory of the United States Health reports. It is absolutely devoid of the slightest trace of adulteration, but on the other hand is composed of the best of malt and choicest of hops. Its tonic qualities are of the highest and it can be used with the greatest benefit and satisfaction by old and young. Its use can conscientiously be prescribed by the physicians with the certainty that a better, purer or more wholesome beverage could not possibly be found."
