TRAIN WAS BLOWN TO BITS

Two Cars of Powder Exploded in a Tunnel—Set Fire to The Forest.

ASHLAND, Aug. 17.—What is regarded as one of the worst wrecks in the history of the Southern Pacific Company's lines in Oregon took place at tunnel No. 7, six and one-half miles north of Glendale, this afternoon about 4:30 o'clock. Extra freight No. 2192, east, which left here at 9:30 this morning, composed of twenty-six cars, with three engines, was just emerging from tunnel No. 7, which is a short one on a sharp curve in the track, and about 100 feet long, when the train parted, the air hose breaking. The sudden jar caused two rear cars loaded with dynamite to explode. The entire train was demolished, except the engine, and it was injured somewhat. There were ten cars of melons, two of powder, two of fruit and the remainder miscellaneous freight. All but three cars of the melons were totally demolished by the force of the explosion, which was felt for miles around the surrounding country. A car filled with acid took fire, and the flames spread to the dry brush and timber, causing a fierce conflagration. Cow Creek, which runs along the side of the track at this point, was filled with debris and burning wreckage.

The buildings of the Victory mine, one-half mile distant, were badly shattered, and in a house one mile distant from the scene, a sick woman was thrown from her bed by the force of the shock, her arm and shoulder being badly dislocated in the fall. The train crew miraculously escaped with only a few bruises and scratches.

A number of tramps who were riding in a half-closed car, escaped, as far as is known at the present time, but until the debris is cleared the loss of life and limb cannot be known, and from the nature of the disaster there may be nothing left of the remains of the unfortunates to tell the tale.

At least eleven cars were blown to atoms and cannot be accounted for, while even their trucks are missing.

A Fireman's Close Call.

"I stuck to my engine, although every joint ached and every nerve was racked with pain," writes C. W. Bellamy, a locomotive fireman, of Burlington, Iowa. "I was weak and pale, without any appetite and all run down. As I was about to give up, I got a bottle of Electric Bitters and, after taking it, I felt as well as I ever did in my life." Weak, sickly, run down people always gain new life, strength and vigor from their use. Try them. Satisfaction guaranteed by G. C. Blakeley, the druggist. Price 50 cents. 2

seventeen head of cattle that had been shot to death, and cattle owners of this section swear vengeance.

It is supposed the killing of the cattle was the work of sheepherders, the cattle having demolished a sheep camp.

If it proves true that sheepmen are responsible for this wanton act, there will be serious trouble, as the best of feeling has not existed for a long time between cattle and sheepowners in this section on account of the encroachments on the range.

Night Was Her Terror.

"I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but, when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It's absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung Troubles. Price 50c and \$1.00. Trial bottles free at G. C. Blakeley's drug store. 2

Hays' Resignation.

SAN FRANCISCO, Aug. 17.—The Call this morning says that a local railroad man has received a dispatch from New York containing absolute confirmation of the report that C. M. Hays has resigned the presidency of the Southern Pacific Company. The telegram, it is said, comes from a source whose reliability cannot be doubted, and it states positively and unequivocally that the resignation of Mr. Hays is now in the hands of his superiors. Moreover, there seems to be every likelihood that the man who will succeed Hays will be the president of both the Union and Southern Pacific systems, and that the two roads will be consolidated under one management that will eventually give the traveling public a 2 1/2-day service between this city and Chicago, and will place one executive officer at the head of the syndicate line.

Does It Pay to Buy Cheap?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the ONLY remedy that has been introduced in all civilized countries with success in severe throat and lung troubles. "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world, and sold by Clarke & Falk. Get Green's prize almanac. 2

An Error Was Made.

SALEM, Aug. 17.—The attorneys interested in the suit on the bond of George W. Davis, ex-clerk of the school land board, today examined the stipulation filed by them on August 1st, and found that it contained the errors indicated in today's Oregonian. The figures will be corrected so as to show that Davis was short in his accounts nearly \$31,000 instead of ahead \$29,000, as stated in the stipulation. As stated in yesterday's correspondence, it was intended that the stipulations should show a shortage in accordance with the facts.

AUGUST BUCHLER, Prop.

Of the product of this well-known brewery the United States Health Reports for June 28, 1900, says: "A more superior brew never entered the laboratory of the United States Health reports. It is absolutely devoid of the slightest trace of adulteration, but on the other hand is composed of the best of malt and choicest of hops. Its tonic qualities are of the highest and it can be used with the greatest benefit and satisfaction by old and young. Its use can conscientiously be prescribed by the physicians with the certainty that a better, purer or more wholesome beverage could not possibly be found."
