

For You to Read

"What puzzled me in the beginning was that I kept losing flesh without any cause for it that I could see. I had a little trouble with my stomach, too, and after a while began to grow weaker and to cough. The cough, I thought, would soon go away and cure itself, but it didn't. It grew worse, and then I began to spit up a peculiar looking substance. I never thought of consumption, but one day I had a hemorrhage, and then was frightened in earnest and did just what you would do. I rushed to the doctor. He was either too busy, or something else, for he didn't do me any good. I kept going on down hill, and the outlook was bad. Things took a different turn, however, when I heard of Acker's English Remedy for Consumption, for I took it, and it not only cured my coughing and spitting, but also built up my whole system. I took on permanent flesh, and today am just as healthy a man as you can find in a week's travel. You may be sure I always keep Acker's English Remedy in the house, and it is a good thing I do so, for one night my youngest child was seized with croup. That hoarse, wheezy cough was the first signal, and I lost no time in giving the poor little sufferer proper doses of this grand medicine. In almost no time the disease was under control, and my child was saved. I advise every parent to have a bottle handy all the time. It serves the same purpose in keeping croup out of the house that a good lock and key serve to keep burglars out. It is both an expectorant and a tonic. It cured me of consumption and my child of croup, and I know what I am talking about." (Signed) Hon. M. HOGAN, picture frame manufacturer, 242 Center Street, New York.

Acker's English Remedy is sold by all druggists under a positive guarantee that your money will be refunded in case of failure. 25c, 50c, and \$1 a bottle in U. S. and Canada. In England, 1s. 2s., 3s., and 4s. 6d. We authorize the above guarantee. F. L. HOOKER & CO., Proprietors, New York.

SCOTLAND COMING.

Shipsloads of it Are Being Frequently Dumped in New York Harbors.

It is a fact that Scotland is literally being transferred to America. It is being carried across the Atlantic piecemeal; and, although it will take many years to remove the whole of Scotland, considerable portions are being conveyed at not infrequent intervals.

The Land of Cakes comes to the United States in the character of ballast; and the other day as much as a thousand tons was thus brought to New York on the Allan line steamer Laurentian. Nearly every week a large quantity is shipped.

This is because of the absence of freight. Shipowners would much rather leave the land of the Scots at home, but without ballast their vessels might turn turtle. While for commercial purposes the soil is absolutely worthless, it has to be paid for at Glasgow, its removal from the hold at New York involving still further expense. After the cargo of soil has been discharged the ship has to be thoroughly cleaned before freight can be received on board.

But other ships than those that hail from Scottish ports carry earth as ballast. Any French or Italian exile in America who is yearning for the sight of his native land can see it without the trouble and expense of crossing the Atlantic by visiting the New York harbors. This is all because the tide of trade is in our favor. We ship more goods than are shipped to us, and the difference is made up in soil of the old world.

Women All Beautiful in 1901.

If there are now few or none of the all-conquering "belles" and "coquets" of olden days, says the London Mail, it is equally certain that the plain woman has become an extinct species in society. The health craze makes for beauty, as it enjoins exercise, early hours, fresh air and temperance in eating and drinking. The plain woman, dowdily dressed, has been left behind with the dead and gone nineteenth century. We are all moderately beautiful in 1901.

Taking Advantage.

The czar of Russia has named his infant daughter Anastasia. That's a mean way of getting even with her, says the Denver Post, for not being a boy.

SEWER NOTICE.

Notice is hereby given that the common council of Dalles City, at a meeting thereof held on Saturday, the 3d day of August, 1901, determined to construct and relay a drain and sewer described as follows, to-wit: Beginning at a point where the center line of Court street intersects the projection of the south line of the first alley south of Fifth street in said Dalles City, and running thence in a northerly direction along, or near, the center line of said Court street and along the line of the sewer now located in said street, to a point where the center line of said Court street intersects the projection of the center line of the alley between Main and Second streets, in said city; thence westerly to said alley and along the center line thereof and a continuation thereof to the west line of Union street; thence in a northwesterly direction, along the most practicable route, to low water in Mill creek. Said council also at the same time determined that the cost of the construction and relaying of said drain and sewer should be assessed against the property benefited thereby, and declared the present sewer and drain now in existence upon and along the line above described to be in a dangerous condition, and further provided that notice be given of the construction and relaying of said drain and sewer by publication of a notice for two weeks in The Dalles Daily Chronicle, the first publication thereof to be made on Monday the 5th day of August, 1901, and final publication thereof to be on Monday the 19th day of August, 1901, and further determined that said drain and sewer be constructed and relaid as above mentioned immediately after the expiration of the time mentioned in said notice.

All persons interested are hereby notified that said drain and sewer will be constructed and relaid as above determined and provided for.

Dated at Dalles City, Or., Aug. 5, 1901. J. DOHERTY, Recorder of Dalles City.
