IT IS NOTHING BUT A BIG BLUFF

There Will Be No War Between France and Turkey—French Consul-General in New York Explains the Situation.

NEW YORK, Aug. 22.—Edward Bryant, the French consul-general in this city ridiculed the possibility of a war between his country and Turkey.

"The trouble arises," he said, "over the wharves in Constantinople. A French company built wharves there. They were to charge vessels for docking privileges and the Turkish government guaranteed the income up to a certain fixed sum yearly. If the income from the wharves did not reach that amount, the Turkish government was to make up the difference. The income did not reach the sum fixed and the company wants Turkey to make good its guarantee.

"There comes in another question. You know France has a postoffice of her own in Constantinople. Turkey does not like that. She says it interferes with her postal service, but France will not consent to do away with her postoffice. Then Turkey tries to force France. She says 'very well. You keep your postoffice and we shall keep the money belonging to your wharf company. When you abolish the postoffice we shall pay the wharf company.' Now France intends to have both the postoffice and the wharf company's money. She has seen the success your country has had in collecting money from the sultan, and she is going to collect the money due her.

"But war! No. This is what you call a bluff. It is like two children. One says: 'I will not play with you,' and goes home. Then they do not speak until one apologizes or a friend makes it up between them. You may think of war when France sends Muir Bey, Turkey's Ambassador in Paris, his passports. France will not do that, though Muir Bey is not very well liked in Paris."

Night Was Her Terror.

"I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but, when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It's absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung Troubles. Price 50c and \$1.00. Trial bottles free at G. C. Blakeley's drug store.

Hounded on All Sides.
 BAKER CITY, Aug. 21.—Frank M. McBride, whose baggage was seized by postal inspectors yesterday with the idea that he was connected with the robberies of the Salt Lake postoffice on July 14 and 31st, still protests that he is innocent. He made a demand today for the return of the keys and his wife's letters, which were taken from him yesterday, alleging that the search warrant only gave the officers authority to take United States registered mail. The postal inspectors threatened to arrest McBride if he attempted to compel the authorities to return his property. The matter was finally adjusted tonight, when the postal inspectors agreed to turn over to McBride the goods taken from him in the morning.

Does it Pay to Buy Cheap?
 A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the ONLY remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boesche's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world, and sold by Clarke & Falk. Get Green's prize almanac.

Well-Known Mining Man is hot.
 CRIPPLE CREEK, Colo., Aug. 22.—Sam Strong, the millionaire mineowner was shot and killed this morning by Grant Crumley. The shooting took place in the Newport saloon, owned by Crumley. John Neville, Strong's father-in-law, and Crumley got into an altercation. Strong believing that his father-in-law was in danger, drew a revolver. Crumley jumped behind the bar, grabbed a shotgun and blew a hole through Sam Strong's head. He gave himself up to the police a few minutes later.

Sherman Crumley, Grant's brother, was shot in the thigh last night by William Tromback in a quarrel over a bet. His wound was not dangerous. Strong formerly owned the famous mine at victor which bears his name, and he had other valuable mining properties in the Cripple Creek district.

 AUGUST BUCHLER, Prop.

Of the product of this well-known brewery the United States Health Reports for June 28, 1900, says: "A more superior brew never entered the laboratory of the United States Health reports. It is absolutely devoid of the slightest trace of adulteration, but on the other hand is composed of the best of malt and choicest of hops. Its tonic qualities are of the highest and it can be used with the greatest benefit and satisfaction by old and young. Its use can conscientiously be prescribed by the physicians with the certainty that a better, purer or more wholesome beverage could not possibly be found."
