TO DOWN TAMMANY.

It is a mighty attempt that will be the best. Ask your greer for them. made in New York this year to break down the power of Tammany. A good many republicans, among them Senator Platt, are willing to vote for an independent democrat for mayor ing to vote for an independent republican, says the Review. What is desired by the better element above all is to get rid of the rascally municipal government that has been in give immediate relief money refunded control for the last three years.

When Tammany took charge of The next year it managed, by an increase of over \$400,000,000 in the assessed valuations, to lower the tax rate a trifle; but the actual cost of the municipal government was still of millions of increase in assessed valuation there is a tax rate of over \$2.31 per \$100, the highest yet under commenced taking Kodol Dyspepsie the new charter.

Of course it will require a tremendous effort to drive out the corruptionists who are so well entrenched, but it looks now as if that effort was to be made and with a August 31st, 1901, both days inclusive, tair prospect of success.

Running a newspaper is just like consideration. running a hotel, only different. When The Dalles, Wasco Co., Or., August a man goes into a hotel and finds something on the table which does not suit him he does not get up and raise hades with the landlord and tell him to stop his d-d old hotel. Well, hardly. He sets that dish to one side and wades into some of the many dishes that do suit him. It is different with some newspaper firm, and will receive and receipt for all readers. They find an article occasionally that does not suit them exactly and, without stopping to think it may please hundreds of other readers, make a grand stand play of their supreme assininity and hasten over to "stop their paper."

Wealthy Americans have taken to the fad of buying notable estates in England. It is said that one magnate from this part of the world is endeavoring to buy the Osborne home of Queen Victoria, where she died. Many historic places have been taken up, to the chagrin of some of our Anglo-Saxon brothers. John D. Rockefeller published the statement a few days ago that he contemplated erecting a \$1,000,000 summer home in the Adirondacks. This is one point in favor of the great schemer. While he is squeezing out of the people millions, he does not seem to be afflicted with the craze to spend his money in foreign lands.

A curious accident to an automobile occurred in New York a short time ago. The owner of the vehicle got out of the carriage first and turned to help his companion down, but as the latter stepped from the Transact a General Banking Business. carriage her dress caught in the lever of the machine, turning it on at full speed.
