Seven Days at Carnival.

All the transportation lines in the Northwest are arranging to give specially low rates to and from the Portland carnival, which runs from Sept 18 to Oct 18, and the excursion tickets will be good for seven days. This is the longest limit ever given on such tickets, and will give people ample time to see all the sights connected with the great exposition.

With two full military bands, a military tournament, a horse show, athletic sports, exhibits of mining, agriculture, horticulture and manufacturing, a full midway, fireworks and an array of amusement attractions, the Carnival will be one of the greatest events of the season, and the admission fee is going to be only 25 cents, 10 cents for children.

A Fireman's Close Call.

"I stuck to my engine, although every joint ached and every nerve was racked with pain," writes C. W. Bellamy, a locomotive fireman, of Burlington, Iowa., "I was weak and pale, without any appetite and all run down. As I was about to give up, I got a bottle of Electric Bitters and, after taking it, I felt as well as I ever did in my life." Weak, sickly, run down people always gain new life, strength and vigor from their use. Try them. Satisfaction guaranteed by G. C. Blakeley, the druggist. Price 50 cents. 2

New Line of Work for Woman.

NEW YORK, Aug. 22.—It is believed that a woman is at the head of a gang of burglars committing depredations in Westchester County recently. Burglaries were committed in three towns in the county on Tuesday night. In each case there is evidence that a woman was concerned. At Mt. Vernon \$5000 worth of valuables were taken from the home of Charles Barry. At this place the burglars cooked a meal before leaving, and in addition to the fact that the prints of a woman's shoes were found under the window where the burglars entered, the manner of the cooking gave evidence of a woman's skill.

Located by Vision.
Portland, Aug. 16.—(To the Editor.)—Homer de Morrison, occultist, located by vision the billion stolen from the Selby smelting Works. In behalf of occult science he immediately communicated by letter the facts to Mr. A. J. Kain, owner of the Selby Works. The reports received last night prove his statements correct.
MRS. FRANCIS PARTLOW.
"It is pleasing to be assured that the gold stolen from the Selby smelting Works was located by vision by a Portland occultist. This proves that the story of the confession of the thief and that his assistance was required in recovering the gold was a base California invention for the purpose of depriving Oregon of just glory."—(Editor Portland Oregonian.)

SEWER NOTICE.

Notice is hereby given that the common council of Dalles City, at a meeting thereof held on Saturday, the 3d day of August, 1901, determined to construct and relay a drain and sewer described as follows, to-wit: Beginning at a point where the center line of Court street intersects the projection of the south line of the first alley south of Fifth street in said Dalles City, and running thence in a northerly direction along, or near, the center line of said Court street and along the line of the old sewer now located in said street, to a point where the center line of said Court street intersects the projection of the center line of the alley between Main and Second streets, in said city; thence westerly to said alley and along the center line thereof and a continuation thereof to the west line of Union street; thence in a northwesterly direction, along the most practicable route, to low water in Mill creek. Said council also at the same time determined that the cost of the construction and relaying of said drain and sewer should be assessed against the property benefited thereby, and declared the present sewer and drain now in existence upon and along the line above described to be in a dangerous condition, and further provided that notice be given of the construction and relaying of said drain and sewer by publication of a notice for two weeks in The Dalles Daily Chronicle, the first publication thereof to be made on Monday the 5th day of August, 1901, and final publication thereof to be on Monday the 19th day of August, 1901, and further determined that said drain and sewer be constructed and relaid as above mentioned immediately after the expiration of the time mentioned in said notice.

All persons interested are hereby notified that said drain and sewer will be constructed and relaid as above determined and provided for.
