#### TREASURER'S NOTICE.

All Wasco County warrants registered prior to October 17, 1898, will be paid on presentation at my office. Interest ceases after August 13, 1901.

JOHN F. HAMPSHIRE,  
County Treasurer.

#### WAYSIDE GLEANINGS.

Forecast—Probably fair tonight and Tuesday; cooler tonight.

Excursion Wednesday night down the Columbia by moonlight.

The talk of the town—that "Lincoln" sale at A. M. Williams & Co.'s.

A. M. Williams & Co. report a busy day in their shoe department. "Lincoln" prices help sell shoes.

Today County Clerk Lake turned over to the county treasurer about \$6000 delinquent taxes.

From all indications Wednesday night will be a perfect one for the excursion on the Dalles City.

The wheat market is off today. Chicago quotes 70½, closing at 69½, with Liverpool an eighth lower.

David Simon, father of Senator Joseph Simon, died yesterday morning at his home in Portland at the age of 81.

While in Astoria recently F. A. Siefert ordered a filling machine from the Astoria Iron Works for his cannery and will use it for this year's pack.

For instance—Men's patent leather oxford—real swell boys—are now \$2 instead of \$3.50—all on account of the "Lincoln" sale at A. M. Williams & Co.'s.

In Portland during the storm yesterday afternoon a lineman of the Oregon Telephone Company, named Joe Smith, was making repairs on a cable box on the East Side when he received a shock which killed him instantly.

The county court has extended the time for the assessor to return the tax roll of 1901 for equalizing till the first Monday in October, being the 7th day of said month. Due notice of the above will be given in the WEEKLY CHRONICLE.

A youth who has been working on a fruit farm near the city came in town Saturday night and immediately proceeded to spend his money. The next thing he knew he was up before the recorder for being drunk and disorderly, and the recorder holds his watch in lieu for a fine. He declared, however,

that the recorder will not be his time-keeper long, as he has learned a lesson.

Two more carloads of machinery arrived this morning for the Wasco Warehouse Milling Company's power house. At the warehouse the floors are being torn up and new ones will be put in; as well as many other repairs made in the building.

Dad Butts has a very desirable place containing an acre and a half of ground in a splendid location in The Dalles; good seven-room house and a fine orchard, for sale or trade for small farm near the city. Also thirty-one desirable building lots, ranging from \$25 to \$50 a lot.

Speaking of the "Irish Duke," who gave a play in The Dalles last winter, and who is now "doing" Corvallis, the Granite Gem says: "Our people will remember that this same bilk 'played' at Granite a year ago last spring. How he has managed so long to keep out of jail is somewhat of a mystery."

The Seventh Regimental band, which came up on the Gatzert yesterday, gave the visitors to the dock a splendid concert while the boat waited here; far ahead of that given on their previous visit. Some of the latest and most popular airs were rendered in a manner which pleased even our most critical musicians.

The nigger babies are now stationed on Second street adjoining Mays & Crowe's store, a target for the passer-by. It is said that a leading Dalles citizen, whose family is now camping at one of the favorite resorts along the river, tried his luck last night and after missing the niggers at almost every throw went home and wrote to his wife telling her how much he "missed the children."

There is less illegal fishing at this time of the year now than ever before in the history of the industry on the Columbia. The prospect for the fall pack is not promising, some dealers offering but one cent and one and one-half cents on contracts for fish, as against four cents paid last year. The Columbia River Packers Association is yet undecided whether he will operate this fall or not.—Astoria.

At Portland an operation was performed upon Jack O'Neil, the well-known railroad man, consisting of the removal of an abscess. His many valley friends will hope for his speedy recovery.—Albany Democrat. We have heard of a person having an abscess look, but this is the first time we have learned of its removal. That equals the case of The Dalles girl who had the "goo goo" removed from her eye.

A meeting of Wheeler county sheepmen was to have been held in Mitchell Saturday for the purpose of devising means of putting an end to the lawless slaughter of their flocks, which has been going on for some time. A band of sheep belonging to Wagner & Boyer of Wheeler county was shot into last week in the Black Canyon country in Grant

county, about sixty head being killed. It is now pretty generally believed that the sheep shooting has not as a rule been done by cattlemen but by sheepmen.

Sutton's big Uncle Tom's Cabin Co. played here to a large audience and gave excellent satisfaction. The specialties were first-class between acts and kept the people in a joyful mood all throughout the evening.—Ellensburg News. This company appears in Portland tonight at the Marquam Grand, and in the Vogt opera house in this city tomorrow night. Get your tickets at Clarke & Falk's.

The examination for teachers' certificates being identical in the various counties of the state, county superintendents extend the courtesy of grading papers written in their county and forwarding them to the county desired for granting of certificates. In the recent examination Miss Kate Davenport wrote in Multnomah and was granted a first-grade certificate in Wasco county. Miss Ruth Sturgiss also wrote in Multnomah and was granted a second-grade in this county. Miss Willema Dodge, who wrote in Marion, was given a third-grade for Wasco.

Martin Madison, who owns a fine farm three miles south of Colfax, claims the pennant for the best yield of wheat threshed this season. Mr. Madison threshed an average of sixty bushels machine measure, from forty acres of Little Club wheat. This will weigh at least 62 bushels, making the largest yield yet reported in that vicinity. The land was measured, and Mr. Madison's word will be taken by any business man in Colfax. Mr. Madison's land adjoins that of E. H. Newton, who had an average of 53 bushels and 12 pounds per acre from 100 acres of wheat.

Late yesterday afternoon the skies began to frown and our people were reminded that thunder showers had been predicted for Sunday. About 7 o'clock the rumbling began and the lightning was fierce for a time, shooting desperately across the heavens in a manner which is not often seen in this section. At 7:30 the rain came down as if it meant to settle not only the dust, but the forest fires as well, which it succeeded in doing so well that the atmosphere is beautifully clear today, making one feel glad that he's livin'. The rainfall was .8 of an inch. The storm extended far into the country, and it is said Portlanders felt more at home yesterday than they have since the first of July, for, strange to say, they have had no rain worth the mentioning since that time.

Yesterday afternoon John Burns, who for the past four years previous to a month ago, has been steward on the D. P. & A. N. Co.'s boats, committed suicide at the Belvedere hotel in Portland. During the time that he was with the company he seemed steady and not a hard drinker, though it is reported that

of late he has been drinking heavily, which, with family troubles, caused him to take his life. He was well thought of by his employers, but less than a month ago resigned his position as steward of The Dalles City and since that time has been going down rapidly. Yesterday he did not appear at breakfast or dinner, and one of the chambermaids went to his door in the afternoon and she heard him coughing. Some time afterward the girl suspected that something was wrong with Burns, and on entering his room she found that he had made a noose of his shirt and hanged himself to a clothes peg in the clothes closet. A number of letters were left by him and one read: "Laura: This is to certify that I am in my right mind and perfectly sane and perfectly sober, not having tasted liquor for the past seven days." Burns will be remembered as the steward who prepared the dinner (including trout) on the boat for the rivers and harbors committee, when in the city about a month ago.

The association reserves the right to alter, amend or postpone any or all of these races should the board of directors in their judgment and for cause, deem it expedient to do so. Any race that cannot, in the opinion of the judges, be finished on the last day of the meeting, may be continued or declared off, or divided according to proportion at end of the race. All entries must state colors of rider or driver, and no horse allowed to start without colors.

#### Won the Piano.

I desire to say to the people of The Dalles that I, J. D. Girdner, of Portland, won the piano which was awarded me upon presentation of ticket 2986. Having no use for a piano I have instructed Mr. Gumbert to dispose of same at any reasonable price. Parties interested may call and examine piano at Gumbert's Leading Cigar and Tobacco house. aug26-11
