

BOERS CAPTURE 68 BRITISH

Column Sent North of Orange River Colony Surrounded by a Superior Force—One Was Killed and Four Wounded.

LONDON, Aug. 26.—A dispatch from Lord Kitchener, dated from Pretoria, today, says: "Three officers and sixty-five men who were sent north of Ladybrand (Orange River Colony) on the right of Elliot's column, were surrounded on unfavorable ground and captured by a superior force August 22. One man was killed and four were wounded. The prisoners were released. An holding an inquiry. "Have received a long letter from Steyn containing an argumentative statement of the Boer case, and saying he will continue to fight; also a short letter from Dewet to the same effect. "Botha writes, acknowledging the receipt of my proclamation and protesting against it, and stating that the Boers intend to go on fighting. On the other hand, the surrenders lately have increased considerably."

Notable Yield of Wheat.
SALEM, Aug. 26.—Dexter Field, a farmer living two miles east of Salem sowed three bushels of wheat last January on one and five-eighths acres of ground, and from which he harvested the crop the last day of July, threshing it August 20th, and obtaining a yield of eighty bushels, or fifty bushels to the acre. The ground had been well manured and had not grown wheat for some years, but it is an ordinary, undrained field, and it is thought the general wheat yield of this valley could be brought to about that amount by proper cultivation and attention to change of crops, manuring, etc.

Hartman Decides to Eat.
ASTORIA, Aug. 26.—Fred Hartman, the Salvation Army man who is confined in the county jail, to serve a sentence for illegal fishing, has, after nearly six days of fasting, decided to eat. Last evening the captain of the local army corps called on Hartman and the latter agreed to eat, provided the army would prepare his food and send it to him. This arrangement was made, and in the future Hartman will have his regular meals. He, however, stayed with his determination not to eat the prison fare.

Interstate Trolley Line.
WALLA WALLA, Wash., Aug. 26.—It is promised by the management of the proposed electric railway system which is to connect Umatilla county, Oregon, with this city, that work on construction will begin within a few weeks, and that not later than two months from now a large force of men will be engaged in the work. At present it would be impossible to get men from the harvest field, and until the crop is all in the warehouses and the fall farm work caught up, farmers will not give up their help for anything. It is expected to begin work as soon as men can be had readily, and the construction will be carried on all winter.

Question Answered.
Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion and biliousness. Doctors were scarce and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's prize almanac. Clarke & Falk's.

Sheridan, and under his training developed into an actress of recognized ability. On the death of her husband, several years ago, Mrs. Sheridan abandoned the stage. She was about 59 years of age and native of Canada.

Found Gold in Town.
BAKER CITY, Aug. 26.—Reports have been received here of a great strike in Whitney that has set that town agog. While excavating for the new city scales this morning the man struck a rich ledge of free-gold ore that will run \$500 to the ton. The find aroused great excitement in the town, and people who own town lots are prospecting for ore. What will be done with the property on which the gold was found is not known, but it is reported that the owners proposed to do development work on the ledges.

Lincoln

Sale

Yes, Abraham Lincoln,—grand Old Abe. The idol of all honest men. The incarnation of truthfulness, fidelity and justice. Verily—a name to conjure with.

No man, or set of men on the face of this earth holds the illustrious name in greater veneration than the partners of this concern, and when we tell you this sale is named "Lincoln Sale," in order to impress on you the **absolute truthfulness of the statements used herein**,—you may believe us, for the man who'd use Abe Lincoln's name as a certificate of character for a shady statement is a horse thief, and you know that is not our measure.

Too much faith in Spring weather leaves us today with four thousand dollars worth more stock than we had last year this time. This won't do,—shoes don't improve with age, and what is more we need that money for fall goods. "Lincoln Sale" will be the most uncommon **price cutting** time.

Children and blind men can come and be as sure of real bargains as they are of their lives.

This sale will especially appeal to reasonable folks who can tell a straight story when they hear it—to economical people who know a cut price when they see it, and to doubting Thomases who have been fooled much and often by counterfeit price cutting:

Lincoln Sale now on---and will continue all week.

On the 90c Table

there is an uncommon lot of Children's Lace and Button Shoes, in black and chocolate kid, with good, comfortable broad toes—capped. Sizes run from 8 to 11; values to \$1.75; and sizes from 5 to 8, for little tots—good strong soles, roomy toes; black or tans.

There are Boys' Shoes—stout and honest, but not all sizes. A few pair of blacks, also a few tans; sizes to fit most boys; Shoes that were \$1.35 and \$1.75.

There are also a few pair of Ladies' Black Kid Opera Slippers; cheap at the regular price of \$1.25. Some finer Oxfords in small sizes; narrow toes; were \$2.50 and over.

On the \$2.50 Table

you will find a line each of Ladies' and Men's Stylish, Up-to-date Shoes, suitable for fall wear.

The price should not be a cent less than \$3.50—what we intended them to sell for at time of purchase.

The Ladies' Shoe has a medium sole, broad round toe, patent leather tip, and is made of a good kid stock.

The Men's Shoe is a vici kid—made on the popular broad last and welt sole; has all the lines and curves of a \$5 Shoe.

On the \$1.20 Table

is a lot of Ladies' Kid Button Shoes that are worth the regular prices of \$2.50, \$2.00 and \$1.75 every day in the week or they are not worth a cent.

A batch of Men's Shoes that still carry a \$1.50 tag—yes, and several pair are \$2.50 goods. The only drawback being that they are in large sizes only—9, 10 and 11s.

Shoes for little girls on this table, too—sizes running from 11½ to 2; nice dressy Shoes that will be just right for school wear; good materials, honestly made. They were \$1.75 and \$2.00—tans and black.

Ladies' fine 4-strap black kid Sandals; French heel. Were \$2.25; if you are in time you may get your size.

On the \$2.00 Table

are shoes for men and shoes for women. Good enough for anybody—for they are bang-up good ones. The price on the cheapest shoe on this table was \$3. Some of them \$3.50 and still more.

Men's patent calf Oxford ties; some tan calf skin shoes and some vici. Some extra good things in ladies' black kid street shoes—welt soles, military heels and fashionable round toes, pat. tipped.

The \$2.15 Table

is covered with Pingree's composite \$3.00 shoes for women—that never sold for less than \$3. Good styles—every one of them.
