## RAILROAD WRECK TOOK FIRE

Bad Accident on Great Northern Near Kallispell—Seventeen Persons Are Killed.

Spokane, Aug. 30.—According to reports received at the Great Northern offices here, an east-bound freight train ran away on a steep grade in the mountains east of Kallispell and crashed into west-bound passenger train No. 3.

The greatest morality is said to have been among a carload of Italian laborers, a number of whom are reported to have been killed outright, while others were injured. It has been impossible as yet to learn the names of any of the killed other than P. T. Downs and his son.

Mr. Downs was until recently assistant general superintendent of the Great Northern and was recently promoted to the position of vice-president of the Spokane Falls & Northern branch of the road. His home was in Spokane.

The brief reports received here say that the wreck took fire and that the telegraph line was burned.

St. Paul, Aug. 31.—A special to the Pioneer-Press from Kallispell, Mont., says:

Accident on the Great Northern occurred last night at Nysack, Mont., resulting, it is reported, in the loss of seventeen lives. Train No. 3, a passenger train, was standing on the main line. Twenty-eight cars of shingles, east of them, belonging to freight train No. 10, broke loose and came down a grade and crashed into the rear of No. 3.

P. T. Downs, assistant general superintendent of the west end of the Great Northern, was killed. Downs was pinned under the debris and burned to death before he could be rescued. How many other lives were lost is not known at this hour.

## DENIED BY THE TRUST

Shaffer Has Not Modified His Terms of Settlement — No Communication Has Been Received From Him.

New York, Aug. 30.—The report that President Shaffer, of the Amalgamated Association, had presented to C. M. Schwab, of the United States Steel Corporation, a statement of modified terms, could not be confirmed at the office of the corporation. It was intimated that no communication of any kind had been received from Mr. Shaffer, that none was expected, and that if one were sent in it would not receive official consideration. The attitude of the Steel Corporation remains unchanged. The officers of the company say there is nothing to arbitrate, and that they will not treat representatives of the strikers until they are convinced that they are negotiating with responsible persons.

It was rumored that J. Pierpont Morgan and some of his associates had expressed their willingness to leave the settlement of the strike to Seth Low. As Mr. Morgan and Mr. Low are close friends, the report was received with some credence, but one of Mr. Morgan's partners promptly denied it.

Ralph M. Easley, secretary of the National Civic Federation, said last night that no peace overtures had been made. He repeated that the trouble has passed the point where arbitration was practicable, yet, he still hoped that there would be some way of bringing the contending forces together.

### Ordered to Leave Homes.

Tucson, Ariz., Aug. 30.—Forty-three ranchers and all the residents of the town of Fairbank in the San Pedro valley, have been notified to leave their homes, which are on the Bouguillas Spanish land grant. The grant came into the possession of a large cattle company recently and will be fenced in as soon as the settlers are ejected. One rancher has built a fort and proposes to stand off the company's cowboys, who will be engaged in clearing the land of the ranchers and their improvements. The grant embraces 17,355.
