WAYSIDE GLEANINGS.

The Oregon Stereopticon Lecture Company, at the Vogt tonight.

There is a move on foot in Wasco to erect a good first-class opera house.

Wanted—A woman to do up stairs work at the Umatilla House. Apply at the hotel at once. aug31-1f

As the first of the month comes on Sunday we presume collections will be made Wednesday.

An illustrated geography of the north-west. Come and learn of your state from the lecture tonight at the Vogt.

All around Oregon in ninety minutes. Sense true to nature; the finest collection ever exhibited. Don't pass the opera house this evening.

What's the matter with the water these days? Something's wrong and should be investigated, or our people will be compelled to swear off drinking water.

The view of Mt. Hood and the coast are alone worth double the price of admission. But then—the Oregon Stereopticon Lecture Company—it's out for its health. Tonight at the Vogt.

The loads of electric light poles constantly being hauled through our city remind us that ere long we will emerge from the darkness that has enveloped us and boast of a city as well lighted as any of its kind on the coast.

Mary A Connolly, formerly a resident of Great Britain, declared her intention today of becoming a citizen of the United States, and to further the object of naturalization she forewore all allegiance to His Majesty, Edward III, King of Great Britain and Ireland, emperor of India, Defender of the Faith, etc.

The biograph or moving pictures, of the "Fashion Play," which will be exhibited Tuesday night at the Vogt, are said to be all that the play would indicate and no one should miss seeing them. In every place where they have been shown large crowds have attended and been more than satisfied. The entertainment will be given under the

auspices of the Methodist church and you cannot afford to miss it. At the close of the "Fashion Play," views of Sheldon's "In His Steps" are often given.

A dispatch yesterday said that Frank Cram had purchased the stock of goods formerly owned by Samuel McCartney deceased, and will go into business at Hood River at once. Frank is a splendid dry goods man and we wish him success. His brother, Win, will not be a partner as announced a few days since.

Herbert Condon, of the Moscow, Idaho, state university, and Mrs. Noff, formerly Miss Condon, are attending the bedside of their mother, Mrs. Thos. Condon, who is very ill with typhoid fever at Yaquina Bay. Mrs. R. S. Bean, another daughter, is somewhere in the East and cannot be located.—Eugene Guard.

J. P. Lucas, receiver of the United States land office, at The Dalles, spent last evening and today here. Mr. Lucas is returning home after an absence of two weeks spent at Salt Lake and intermediate points, returning via Weiser. Mr. Lucas feels improved in health and better able to resume his labors.—Baker Republican.

Mr. H. D. Parkins returned from The Dalles Monday night, having unintentionally paid a visit to Wasco on his way back. Whether it was from the love of Wasco or the thoughts of a certain lady of The Dalles, we are not able to say; but our friend was evidently rattled just a little.—More correspondent to Wasco News.

C. M. Cartwright and J. P. Van Houten are expected from where they went recently to receive the importation of sheep made for the E. S. & L. Co., from France. It is perhaps one of the largest and best importations ever made into the United States. This is the first importation of ewes from the national stud flock of France ever made into America.—Observer.

It was a "peach" in every sense of the word that came to the CHRONICLE office this morning, having been raised in the garden of James Snipes, on the hill. It was an Early Crawford, measuring twelve inches, beautiful in appearance and as sweet to the taste. The tree from which it came bore many measuring eleven inches, but this was the queen of them all. It takes The Dalles to furnish peaches what is "peaches."

Malcolm Southwell, who was tried in Justice Brownhill's court yesterday for larceny of a colt from H. Riddell, was bound over to the grand jury in the sum of \$250. It has been but a matter of two or three months since Southwell was charged with larceny of a blanket from an Indian. Various other complaints have been made concerning a gang to which he belongs, and it is high time they were taught a thing or two, or "three or four."

This evening about 5 o'clock Judge G. C. Blakeley, with Commissioners N. C. Evans and W. J. Harriman, will leave

on a tour of inspection of the county roads between this place and Tygh, particularly Tygh grade. Heavy loads with a traction engine or two passing over this grade has placed it in a bad condition and the commissioners make this trip with a view of improving not only that but any other portion of the road which may need attention.

Tomorrow will be the last Sunday in the conference year of the Methodist church, and Monday Rev. U F Hawk will leave for conference, which meets at Walla Walla. While pastor here Mr. Hawk has won the esteem not only of the members of his church and congregation, but the community at large, and while it is hoped he will be returned to the charge he has served so well, there is always an uncertainty and the conference may see fit to remove him.

Archer Mountain, a few miles below Beacon Rock and the Bridge of the Gods will be the next point of interest to be visited by the exploring party which recently climbed to the top of Beacon Rock. An excursion will leave Portland tomorrow evening on the steamer Regulator, which is furnished free by her owners, and will begin the ascent of Archer Mountain on Monday. The party will be augmented by a geologist and photographer. From this time on throughout the season explorations of all the important places will be made.

Does It Pay to Buy Cheap?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles. "Boehme's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but always inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world, and sold by Clarke & Falk. Get Green's prize almanac. 2

A Deep Mystery.

It is a mystery why women endure Backache, Headache, Nervousness, Sleeplessness, Melancholy, Fainting and Dizzy Spells when thousands have proved that Electric Bitters will quickly cure such troubles. "I suffered for years with kidney trouble," writes Mrs. Phoebe Cherley, of Peterson, Ia. "and a lame back pained me so I could not dress myself, but Electric Bitters wholly cured me, and, although 73 years old, I now am able to do all my housework." It overcomes Constipation, improves Appetite, gives perfect health. Only 50c at G. C. Blakeley's drug store. 3

Let's Advertise Our Fruit.

The move made by the Columbia Commission Company recently in placing on each carload of fruit shipped by them a label bearing the trade mark of The Dalles is a good one. Too many carloads go from this place marked Portland, and thus this section fails to receive the credit due it. Eastern firms and Eastern people in general have no idea where the best fruit hails from. Why would it not be a splendid idea to take this means of advertising this section and place in each box a circular giving, in a compact catchy manner, some pointers concerning our orchards that would not only astound Easterners but do us any amount of good.

This year our fruit men are receiving good prices. Previous to last year, when the fruit was shipped on the consignment plan, they were compelled to wait several months, and even then were not sure of their pay. Now payment is made when the goods are delivered.

The prunes this year, though not so large as usual, are a splendid crop for packing, and being two weeks ahead of most other shipping points, will be disposed of in about a week. The prices have been considered good, 35 cents being paid for Italian and 42 cents for Hungarian.

Perhaps the best crop this year is peaches. In this section this is an off year for apples. The pear crop is nothing to brag on, but is fair. Davidson Bros., agent who was in our city a short time since, contracted for most of that fruit raised in this neighborhood.

Taken on a whole, orchardists are in the lead this year.
