EMMA GOLDMAN ARRESTED AT CHICAGO

She Tried to Throw Detectives Off the Scent by Denying Her Identity—Said Her Name Was Lena Larson, and Imitated Swedish Dialect.

CHICAGO, Sept. 10.—Emma Goldman, the high priestess of anarchism, whose speeches, it is declared, turned to fire the brain of Leon Czolgosz, the would-be assassin of the president, was arrested here shortly before noon today. Captain Coleran, chief of detectives, has sworn out a warrant charging her with conspiracy to assassinate President McKinley. Miss Goldman is being held at the central police station in this city. Her manner was defiant as she was taken to the office of the chief of police, but she disclaimed all knowledge of Czolgosz and his crime save that she admitted having met him here July 12th.

"Do you know that your words are what Czolgosz says stirred him to shoot the president?" she was asked.

"I do not; I never advocated violence. I scarcely knew the man. I was leaving Rochester via Buffalo when Czolgosz had a few words with me. He said he had heard me lecture at some memorial hall in Cleveland last May and that he wanted to know me. He said he knew I was in Chicago and looked me up. I scarcely remember anything about him, save that his complexion was light."

"Then how do you know that this man is the one who tried to kill the president?"

"Oh," she replied, with a shrug of the shoulders, "I guessed that from what the newspapers say."

"What did you think when you heard that an attempt to kill the president had been made?" the woman was asked.

With a wave of her hands and another shrug of the shoulders, she replied disdainfully:

"I thought, O the fool!"

The prisoner's manner thus far had been growing more and more excited, although she made an evident effort to control herself. In this she finally succeeded and launched into a discourse on the teachings of anarchism. She declared that anarchism does not teach men to do the act which had made Czolgosz despised and hated the world over. When Captain Schuetler and Detective Hertz discovered her at the home of one Norris, at 303 Sheffield avenue, she denied her identity.

"Hello, Miss Goldman," said the Captain, as he entered the parlor. "Are you glad to see me?"

"I'm not Miss Goldman. I'm a Swedish woman, and my name is Lena Larson," answered the anarchist, endeavoring to imitate a Swedish dialect.

"All right, I speak Swedish myself," said the police officer, as he poured out a few questions in the Norse tongue. Miss Goldman did not answer him, affecting to misunderstand. Detective Hertz, meanwhile, had discovered a penholder with the name "Emma Goldman" engraved on it.

"What does this mean?" asked Captain Schuetler, holding the inscribed penholder.

"It means that the game is up," she said. She then admitted her identity fully and accompanied the officers.

Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion and biliousness. Doctors were scarce and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's prize almanac. Clarke & Falk's.

Heavy Losses of Boers.

LONDON, Sept. 10.—The following dispatch has been received from Lord Kitchener, dated Pretoria, today:

"Since September 2nd the columns have again not good results, the total bag being 681, composed of 67 killed, 67 wounded, 384 made prisoners and 163 surrendered; also 179 rifles, 65,211 rounds of ammunition, 3400 horses and 10,000 head of cattle."

Lord Kitchener further says that the situation in Cape Colony is unchanged, except for the capture of Lotter's command, reported last week.

Does it Pay to Buy Cheap?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world, and sold by Clarke & Falk. Get Green's prize almanac.

Anarchists Can Be Expelled.

NEW YORK, Sept. 10.—Justice McAdams, of the New York Supreme Court, gives the opinion that Emma Goldman and other anarchists who are naturalized can be expelled from the country on the ground that they have sworn falsely in that they have obtained certificates of citizenship by fraud in testifying that they are attached to the principles of government and would support its constitutional laws.

He Kept His Leg.

Twelve years ago J. W. Sullivan, of Hartford, Conn., scratched his leg with a rusty wire. Inflammation and blood poisoning set in. For two years he suffered intensely. Then the best doctors urged amputation, "but," he writes, "I used one bottle of Electric Bitters and my leg was sound and well as ever." For Eruptions, Eczema, Tetter, Salt Rheum, Sores and all blood disorders Electric Bitters has no rival on earth. Try them. G. C. Blakeley will guarantee satisfaction or refund money. Only 50 cents.

Beaten By Strikers.

PITTSBURGH, Sept. 10.—The first violence of the strike at McKeesport, it is reported, took place tonight, when three workmen were set upon by strikers or strike sympathizers and badly beaten. Henry Weir, a water-tender at the tube works, when he came from the mill tonight was warned not to return in the morning. He started for home followed by a crowd. He was caught and beaten so badly that his condition is serious. Charles Meyers, a labor boss at Demmler, was also badly beaten by a crowd when he returned to McKeesport, and John Isenberg, a furnace builder at the National rolling mill, parted with the greater part of his clothing before he could escape from the strikers who endeavored to prevent him entering the mill. The streets tonight are filled with men who are loudly protesting that the mill shall not resume. For the most part the crowd is composed of foreigners and many are thought to be strangers. Altogether it is the toughest looking mob McKeesport has seen for many years. Twenty-five extra policemen have been sworn in and numerous arrests have been made.

To Exclude Anarchists.

MILWAUKEE, Sept. 10.—Senator Julius E. Roehr will introduce a bill in the next session of the legislature to exclude from the state all anarchists and all those engaged in teaching the doctrine of lawlessness.

"I believe," he said, "that the best way to fight anarchy, anarchists and anarchism is to make this class keep out of the state. Every state ought to pass such laws, and then there would be no preaching of lawlessness in the country. I intend to introduce such a measure at the next session of the legislature—unless before that time there are better plans devised for fighting anarchy and anarchism."
