RESULT OF THE AUTOPSY

Death Caused by Gangrene Around the Stomach Wound—Possibility of the Bullet Having Been Poisoned.

BUFFALO, Sept. 14.—The following report of the autopsy upon the remains of President McKinley was issued at 5 o'clock, and was signed by thirteen physicians.

"The bullet which struck over the breast bone did not pass through the skin and did little harm. The other bullet passed through both walls of the stomach near its lower border. Buta holes were found to be perfectly closed by the stitches, but the tissue around each hole had become gangrenous. After passing through the stomach the bullet passed into the back walls of the abdomen, hitting and tearing the upper end of the kidney. This portion of the bullet's track was also gangrenous. The gangrene involving the pancreas. The bullet has not yet been found. There was no sign of peritonitis or disease of other organs. The heart walls were very thin. There was no evidence of any attempt at repair on the part of nature, and death resulted from the gangrene which affected the stomach around the bullet wounds, as well as the tissues around the further course of the bullet. Death was unavoidable by any surgical or medical treatment, and was the direct result of the bullet wound.

Polley of President Roosevelt.

BUFFALO, Sept. 14.—Immediately following the dispersing of the spectators after the taking of the oath of office the president asked the cabinet members present to confer with him. The conference lasted very nearly two hours and when it was finished the president said to the associated press representative: "Following the brief statement I made when taking the oath, that I would follow the administration lines laid down by President McKinley, I requested the members of the cabinet who were present to remain in their positions, at least for the present. They have assured me that they will, and I may say that I have assurance also from the absent members."

Inquiry was made of the president as to whether an extra session of congress would be called by him, and he said that there was no fundamental law requiring the calling of congress together upon the succession of a vice president to the presidency, and that after consultation with the cabinet members he had decided that no such extra session would be called.

A Good Thing.

German Syrup is the special prescription of Dr. A. Bocheb, a celebrated German physician, and is acknowledged to be one of the most fortunate discoveries in medicine. It quickly cures Coughs, Colds and all Lung troubles of the severest nature, removing, as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which its rapidly increasing sale every season confirms. Two million bottles sold annually. Bocheb's German Syrup was introduced in the United States in 1895, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cents. Get Green's price almanac. Clarke & Falk's.

CHANCE TO BUY A HOME.

A body of 4000 acres of land near Astoria will be sold in tracts of 100 acres or more to suit purchaser. More than half of this land is fine wheat land, rich black loam. It is well watered, there being some thirty or forty springs on the tract and small running streams amounting to it. The land is situated from four to eight miles from the end of the railroad at Stevedore.

Any part of the land will be sold either for cash or on long time after the first payment. Price \$5 to \$15 per acre. Inquire of A. S. Bennett.

PROCLAMATION OF ROOSEVELT

Thursday To Be Observed as a Day of Prayer.

MILBURN HOUSE, BUFFALO, Sept. 14.—President Roosevelt tonight issued the following proclamation:

"By the president of the United States, a proclamation: A terrible bereavement has befallen our people. The president of the United States has been struck down; a crime committed not only against the chief magistrate but against every law abiding and liberty loving citizen. President McKinley crowned a life of largest love of his fellowmen, of most earnest endeavor for their welfare, by a death of Christian fortitude; and both the way in which he devoted his life and the way in which, in the supreme hour of trial, he met his death, will remain forever a precious heritage of our people. It is meet that we, as a nation, express our abiding love and reverence for his life, our deep sorrow for his untimely death.

"Now, therefore, I, Theodore Roosevelt, president of the United States of America, do appoint Thursday next, September 19, the day on which the body of the dead president will be laid in its last earthly resting place, as a day of mourning and prayer throughout the United States. I earnestly recommend that all the people assemble on that day in their respective places of divine worship, there to bow down in submission to the will of Almighty God and to pay out of full hearts their homage of love and reverence to the great and good president whose death has saddened the nation with bitter grief.

"In witness whereof I have caused my hand and the seal of the United States to be affixed.

"Done at the city of Washington, the 14th day of September, A. D. 1901, and of the independence of the United States the 125th.

THEODORE ROOSEVELT,

By the President,

JOHN HAY, Secretary of State.

Day of Mourning.

SALON, Or., Sept. 15.—Governor Cox last night issued the following proclamation:

"To the People of Oregon—For the

third time within the history of the United States its people are in mourning over the death of their president by means of an assassin's bullet. During an era of profound peace, when our people are in the enjoyment of an era of unexampled prosperity, and while mingling freely with all classes of the people whose interests he had labored impartially to promote, the hand of the treacherous assassin, which was extended in professed friendship, committed one of the foulest deeds that will ever darken the pages of the world's history. Our beloved President, William McKinley, is dead, and in this hour of National affliction the grief which over spreads the entire nation is shared by the people of Oregon, with bowed heads and sorrowing hearts.

"The mortal remains of President McKinley will be laid to rest at Canton, O., on Thursday, September 19, and in respect to his memory, I recommend that on that day all public and private business be suspended, as far as possible, that flags be placed at half-mast, that the people meet in their respective places of public worship to ask for that National consolation which can only come from Almighty God, and that at the hour of the funeral all church bells throughout the state be tolled as an expression of the grief which weighs upon our hearts as we pass through this shadow of National bereavement.

"By the Governor, T. T. GAZZ,

"F. I. DUBMAN, Secretary of State."

If you are going to the Portland carnival or to the state fair at Salem, take the Balley Gaisert, leaving The Dalles at 8:30 p. m., and view the grandest scenery in the world. Music, meals and the most commodious boat on the river. Its a pleasure to ride on this boat. Passengers visiting Portland etc., if they wish, secure sleeping accommodations and remain on the Balley Gaisert over night, which would save them going immediately to a hotel on their arrival in Portland.

Geo. W. Lane, Fowans, Mich., writes: "Your Kodol Dyspepsia Cure is the best remedy for indigestion and stomach trouble that I ever used. For years I suffered from dyspepsia, at times compelling me to stay in bed and causing me untold agony. I am completely cured by Kodol Dyspepsia Cure. In recommending it to friends who suffer from indigestion I always offer to pay for it if it fails. Thus far I have never paid." Clarke & Falk's F. O. Pharmacy.

Many physicians are now prescribing Kodol Dyspepsia Cure regularly having found that it is the best preparation they can write because it is the one preparation which restores the stomach's capacity to digest not only some kinds of food but all kinds and it therefore opens indigestion and dyspepsia no matter what the cause.
