## HER CONDITION MORE FAVORABLE

Doctors Try to Keep Her Mind Off Events of the Week.

CANTON, O., Sept. 20.—Mrs. McKinley's condition was more favorable this morning than at any time since the arrival of the party from Washington. Her condition during the last few days was as good as could have been expected, and she has had considerable rest. After 11 o'clock last night a small military guard maintained quiet in the street in front of the house, that no noise might disturb her.

It is hoped by the friends and attending physicians that she will be able to leave her room today and give attention to some matters calculated to take her mind off the depressing incidents of the past week. To accomplish this now is the chief aim of her attendants. She will be taken for a drive as soon as possible and everything possible will be done to interest her in affairs of the future to the exclusion of affairs of the past.

The house has been emptied of all its guests, the funeral party, except Dr. Rixey, Mrs. A. C. Barber, sister of Mrs. McKinley, and several close Canton relatives, having departed during the night or early morning. A guard of half a dozen soldiers still surrounds the house, merely to keep out the idly curious and to preserve quiet. A few callers left cards at the house during the morning, including Senator and Mrs. Fairbanks.

### A Good Thing.

German Syrup is the special prescription of Dr. A. Boesche, a celebrated German physician, and is acknowledged to be one of the most fortunate discoveries in medicine. It quickly cures Coughs, Colds and all Lung troubles of the severest nature, removing, as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which its rapidly increasing sale every season confirms. Two million bottles sold annually. Boesche's German Syrup was introduced in the United States in 1898, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cents. Get Green's price almanac. Clarke & Falk's.

King Alfred and President McKinley. LONDON, Sept. 20.—The Times this morning publishes a short poem of which the theme is the coincidence of the funeral of President McKinley and the celebrating of the millenary of King Alfred the Great, taking place at the same time. Following is the closing stanza:

Up with our hearts and over sea Swift be the words of friendship sped: You praise our hero King, and we Lament with you your patriot dead. In sorrow's name one boon we crave— Lay England's wreath upon his grave.

Many physicians are now prescribing **Keel's Dyspepsia Cure** regularly having found that it is the best prescription they can write because it is the one preparation which contains the elements necessary to digest not only some kinds of food but all kind and it therefore cures indigestion and dyspepsia no matter what its cause. Clarke & Falk's P. O. Pharmacy.

Historic Bit of Craps. SALEM, Sept. 20.—Daniel Webster, a fruitgrower residing south of this city, was in line with his veteran comrades of the Grand Army in the parade yesterday, and on his left arm he wore a knot of craps which has served an unusual mission of grief.

Mr. Webster, in the Civil War, was a member of the First Battery of Wisconsin Light Artillery, and at the time of President Lincoln's assassination he was acting chief of artillery, Department of the Gulf, stationed at New Orleans. At the memorial services conducted in honor of President Lincoln Mr. Webster wore the band of craps, which he wore yesterday, and in the interim between 1855 and 1901 he also wore it for General Garfield and for General Grant. After the ceremonies yesterday he said to the Telegram representative: "I am going to lay it away now. It has been worn for the last of my old comrades who will ever fill the presidential chair. There will never be another veteran of the Civil War chosen to that office."

Another Bear Victory. LONDON, Sept. 20.—Lord Kitchener reports that the Bears have captured a company of mounted infantry and two guns, at Viakfootain. One officer was killed. The Bears, in superior force, surrounded the British. Lord Kitchener is making a strict investigation, and has sent columns of troops in pursuit of the Bears.

Russian Grain Crop. ST. PETERSBURG, Sept. 20.—The Journal of Commerce and Industry today semi-officially reports the following regarding the grain crops of European Russia:

The winter grain is quite satisfactory in the southwest, where there was sufficient rain. In the North Caucasus, Finland and a portion of the western provinces, it is above the average. It is not quite satisfactory in the southeast, that is, beyond the Volga and near the Azov Sea. It is bad to very bad in the Volga valley, and the provinces adjoining the Volga valley, Russian Poland and many districts of the Baltic provinces. In other provinces it is about as usual with local exceptions.

The summer grain is everywhere poorer than the winter product. In Poland it is generally good. The report fully confirms earlier prognostications.

Senator Hoar's Counsel. WORCHESTER, Mass., Sept. 20.—At the memorial exercises in Mechanics' Hall Senator Hoar, the principal speaker, said:

"We will, I hope, in due time, soberly, when the tempest of grief has passed by, find means for additional security against a repetition of a crime like this. We shall go as far as we can without sacrificing personal liberty to repress the doctrine which in effect is nothing but conniving murder. We shall also, I hope, learn to moderate its bitterness of political strife and to avoid the severe attack on the motive and character of men who are charged by the people with public responsibilities in high places. The moral is not that we should abate our zeal for righteousness and our condemnation of wrong, but that we should abate the severity of our judgment of the motives of men from whom we differ."

Your Face Shows the state of your feelings and the state of your health as well. Impure blood makes itself apparent in a pale and sallow complexion, Pimples and this Eruption. If you are feeling weak and sore out and do not have healthy appearance you should try **Acher's Blood Purifier**. It cures all blood diseases when cheap Sarsaparilla and so called purifiers fail; keeping this on will surely bring on a perfect complexion. Blakely the Druggist.
