## NO POISON FOUND

Examination of the Bullets in Coigoux' Revolver—The Trial Will Begin Today.

BUFFALO, Sept. 22.—The most important development in the Coigoux case today was the announcement that no poison had been found on the bullets or the revolver with which the anarchist assassinated President McKinley. Chemical and bacteriological examinations were made.

Another examination to determine the actual mental condition of the prisoner was made this afternoon by Dr. C. F. McDonald, the alienist, who was brought here for the defense of the Erie County Bar Association, and Dr. Arthur W. Hurd, superintendent of the Buffalo state hospital. The alienists both declined to discuss the case after the examination.

District Attorney Penney and his entire staff spent all of Sunday at the city hall preparing for the trial of Coigoux, which will begin before Justice White in part III of the supreme court tomorrow morning.

Immediately after the death of the president, one of the staff of physicians in attendance on the president expressed the opinion that the bullets may have been poisoned. District Attorney Penney ordered careful and thorough examination made by Dr. Herbert Hill, the city chemist, who made a chemical examination of the bullets and the chambers and barrel of the revolver, and Dr. Herman G. Malsinger, one of the surgeons who performed the autopsy upon the president's body, was ordered to make a bacteriological examination. This afternoon, Dr. Hill reported to the district attorney that his work showed that no poison had been found. He also presented a written report, but it will not be used on the trial, as that question is now eliminated from the case. Dr. Malsinger has finished his bacteriological examination and his work also revealed the absence of any poison. The district attorney has been informed to that effect, although the formal report has not been submitted. Authorities on this question state that the two examinations form a complete test and that the slightest trace of poison would have been revealed.

Dr. McDonald and Hurd, the alienists, after an interview with District Attorney Penney this afternoon, were escorted to Coigoux' cell and locked up with the prisoner for half an hour. They returned to the city hall and held another conference with the district attorney. Fifteen minutes later Dr. James W. Putnam, a local alienist appeared and joined the conference.

**Run of Fish Dropped OK.**  
ASTORIA, Sept. 21.—The run of fish in the river has dropped off considerably in the past forty-eight hours. The traps, however, can easily supply all demands. The fresh fish dealers pay 1 1/2 cent per pound, and the remainder are sold to Magler's cannery at five cents each. The sealheads caught are sold to the cold-storage men at five cents per pound.

**A Good Thing.**  
German Syrup is the special prescription of Dr. A. S. Bamber, a celebrated German physician, and is acknowledged to be one of the most fortunate discoveries in medicine. It quickly cures Coughs, Colds and all Lung troubles of the chronic nature, removing, as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which is rapidly increasing all over the world. Two million bottles sold annually. Bamber's German Syrup was introduced in the United States in 1882, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. From 75 cents to \$1.00 per bottle. Sent by Clark & Falk's.

## MATCHLESS Dress Goods

And we say matchless with a double meaning—matchless in beauty as well as in price.

We cannot claim a patent on beautiful dress materials—the markets of the world are open to all—nor can we alone quote low prices; but considering styles, qualities and prices as a unit, we doubt if the equal of our new stock can be found anywhere.

## WAR AGAINST ANARCHISTS

Campaign Begun By the Marquette Club, of Chicago.

CHICAGO, Sept. 21.—The Marquette Club, which adopted resolutions for the extermination of anarchism at its memorial services in the auditorium Thursday night, does not intend to let the matter drop with the passage of the resolutions. The plan is to work as hard as possible to bring the subject before congress when it assembles. W. L. Bush, president of the club, said the move is not to be a political one, as it is desired that every liberty-loving citizen of the reserve public shall help to urge congress and the state legislature to pass, at its earliest possible moment, laws against anarchism.

Laws against anarchism as stringent as the constitution will permit and along the lines contemplated by the Marquette Club were talked of by a party of national law-makers returning yesterday from President McKinley's funeral. Senators Allison and Holliver, of Iowa, and Clark, of Montana; Speaker Henderson, of the house of representatives; Governor Otero, of New Mexico; A. B. Cummins, republican candidate for governor of Iowa; Representative L. H. Wing, of Wisconsin; ex-Congressman James Hamilton Lewis, of Washington; and a number of other western congressmen, made up a party that traveled on the same train from Canton. In a discussion of anarchism and the danger of its teachings it developed that all were practically of one mind on the main question—the necessity of restrictive measures against practitioners of the cult.

The plans suggested ranged from deportation of anarchists to some lonely Pacific island, to prohibition of citizenship of all persons who speak against a republican form of government. The entire party was in a state of making an attack on the state punishable by death.

she had enjoyed a good sleep, and that she felt better than at any time since the late night in Buffalo, when her husband was shot. To Dr. Rixey she expressed a wish to take another drive today.

"Mrs. McKinley is improving rapidly," said the doctor. "This matter of driving out is a solution of the problem, I think. She needs little or no medicine, but exercise and good, healthy mental occupation will work a great change. I feel a high degree of confidence in her ultimate recovery and am almost certain that the dreaded collapse will not come."

"Mrs. McKinley's grief is intense. She is doing as well as could be expected, however. Too much encouragement should not be taken at this early day regarding her."

**Found Dying on the Track.**  
VANCOUVER, Wash., Sept. 22.—An unknown man was found in a dying condition by some laborers on the Portland, Vancouver & Yakima Railroad at Dublin Church, near Battle Ground, fifteen miles from here, this morning. When found the man was unconscious and died in a few seconds. His body was carried to a farm house and the report brought to the coroner. The man was a stranger here, but from a day-book found on the body his name is believed to be Beasbham. He appeared to be about 60 years old.

## Good Advice.

The most miserable beings in the world are those suffering from Dyspepsia and Liver Complaint. More than seventy-five per cent. of the people in the United States are afflicted with these two diseases and their effects: such as Sour Stomach, Sick Headache, Habitual Constipation, Palpitation of the Heart, Heart-burn, Water-brash, Gnawing and Burning Pains at the Pit of the Stomach, Yellow Skin, Coated Tongue and Disagreeable Taste in the Mouth, Coming up of Food after Eating, Low Spirits, etc. Go to your druggist and get a bottle of August Flower for 75 cents. Two doses will relieve you. Try it. Get Green's prize almanac. Clarke & Falk.

Many physicians are now prescribing Kodol Dyspepsia Cure regularly having found that it is the best prescription they can write because it is the one preparation which contains the elements necessary to digest not only some kinds of food but all kind and it therefore cures indigestion and dyspepsia no matter what its cause. Clarke & Falk's P. O. Pharmacy.

B. W. Farrell, Kintoreville, Pa., says he suffered 25 years with piles and could obtain no relief until DeWitt's Witch Hazel Salve effected a permanent cure. Oozing hemorrhoids are worthless. Clarke & Falk's P. O. Pharmacy.
