LEON CZOLGOSZ IS GUILTY

Murder in the First Degree—Jury Arrives at Verdict in Thirty-Five Minutes—Judge White Will Not Pass Sentence Today.

COURTHOUSE, BUFFALO, Sept. 24.—The case was given to the jury at 9:51.

COURTHOUSE, BUFFALO, Sept. 24.—The jury, at 4:38, found Czolgosz guilty of murder in the first degree. Judge White said previously that he would not pass sentence today. The law allows him two days to do so.

At 2:44 this afternoon, Dist. Atty. Penney abruptly announced that the case of the prosecution was ended. Judge Lewis, addressing the court, said that the sudden closing of the case against Czolgosz was a surprise to him and his colleagues. They had no witness to call for the defense. He asked the court that he be allowed to address the jury at once. The court assented and the venerable justice began an address that will long be remembered by those who heard it. Judge Lewis said:

"Gentlemen of the jury: A calamity has fallen upon this Nation, through the act of this man, but the question is whether his act was the act of a insane man. If an insane man, it is not murder, and he should be acquitted. The defendant, no matter how serious the crime he has committed, is entitled under our laws to the benefit of a trial. You listened to the defendant's plea of guilty, when he was arraigned at the opening of this term, but the law of our state will not permit him to plead guilty to such a crime as this. The law is so careful of the rights of citizens that it will not permit a man to the crime of murder.

"There are in our country individuals, who think, in a case like this, or even in charges of much less degree, it is entirely proper that the case should be disposed of by lynch or mob law. It is not long since I read in a paper that a colored man in the South had his life taken because he had insulted a white man. I suggest, gentlemen, that those who are crying out that a man who is charged with the crime that this defendant is, should not be permitted to have a trial before a court of justice, are a more dangerous class to a community than the anarchists about whom we read so much.

"It is the duty of every American citizen to stand firmly by the law and put his voice against any idea that a man should be punished for any crime until he is proven guilty. Here this defendant, without having any animosity against the president, without any personal motive so far as we can see, committed an act which he knew, if he was sane, must cause his death. How can a man with a sane mind perform such an act? If you find he was not responsible you would aid in lifting a great cloud from the minds of the people of this country. If you find that the president met his fate through the act of an insane man it is just the same as if he met it by accident. I had the profoundest respect for President McKinley. He was one of the noblest men God ever made. His death was the saddest blow to me that has occurred in many years."

Judge Lewis was crying when he finished and the eyes of many of those in the court room were filled with tears. After giving the charge to the jury, Judge White explained the meaning of "reasonable doubt," and "murder in the first degree," and then asked the jury to retire and bring in a verdict. At 4:38 when the jury stepped into the room the jury again filed into the room. No time was wasted. The judge did not sit down. Addressing them, Justice White said:

"Gentlemen, have you agreed upon a verdict?"
 "We have," responded the jurymen.
 "What is your verdict?"
 "That the defendant is guilty of murder in the first degree."
 There was a moment of silence and then a murmur came from the lips of the crowd. It ended thus: There was

no handclapping; no cheers. The court at once adjourned.

Mean Be Anti-Anarchist.
 SEATTLE, Sept. 24.—"Any foreigner or alien applying to my court for citizenship papers, who in any way acknowledges that he favors anarchism, is friendly to anarchists or has any leaning towards anarchistic beliefs, will be denied citizenship by me."

Judge Boyd J. Tallman, of King county superior court, yesterday made the foregoing statement explanatory of the new attitude he has assumed toward foreigners applying for citizenship papers through his court. Three foreigners were being examined on application for citizenship, Judge Tallman rigidly questioned them as to their attitude towards anarchists.

Czolgosz' Family.
 CLEVELAND, Sept. 24.—Paul Czolgosz, father of the assassin, accompanied by his son, Waldeck, and his unmarried daughter, Victoria, left this city early today for Buffalo. Detective Jacob Wagon also accompanied the party at the request of the elder Czolgosz, who is so constant for that an attempt will be made upon his life, as the result of his son's crime. While no member of the family has been summoned as a witness at the trial of Leon Czolgosz, both the father and the son, Waldeck, declared they would offer to testify, but express the hope that the assassin would receive full punishment for his act.

Immediately upon his arrival at Buffalo the father will seek permission from the authorities for an interview with the assassin. The old man declared this morning that he would make every effort to get a confession of any possible plot from his son. He said he firmly believed that some one influenced Leon to commit the deed.

Anarchist Paper to Be Suppressed.
 New York, Sept. 24.—Pedro Esteve, the editor of the Paterson, N. J., anarchist paper, La Question Sociale, has met his first serious obstacle in getting out his paper, and it looks as though its publication might be stopped altogether. For nearly a year the paper was printed in Passaic by Frederick Clough, a job printer. Chief of Police Hendry, of Passaic, heard of the paper being printed there, and sent word to Clough that the paper could no longer be printed in Passaic. Clough said that he had signed a contract to print the paper, and that he could not back out of it. Chief Hendry replied that contract or no contract, the paper could not be printed in Passaic. After consulting his lawyer Clough printed the papers and delivered them in Paterson. Chief Hendry declares that this will not be allowed again. He says he will have a policeman watch the printing office and that he will take the responsibility of breaking a contract for such work.

White Man Turned Yellow.
 Great consternation was felt by the friends of M. A. Hogarty of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes, and he suffered terribly. His only way was Yellow Jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful Stomach and Liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its matchless merit for all Stomach, Liver and Kidney troubles. Only 50c. Sold by G. C. Blakeley, the druggist.
