CAPTURE OF MISS STONE

Details Related By Members of the Party She Was With.

BOSTON, Sept. 25.—Details of the recent capture of Miss Stone, the American missionary, and one of her helpers by brigands in Turkey, are given in a letter just received here by the American Board of Commissioners for Foreign Missions. The facts became known to one of the missionaries of the board at Samokoo, European Turkey, by members of the party with whom Miss Stone and her assistant, Mrs. Teika, were traveling when the capture was made, and who fled on being released by the outlaws.

There were fifteen to eighteen in Miss Stone's party. The bandits confronted them in a narrow valley, surrounded them and compelled them to wade a river and ascend a wooded mountain side for about an hour. There appeared to be about forty brigands dressed like Turks, but speaking Bulgarian. At length a stopping place was reached. The next morning Miss Stone and Mrs. Teika were missed, and it was apparent that the main body of the outlaws had disappeared, leaving only a guard. Later this guard compelled the captives to give up their watches, money and jewelry, after which they disappeared up the mountain, leaving the missionaries free.

It is thought the brigands may have entered Bulgaria, and the army has been given special instructions to guard the border closely and follow up any traces of the marauders which they may find.

Will Pay the Ransom.

WASHINGTON, Sept. 25.—In reply to the inquiry from the state department as to whether they would pay the ransom asked by the Bulgarian brigands who kidnaped Miss Stone, the American Board of Missions has stated that it has charged its representative in Constantinople with the ransoming of the woman, leaving the price to be arranged by him.

Family at the Prison.

BUFFALO, N. Y., Sept. 25.—Paul, Waldeck and Victoria Czolgoz, father, brother and sister of Leon Czolgoz, the assassin, were granted an interview with the prisoner in Erie county jail today. Assistant District Attorney Haller and Assistant Superintendent of Police Cusick were present under instructions from District Attorney Panney, through out the interview. No other person will be allowed to see the prisoner until the sentence of death is imposed tomorrow.

The interview between the family lasted thirty-five minutes, but no information leading to the implication of any one else in an anarchistic plot to kill the president was given by the prisoner.

"We learned nothing that we did not know before," said Haller, at the close of the interview. "He talked more than he had at any previous time, but even to the family he was not very communicative."

The family returned to Cleveland immediately after the interview.

Taking in Ireland.

New York, Sept. 25.—The Tribune's London correspondent in a dispatch, gives the latest development in Great Britain so far as the tobacco syndicates are concerned. The dispatch says:

"It is stated that the American Tobacco Company, not content with purchasing the Ogdons' property at Liverpool, is about to start operations in the north of Ireland. A large flour mill has been acquired at Belfast, and it is said to be the intention of the company to turn it into a tobacco factory. There is little wheat grinding in Belfast nowadays, most of the flour required for baking being imported."

Socialists May Move to So.

New Whatcom, Wash., Sept. 24.—It is said that all the socialists employed in the canneries of the Pacific Packing & Navigation Company at Whatcom are to be discharged, as a result of the action of several of the more prominent of them in attaching their names to resolutions adopted by the local branch soon after the shooting of President McKinley and

published in the local press. These resolutions held the present system of government responsible for the assassin's act. The secretary of the local lodge of socialists is the manager of the commissary department of the big salmon trust. Another employe has thrice been a candidate on the socialist ticket for mayor of the city. Both are said to be slated to go.

Dark Days of Chinese.

SAN FRANCISCO, Sept. 25.—The Chronicle says that the Chinese are now seeking to evade the restriction act by taking advantage of the transit privilege. They come to San Francisco, it is asserted, and at once depart for Mexico or other foreign ports, only to cross the border back into this country at the first opportunity. Since July 1st, 758 Chinese have arrived in this city en route to foreign countries. Of this number 259 were ostensibly bound for Guaymas.

A Serious Charge.

SALEM, Sept. 25.—Lemuel Gasaway is under arrest in this city, charged with a crime against his own 10-year-old daughter. The crime is said to have been committed while the family, composed of the man, his wife and daughter, were encamped in a hop field near this city. The case will be heard in the justice court this afternoon. The evidence against the defendant is very strong.

Were of Asiatic Origin.

DURANGO, Colo., Sept. 25.—Leopold Batres, a scientist representing the government of Mexico, is in Durango on his way to Mexico from a visit to the Cliff-dwellers' ruins of the Manos Canyon. Senor Batres has fully satisfied himself that the inhabitants of the cliffs were of Asiatic origin, as he found many baskets and other trinkets of Asiatic and Japanese design, but how many thousands of years ago they came to this country he is unable to even make a guess.

He thinks the mound-builders and the cliff-dwellers two distinct races. The cliff-dwellers, after leaving this section, migrated to Mexico, going through Arizona, where indications of their stoppage en route are found. In Mexico they comprised the original Toltecs and built cities. That this is so is verified by legends and inscriptions Senor Batres found on the walls of some of the rooms. Senor Batres says the United States government should take steps to preserve the ruins and save them from vandals and tourists, as they form a wonderful link to a prehistoric race. The ruins are being destroyed by visitors, and no time should be lost in taking steps to preserve them.

SETH LOW FOR MAYOR

Named by New York Republicans and Citizens' Union.

New York, Sept. 25.—Seth Low was named last night by the republican convention for mayor of New York on a strong anti-Tammany platform. Mr. Low was nominated also by the Citizens' Union.

A movement for a third city ticket with Colonel Edward M. Knox as the nominee for mayor has been launched by the executive committee of the city democracy. The committee of eighteen is charged with having broken faith with the independent democrats in naming Seth Low for mayor. Every assembly district in Manhattan and the Bronx was represented, and there was a large delegation from Brooklyn. It was conceded by several influential members after the meeting that the organization, while desiring the withdrawal of Mr. Low, and while standing ready to support any independent democratic for mayor, may possibly support Mr. Cole, if he is named by Tammany in opposition to Seth Low.

Seth Low, who was last night nominated by the republican and Citizens' Union conventions, is quoted in the Tribune as saying:

"As soon as I receive official notice of their choice, I shall gladly accept."

"What are your plans for the future?" he was asked.

"I can't speak of them now," said Mr. Low. "The future will take care of itself."

Mr. Low said that he had appointed John J. Clarke as his campaign secretary. Mr. Clarke was secretary of the Citizens' Union four years ago.
