### WAYSIDE GLEANINGS.

No. 1 wheat in the market today is 48 cents a bushel.

The ladies of the M. E. church will have a sale of bread, pumpkin pie and all kinds of cakes at Cross' grocery store next Saturday.

Last night's Telegram had a very good picture of the queen of The Dalles carnival. The Oregonian's picture the other day was a libel.

Go to the Umatilla House bar for the original Amber Cocktail and the only original Carnival Lemonade. All others are base and insipid imitations.

Steamer Bailey Gatzert. Commencing October 1st the boat will leave Portland on Tuesdays, Thursdays and Saturdays at 7 a. m., and The Dalles on Wednesdays, Fridays and Sundays at 7 a. m.

Harry Mahour is buying wheat at Lytle for the Wasco Warehouse Company. The price today at that point was 47 cents a bushel. Very little wheat, however, is changing hands at that point at that price.

In the Weekly Crop Bulletin, dated September 30th, A. G. Stogdill reports from Tyah valley: "Copious showers during the week. Ground in good shape for seeding. Threshing completed. Fall seeding begins. Potato digging begun. There will probably be enough potatoes to supply the local demand."

In the forthcoming number of the Ladies' Home Journal Cleveland Moffet is going to tell for the first time the real story of Ira D. Baker's great voice. Not the least interesting of his incidents he will relate in the story his own description of how that famous hymn, "The Ninety and Nine," came to be written.

Mr. M. T. Nelson left on the afternoon train for Portland, intending to meet there the members of his husband-in-law, George Nelson, who was killed at Missoula, Montana, yesterday morning.

Should no accident or delay intervene, the remains will arrive here tonight and the funeral will take place tomorrow at 9:30 a. m.

"Good people's children have good people's luck." The proverb is awry somewhat, but it will apply fairly well to J. B. Havelly, of Boyd, who, last spring, planted seventy-two acres of ground to potatoes, instead of leaving it fallow, and is now reaping the reward in selling a crop of 1500 sacks at a dollar a sack. "It is no big crop," as Mr. Havelly remarked to the OREGONIAN man today, "but then you must remember that the ground was summer fallow, and that whatever was got from it was just so much found."

As a result of efforts made by Industrial Agent Judson, of the O. R. & N. Co., the Commercial club of Pendleton has arranged for the holding of monthly exchange fairs at that city. These are to be held on the first Tuesday of each month, the first one being this month. Fairs of this kind are an old institution, but so far as we are informed have not yet been held on this coast. They enable those who wish to buy stock or other farm articles and those who have it for sale to come together, and they establish a general market day for all kinds of produce. Mr. Judson intends to arrange for similar fair days at all suitable places along the lines of the O. R. & N.

The fruit and vegetable exhibits at the carnival last night were not complete but they were sufficient to maintain, if not increase, the reputation of Wasco county as one of the greatest fruit districts on the Pacific coast. Quite a number of the ladies and gentlemen who inspected the fruit and vegetable booth last night were insistent that the fruit exhibit, especially, was vastly better, as to quality, than anything that they had seen at any recent fair from Spokane to Salem. The OREGONIAN man may have been unfortunate in regard to the persons he ran up against, but he met nobody who was not surprised and delighted, not to say astonished, at the fruit exhibit. The consensus of opinion was unanimously in favor of Wasco county as the equal, if not the superior, of any fruit district on the Pacific coast.

When Norman V. James, a young soldier of the Salvation Army, died suddenly at the Sea Hires Lumber House last Wednesday, his comrades of the army telegraphed, at an expense of \$12.50, to the young man's father in Spokane. A reply in cypher was returned to the comrades which read, "Approach, Paradigm." No one here could interpret the cypher, and the dispatch was finally sent to the headquarters of the army at Portland, with the request that they should seek interpretation among the merchants and bankers of the city. As a result the office in charge of the army's work at this place has received a reply which says that "Approach" is oblique ep-

pher, means, "Make necessary arrangements," and "Paradigm" means "I anxiously await particulars." Meanwhile young Norman was decently interred by his comrades of the army, and his father has been sent full particulars of his death.

In the hurry of writing up the carnival parade of yesterday the single cereal float in the parade was credited to the Eastern Oregon Land Company. This was a very natural mistake of the writer who knew that the entire design and conception of the float was the work of Mr. G. T. Parr, the resident agent of the Eastern Oregon Land Company. However, it is only right to say that the Eastern Oregon Land Company, as such, had nothing in the world to do with the float and whatever honors are attached to it belong to the cereal committee, of which Mr. Parr is the chairman. In this connection THE OREGONIAN would repeat its remarks of yesterday that the cereal float equaled, if it did not surpass, in beauty of design, anything that was ever seen here or elsewhere. And this remark is fully intended to take in the entire display from the superb cereal exhibit to the charming goddess of harvest, in the person of Miss Nina Gathrie.

One of the most valuable if not the most beautiful exhibits at the carnival is that of Louis Comini, the tombstone man, at the left hand of the main entrance to the carnival grounds. In the center of a number of beautiful monuments is one of massive granite inscribed, "In Memory of Our Martyred President, William McKinley." Above the monument and inscription is a brilliant electric light which nightly sheds its rays on a splendid steel engraving of William McKinley. In front of Mr. Comini's booth is a massive sarcophagus in red Scotch granite, and near by is a magnificent column monument in gray Scotch granite. The "McKinley" monument, it should be said, is of native Dalles granite and from a solitary boulder that was discovered on the bluff some years ago, which Mr. Comini claims to be equal to the best Scotch granite. The bases of all the monuments are from a Mill Creek quarry that furnishes a stone that is not exceeded in enduring qualities by any in the world.

### PERSONAL MENTION.

Mrs. Nora Spurling, of Roseburg, is visiting Mrs. E. E. Henderson and railroad friends.

Mrs. Frankie Kane and Miss Adelle East, of Los Angeles, California, arrived here yesterday to take in the carnival.

George Crossfield, the Wasco merchant, arrived here by private conveyance yesterday. He says the whole country around Wasco is making preparations to attend The Dalles fair and carnival.

### NOTICE.

Commencing Monday, Sept. 30, 1901, the office of the Pacific Express Company closed at 2:30 p. m.

E. KENN, Agent.

### At the Race Track.

A large attendance, delightfully pleasant weather and a track as near perfect as could be found anywhere in the Northwest, made the opening afternoon of The Dalles district fair association a flattering success, and insures one of the most successful meetings ever held in Eastern Oregon.

The stables are well filled with a fine collection of horses well known throughout the Pacific Northwest as record-breakers in their respective classes.

There is also, according to the best authorities on live stock, the most valuable and finest collection of cattle, hogs and sheep that has ever been on exhibition in this district. Most noticeable among the herds is that of W. O. Minor, of the Mountain Valley stock farm, who has eleven head of Shorthorns. Among them is the famous Sally Girl, champion American prize winner, who has until the last meeting of the state fair, taken every first prize offered in her class, and she was beaten on that occasion by another of the same herd. Another famous cow is Lily of the Valley, the winner of the second prize at every point last year. There are various others in the herd of equal merit.

Another attraction that no lover of fine stock should miss seeing is the herd of Herfords belonging to C. B. Ware, of Pendleton. He has ten head, and they are hard to beat, among them being the famous two-year-old Berbank, Odd Fellow, the prize calf, and Bell Donald, the prize yearling heifer. Both the latter took prizes over Sparks' famous Nevada herd. Marchon XII, the famous yearling bull that was bought in Chicago when a calf for close to \$1000, is also among the number.

G. E. Snipes has also a pretty herd of Jerseys, which ranks among the best from Wasco county that have been entered up to this time.

The trotting race of mile heats, last two in the three, between Edmund B., owned by Fred Fisher, of this city, Duke of Wabasha and Nancy K., was the first feature of the afternoon. The first heat was won by Nancy K., with Duke of Wabasha second and was a remarkably pretty heat, the time being 2:45.

The first heat of the mile heat pacing race between Solo, Nellie Coover, Madeline G and Primrose was then called and was won by Solo, with Primrose second and Nellie Coover third, time 2:29.

Even more interest was taken in this heat than in the preceding one of the trotting race, and everyone was well pleased with the fair manner in which it was pulled off.

At the time of going to press the program was preparing for the second heat.

### Attention.

The Knights and Ladies of Security will meet in Entertainment hall tomorrow (Wednesday, Oct. 3) at 8:15 p. m. W. A. CRAWFORD, Cor. Reg.
