### AT THE TRACK.

The Attendance Today Exceeds That of Yesterday—Weather Is Perfect.

#### TUESDAY AFTERNOON.

The second heat in the trotting race between Nancy K., Duke of Walstein and Edmond S., which was unfinished at the time of going to press yesterday, concluded the race as Nancy K. came under the wire a close first with Edmond S. second, the time being 2:45.

In the second heat of the pacing race Solo got a poor start, and Tilden's Nellie Covert struck out at such a rate that it was impossible for Solo to gain the lost ground over the little gray, although he came in a close second, the time being 2:33½. Mr. Hobson's Primrose made a very pretty showing and in another year bids fair to out class both the other horses. Were it not for Primrose breaking in this heat it is a question if Solo would have taken second place, and it should also be remembered that she has recently recovered from an attack of distemper and had less than two weeks' training, and even during this time she did not get the necessary work. Nellie Covert also led in the concluding heat, although for a time the most competent judge would have been at sea as to the result.

"When they passed the quarter pole for the last time it looked as if Solo would hold the small lead he had gained, but suddenly he weakened and the little gray shot by as if he was standing still, and if Primrose had not pulled one of her front shoes, which broke her gait, Solo would have won a third place. The time of this heat was 2:26½.

The quarter of a mile dash, which was the concluding race of the day, furnished a remarkably pretty spectacle, there being seven entries and all of them had some previous good records, much interest was taken in the outcome. B. C. Green, Little Henry, Tucker Snow, Tommy, Typewriter, Dewey and Cultus Cotton were the contestants, and as some of the horses, particularly Typewriter, were very nervous, it was difficult to get an even start. When they did get off B. C. Green had the lead, with Dewey about a length behind, but the little black gained steadily and won out, although a few inches would have put the judges to guessing as to what decision they should make. Little Henry, on account of a poor start, could not gain lost ground, but had he been even with the others when the signal to go was given, the showing he made would cause one to conclude that the result would have been different. Time 25 seconds.

#### WEDNESDAY AFTERNOON.

"Had the weather been ordered for the occasion it could not have been more perfect for the race meeting," was remarked by one of those interested in the success of the meeting of the district fair, and everyone at the track this afternoon seemed to agree that the above remark was correct.

In consequence of the favorable conditions and the splendid amusement arranged by the committee, a much larger crowd was in attendance than yesterday. The track is improving every day owing to the perseverance and judgment of those who have charge of the work, and before the conclusion of the meeting it is more than likely that some surprising speed records will be made.

The first attraction of the afternoon was the trotting race between Edmond S., owned by Fred Fisher, L. E. Crowe's Freak, and Judd Fish's Dennis. The start was even and at the end of the first half Edmond S. led, with Freak second. Dennis then began to forge ahead and it was apparently a close race between Freak and Dennis, at the last quarter post, for second place, when Freak's sulky broke, forcing him to drop

out and giving first place to Edmond S., with Dennis second; time, 2:53½.

The second race was a five-eighths mile dash between Undergrowth, Little Henry, Regalong and Barnato. Little Henry was in the lead when they passed under the wire the first time, with Regalong second, which position was held during the entire race. Little Henry won with apparently little effort. Regalong was a close second, while Undergrowth easily took third place over Barnato. Time, 1:05½.

At the time of going to press the second heat of the trotting race had not come off.

#### Brain Food Nonsense.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. O. Green's reliable remedies at Blakeley's drug store. Get Green's Special Almanac. 1

R. Stinson, secretary. Tickets sold October 13th, 14th or 15th. No reduction will be made for the return if total attendance does not equal requirement. \$18-1m

She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them.
