## OUR GOVERNMENT WILL PAY RANSOM

United States Consul at *Mitla* Ordered to Arrange for Release of Miss Stone.

PANA, Oct. 8.—A letter received by the Havana Agency from Mitla, dated October 4th, says:

"The American consul here has just received orders to make the arrangements with the Vail (government) for the payment of the ransom of Miss Stone. The United States will advance the money, afterward settling with Turkey."

"The Turkish authorities have made numerous arrests among the Bulgarian population, without distinction of religion, and nearly all have been put to torture in the hope of abstracting information. A prisoner named Dimitri said an understanding existed between the Protestants and the Macedonian committee, and that Miss Stone was even acting in concert with them with the view of obtaining funds for a political-religious propaganda. These declarations, wrung from Dimitri under torture, are valueless. What is certain is that the captain of the band designated for the payment of the ransom a place in proximity to the Roumanian frontier, which proves that he hopes to escape the Turkish police, and that the Bulgarian police do not cause him anxiety."

"The condition of affairs is shown by the fact that five or six bands of brigands of 12 or 15 men each have become so bold between Strumitsa and Koprill that the officials of the Oriental Railroad have requested the military authorities to reinforce the troops guarding the track and bridges."

**Suggests Remedy for Anarchism.**  
New York, Oct. 8.—Says the London correspondent of the Tribune: A prominent official connected with criminal prosecution is authority for the statement that America and England were responsible for the failure of a recent conference of police officials of European powers directed against anarchism.

"If our two countries," he remarked, "had been willing to restrict the privilege of political asylum anarchism would have been doomed, for its advocates would be driven out of one country after another and compelled to abandon their principles. Anarchists will be found as long as England and America agree to shelter and protect them. Let those two doors be closed upon them and they will disappear from the face of the earth."

The eminent specialist quoted asserts with emphasis that England and America made a serious mistake in rejecting the overtures for international police measures against anarchists after the murder of the king of Italy, and that they ought to undo the mischief by reopening negotiations for a conference. His remedy for anarchism is expulsion of anarchists from every foreign asylum and refuge.

**Believes in Protection.**  
CHICAGO, Oct. 8.—In an interview last night, Congressman Belmont, of Wisconsin, republican, who declared himself still an uncompromising protectionist, said:

"When any article can be manufactured in the United States cheaper than anywhere else and is an article of export, the duty producers no longer afford to protect it, but simply those who secure control to make such prices as they see fit in the domestic market up to a point where it can be imported."

Mr. Belmont instanced the steel trust as illustrating his contention that the present system favors monopolies. He also insisted in this interview that the elimination of the tariff on the steel industry that high tariff makes the steel...

## EXCHANGE FAIR A WINNER

**The Pendleton Meeting Was Marked by \$7000 in Sales.**

PENDELTON, Oct. 8.—The first monthly exchange fair in the Northwest, which was held here today, was a success. There was a good attendance. This is best told by the sales, which aggregated \$7000. The demand far exceeded the supply, horses coming in from Pendleton, who reside 150 miles from Pendleton, were in attendance, and purchased cattle, horses, etc., as well as offered them and general farm products for sale. Farmers in this valley, Harney county, left for home this evening with their purchases, which filled six four-horse and two five-horse wagons.

The fair was held in Alta street, at the corner of Main, next to the Pendleton Savings Bank. E. T. Cox was in charge of the arrangements, and represented the Pendleton Commercial Association. He did thoroughly throughout the country, and knew in a general way what was to be on hand for sale. Mr. Cox made a lot of money of course, and was most efficient. Others of the business men present, and Colonel E. C. Jackson, Indian agent of the O. R. & N., and other business men, was here to see how the fair succeeded. He is the one who organized it and who caused the trial on its experiment for the town of the Pacific Northwest. Colonel Jackson will present the matter to other towns and will have the cooperation of the local commercial bodies and of the press in establishing these fairs as a permanent feature.

**WE ARE AGENTS FOR**

**MITCHELL WAGONS**

Jewels, candy, bottles, etc.—that is the order of a woman's preferences. Jewels form a magnet of magnetic power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. G. G. Green's German Syrup. It will promptly arrest consumption in its early stages and heal the inflamed lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get Dr. G. G. Green's reliable remedies at Blakely's drug store. Get Green's Special Almanac, 1

Miss Wilkin, of the Campbell & Wilson Millinery Factory, has engaged the services of Miss Margaret Torgler, a first-class milliner, a former employee of Hallors, of Portland, and is therefore prepared to meet the demands of the best trade, as well as the medium.
