

The Salem Statesman calls The Dalles "The City of Sand." Well, as between sand and mud we folks over this way will take the sand every time. Sand is good. It is an important element in cementing the great structures that are built to withstand the wear of centuries.

The Pendleton Tribune taunts The Dalles with being a "suburb of Portland," and as such should have nothing to say in the politics of Eastern Oregon. The charge is not criminal, to be sure, but it is unbecoming.

The Corvallis Times has a very sensible editorial on the testimony of A. Bush, Salem banker, in regard to Treasurer Metchan's loaning the state funds. After discussing the matter, the Times says: "Meanwhile, the state treasurer is paid a salary of \$800 per year. He gives a bond of one million dollars. The responsibility of his office is vast. The smallness of his salary is temptation, if not actual suggestion to lend state funds and pocket the proceeds."

Beautiful glazed tiles 7000 years old are dug up on the site of Babylon. The civilization of that period must have been several thousand years old. At all events, the historic period is growing rapidly in spite of the exigencies of the evolution doctrine that would reduce these remote ancestors to the rank of intelligence possessed by a modern ape.

The Salem Sentinel, republican, says: "A conservative man whose judgment in matters political carries much weight, ventured the assertion the other day that Geer would not be able to carry a single precinct at the Marion county primaries next spring. The same report comes from Douglas and other Southern Oregon counties and from Eastern Oregon."

Located by Vision.
Portland, Aug. 10. (To the Editor)—Homer de Morrison, occultist, located by vision the bullion stolen from the Selby Smelting Works. In behalf of occult science he immediately communicated by letter the facts to Mr. A. J. Ralston, owner of the Selby Works. The reports received last night prove his statements correct.
MRS. FRANCIS PARTLOW.
"It is pleasing to be assured that the gold stolen from the Selby Smelting Works was located by vision by a Portland occultist. This proves that the story of the confession of the thief and that his assistance was required in recovering the gold was a base California invention for the purpose of depriving Oregon of just glory."—(Editor Portland Oregonian.)
