TEN KILLED AND SIX WOUNDED

Detachment of Forty-Six Americans Attacked by Five Hundred of the Enemy.

MANILA, Oct. 18.—Five hundred Bolomen attacked a detachment of forty-six of the Ninth Infantry at Bangson, on the Gandara river, island of Samar, today, killing ten and wounding six. The remainder of the company arrived on the scene in time to prevent further slaughter, and routed the enemy, killing over 100 of them. It is believed that the enemy only retired for reinforcements. As soon as the news was received at Catbalogan, two gunboats were dispatched, General Smith going in person to the scene.

WASHINGTON, Oct. 18.—The following brief cablegram from General Chaffee, reporting the fight of the Ninth Infantry in Samar, Wednesday, was received at the war department this afternoon: "Manila, Oct. 18.—Corbin, Adjutant-General, Washington: Forty-six men, Company E, Ninth United States Infantry, under First Lieutenant George W. Wallace, in field, Lower Candara, Samar, were attacked by 900 Bolomen, October 16th. Our loss ten killed, six wounded; names not received. Eighty-one of the enemy left dead on the field. Enemy beaten off."

Cave-in of Rock.

NEW YORK, Oct. 18.—Fifty tons of rock caved in the rapid transit tunnel at One Hundred and Sixty-seventh street and Broadway today, carrying death to an undetermined number of forty men, who were at work below the surface. Four are known to be dead.

Many of the workmen are imprisoned in a small chamber of the excavation, and their fate will not be known until the rescuers, who are digging toward them, reach the point where they are entombed. They are 600 feet south of the great shaft, at the intersection of One Hundred and Sixty-seventh street and Broadway, and 110 feet under ground. It is estimated by some of the engineers that there was air enough in the chamber to keep the imprisoned men alive for several hours.

The engineers have decided that the only way to get to the cave-in is to tunnel around the rock which had fallen. The contractors are unable to explain the disaster. They said it was the west side of the tunnel work that had collapsed, and that it had seemed on inspection to have consisted of solid rock and to have been very firm.

More Honors for Oregon.

BUFFALO, Oct. 18.—"More honors for Oregon at the Pan-American exposition." Thus wires Henry E. Doeh, one of Oregon's commissioners to the exposition, and adds: "Oregon butter, put up in time last June for export trade, scored 93½ points, being one-half point higher than standard fresh butter, and highest point scored for export butter."

Tax Dodger Given His Just Deserts.

CRAWFORDSVILLE, Ind., Oct. 18.—William Cox, a wealthy farmer, has been fined \$1000 and costs in the circuit court for dodging taxes. It was shown that for seventeen years he has made false returns and escaped taxation of over \$100,000. As a result of the criminal prosecution, the assessor has placed \$50,000 on the tax duplicate against him.

Death of Pillsbury.

MINNEAPOLIS, Oct. 18.—John S. Pillsbury, former governor of Minnesota, and one of the state's foremost citizens, died early today of Bright's disease. He was over seventy-three years old. He was a member of the famous family of flour millers and in spite of numerous benefactions he has made, leaves a large fortune.

Mr. Pillsbury served three terms as governor, from 1876 to 1882. He was always the friend and benefactor of the University of Minnesota, to which he gave its \$150,000 science hall, and on whose campus its alumni erected to him a fine bronze statue. He was a life member of the Board of Regents. He presented to his native town of Sutton, N. H., a town hall in memory of his parents. With his wife he established an endowment fund of \$100,000 for a home in this city for children and aged women. Last year he built here a home for working girls at a cost of \$25,000, and this year he gave \$75,000 for a public library on the East Side.

Mr. Pillsbury has been a resident of Minneapolis since 1853.

In Miss Stone's Behalf.

NEW YORK, Oct. 18.—The correspondent at Samakof of the Journal and Advertiser cables that paper as follows: "It is learned that Mre. Bakmetlow, wife of the Russian diplomatic agent at Sofia, formerly Miss Beal, of Washington, has begun energetic work in behalf of Miss Stone, and the strong attitude taken by the German diplomatic agent, because of the murder of a German traveler, may hasten the authorities to bring about Miss Stone's release. The Bulgarian authorities are working hard to prevent the ransom from being paid on Bulgarian soil. Hence Dr. Haskell is likely to get another letter, requesting payment of the ransom on Turkish territory."

Held Up By Stone.

WASHINGTON, Oct. 18.—Senator Simon, of Oregon, called upon the president this morning, and had a pleasant interview concerning appointments in Oregon. He particularly expressed dissatisfaction with the appointment of George W. Bibee, as receiver of the Oregon City land office. President Roosevelt said he had not been previously aware of the lack of harmony in the Oregon senatorial delegation, and in making the recent appointment of Bibee he believed there was no objection on the part of anyone thereto. He assured Senator Simon

that in future no appointment would be made in Oregon without first consulting both senators.

Upon receipt of a telegraphic protest from Senator Simon against Bibee's appointment several days ago, the president held up the commission which had already been made out. It is probable in view of today's conference that the appointment will be allowed to stand, and some future compromise be arranged.

No recommendation has yet been made to fill the receivership of the Burns land district. It is possible Hayes may continue to receive for several weeks yet.

Salt Lake Tribune Sold.

SALT LAKE CITY, Oct. 18.—The Salt Tribune today editorially announces the sale of that paper to William C. McBride, for many years head of the Washington press bureau of the Cincinnati Enquirer. Patrick H. Lennan, for nineteen years proprietor of the Tribune, retires from active newspaper work. Judge C. C. Goodwin, who for many years has been associated with Mr. Lennan as editor of the Tribune, also retires from the Tribune, and will devote his time to literary work. The Tribune will be continued republican in politics.

Outlook is Bad.

LONDON, Oct. 18.—The Globe this afternoon says it fears that the safety of Miss Ellen M. Stone is seriously compromised by the attitude of Consul-General Dickinson in refusing to pay the ransom and in demanding that Bulgaria arrest the leaders of the Macedonian committee as the real authors of the missionary's abduction. The paper says the situation contains all the factors of a grave international complication and threatens to assume importance far beyond the personality of any individual missionary.

Olive Growers Unite.

LOS ANGELES, Cal., Oct. 18.—About two-thirds of the olive growers of California have united in an attempt to obtain better prices for their product. They have appointed a committee to devise a plan for the organization of all the olive growers of the state, first forming a local organization. Specific laws against the adulteration of olive oil will be urged upon the next congress.

Brain Food Nonsense.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. C. Green's reliable remedies at Blakely's drug store. Get Green's Special Almanac.
