## HOTBED OF INSURRECTION

People of Samar Must Be Concentrated in the Towns—Intense Feeling Between Troops and the Rebels.

MANILA, Oct. 25.—The people of the island of Samar have been notified to concentrate in the towns on pain of being considered public enemies and outlaws, and treated accordingly. Intense feeling exists among the troops in Samar. If they can meet the enemy in the open there will be great retaliation. Many of them have seen, and others have heard of the barbarous treatment to which the dead American soldiers were subjected by the Filipinos recently.

Francisco De Jesus, Lukban's chief of commissary, was recently captured and taken to Cebu. Papers which he had in his possession have resulted in the arrest of many of the best-known presidents and other civil officials of the island of Leyte.

It develops that Biliran island, north of the island of Leyte, has been a hotbed of insurrection. Every civil official there has been aiding the insurgents of Samar in every way. They have landed several cargoes of rice, and have received help in exchange.

Several thousand dollars also fell into the hands of the Americans when De Jesus was made a prisoner. His capture is thought to be a great disaster to the revolutionary cause.

General Sumner reports a fight which took place at daybreak Wednesday, at Tayan, province of Batangas, between Companies D and I, of the First Cavalry, and a band of insurgents. The insurgents were driven into the mountains. The cavalrymen destroyed the insurgent barracks, storehouse, 8000 pounds of rice and many uniforms and blankets.

The insurgents yesterday attacked San Jose, province of Batangas, which was garrisoned by a detachment of the Twenty-first infantry, under Lieutenant Patrick A. Connelly. The Americans fought hard, but were unable to prevent the burning of the town.

Union Indispensable. Commenting in The Oregonian's report of the recent meeting of strawberry growers at Salem and their proposed organization in the same manner as the Hood River growers have organized, the Salem Journal says:

A fruitgrower union at Salem is indispensable to protect the berry trade at both places. For instance, the Hood River berry is grown on the sandy bottom land near the river, and is even a good crop on the heavier lands of Salem prairie in favorable locations. The so-called Hood River berry is Clark's Seedling, and grows to the greatest perfection for the home market and canning at Salem, and quite a number of crates were shipped from here last year. They were so large and fine in color and quality that they brought orders for more. One small shipment from Salem to a California town brought an order for a carload. The Clark's Seedling grown at Salem is probably not as good a shipping berry for distant markets as when grown at Hood River. But both places can produce fruit of such excellence and superiority that they have no need to fear of holding markets. The difference in price received by growers at the two places is so great that as Salem shipments increase they are bound to interfere with Hood River trade.

A meeting of the fruitgrowers of Salem and vicinity is to be held at Salem on Saturday, November 23, for the purpose of hearing a discussion of the merits of forming a union of interests locally, and possibly of avoiding friction and competition with Hood River. Industrial Agent Judeon, of the Southern Pacific Company, expects to have some representative men from Hood River at that meeting to tell the growers here how it is done.

W. T. Wesson, Gholeville, Va., writes: "Your One Minute Cough Cure gives perfect satisfaction. My children say it is the best remedy for coughs, colds, throat and lung troubles." Clarke & Falk's P. O. Pharmacy.

50 cents.

Kid Shoes in turn soles, made in the new velvet-top novelties.

### Bias Velveteen SKIRT BINDING

2½c yard

ALL COLORS.

A. M. WILLIAMS & CO.

Philippine is Worse Than American Indian. GRANT'S PASS, Oct. 25.—A letter has been received in this city from C. B. Perkins, formerly of this city, but now a governmental official in the Philippines, which describes the Philippine nature in a most interesting manner, picturing him from the standpoint of one who has made the Filipino a study. The letter in part is as follows:

As to the nature of the average Filipino, it can be summed up in three words—thief, liar and deceiver. First, one's opinion as to his dishonesty may be confirmed by leaving anything loose lying around, from a heavy winter overcoat to a ship's anchor, such articles as no one can use in the Philippines, which the natives will take with such readiness that no one will cling very long to the theory that honesty is a native virtue of the Filipino.

"Next, one will notice that he is dirty in his habits, but fairly clean in person. He will lie without any apparent cause, even when he knows that the truth would be better. He is treacherous, lying, cowardly, thieving; a worthless half-breed mongrel, born of mongrel spawn. He is no more capable of self-government than the Hottentots who roam the wildest regions of South Africa; he has no original ideas, nothing that he can truthfully call his own. All he thinks of is how he can rob his fellow man. He cannot be trusted as one of the American Indian; nor will he work like the negro; and, again, he will not fight, but will lie like a Castilian, with polished suavity, and 'hole' one in the dark with all the dexterity of a Mexican goucher."

Caligosa is a Christian.

AUBURN, N. Y., Oct. 25.—Leon F. Caligosa, the murderer of President McKinley, was visited in his cell in Auburn prison today by Father Fudziński. The visit was made at the request of the condemned man. Father Fudziński spent an hour with Caligosa. When he emerged he was asked by an Associated Press representative if Caligosa had renounced anarchy and embraced Christianity. He replied:

"He is a Christian. He was born a Christian, and although he may have renounced Christianity, he is a Christian, I think. This is all I will say."

Father Fudziński is pastor of the Corpus Christi of Buffalo.

London to Boston.

PHILADELPHIA, Oct. 25.—Fifteen persons were killed and property valued at \$500,000 was destroyed as the result of

a fire which occurred today in the business section of the city. The number of injured is not known definitely, but fully a score of victims were located at various hospitals. Police and firemen are tonight delving into the ruins in search of bodies supposed to have been buried beneath the debris, as it is feared that others besides the known dead may have lost their lives in the flames. The buildings destroyed were the eight-story structure 1219 and 1221 Market street, occupied by Hunt, Wilkinson & Co., upholsterers and furniture dealers, and three-story buildings occupied by small merchantmen. The big furniture building extended back a half block of Commerce street, and was owned by Henry Cis.

Australian Federation.

NEW YORK, Oct. 25.—The Melbourne correspondent of the London Times and the New York Times say the condemnation by the Western Australian Assembly of the federal tariff bill is significant as indicating that the state legislature will criticize the acts of the federal parliament.

In spite of the defections in consequence of the high tariff proposition, which the members regarded as a branch of the pledges made by Mr. Barton, the premier, it is believed the federal ministry will have a majority of eight.

Raising the Bonus.

EVANSTON, Ill., Oct. 25.—The committee which are at work soliciting subscriptions to the bonus for the proposed woolen mill for Evanston is meeting with considerable encouragement and feel confident they will succeed in raising the required amount. They now have about \$6300 pledged, and while it is coming in small amounts there is no doubt about their being able to raise the desired \$8000.

Tried to Sell Stamps.

CHICAGO, Oct. 25.—Word has been received here that Bert Moss, of Elgin, has been arrested in Peacock, Ill., on the charge of being implicated in the Chicago postoffice robbery. The report also alleges that when arrested he had a large quantity of stamps which, it is said, he had been trying to sell.

C. M. Phelps, Forestdale, Vt., says his child was completely cured of a bad case of eczema by the use of DeWitt's Witch Hazel Ointment. Beware of all counterfeits. It instantly relieves pain. Clarke & Falk's P. O. Pharmacy.

You will not have holes if you take Clarke & Falk's shoe care for holes.

### Women and Jewels.

Jewels, candy, flowers, man—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get Dr. G. G. Green's reliable remedies at Blackley's drug store. Get Green's Special Almanac.

Do you suffer from piles? If so do not turn to surgery for relief. DeWitt's Witch Hazel Salve will act more quickly, surely and safely, saving you the expense and danger of an operation. Clarke & Falk's P. O. Pharmacy.

We offer for a limited period the twice-a-week OREGONIAN, price \$1.50, and the Weekly OREGONIAN, price \$1.50, both papers for \$2 a year. Subscriptions under this offer must be paid in advance.

Clarke & Falk's flavoring extracts are the best. Ask your grocer for them.
