

## Are You Mixed... on the Suit and Overcoat Question?

It's pretty hard to know what to do, isn't it, when every clothier in town has "the best at the lowest price" and all "give satisfaction," and all beat the tailor to pieces, and save you a half to a third—and all that. It comes down to the question of faith in somebody. **Hart, Schaffner & Marx** tailor-made clothing, made expressly for PEASE & MAYS, will answer the question. Stylish, durable and best for the money.

## Trilby and Cole's Original Air-Tight Heaters

For Wood and Lighter Fuel.

The introduction of Cole's Original Air-Tight Heater has revolutionized the heating stove trade in all sections of the United States. Its wonderful economy in the use of fuel, and many other excellent qualities, strongly recommend it to all in need of a heating stove.

### What Cole's Heater Will Do.

This stove will heat a room from zero to 80 degrees in five minutes.

It will heat your house evenly day and night.

It holds fire 36 hours without attention. You build only one fire each winter.

It burns chips, bark, leaves, paper and corn cobs, and gives excellent results with this fuel, which is ordinarily wasted.

The stove is light and easily moved and set up.

The combustion is perfect and ashes are removed only once in four weeks.

None of the heat is wasted and the stove will save one-half of your fuel bill.

It is clean, economical, convenient, safe and durable.

Every one of Cole's Original Air-Tight Heaters is guaranteed to stay air-tight as long as used. Where wood is used for fuel every family should have one or more of these stoves.

Sold by **MAIER & BENTON**, The Dalles.

### WAYSIDE GLEANINGS.

The weather forecast for tonight and Friday is "increasing cloudiness."

Don't forget the dance at Fraternity hall tonight. Supper and a good time.

Eugene has raised a bonus of \$8000 for a woolen mill to be erected at that place immediately.

Best Rock Spring lump coal \$7.50 per ton, delivered to any part of the city. Stadelman Commission Co. o31-1w

The grand social entertainment to be given by the Modern Woodmen at the Baldwin next Monday night will be free to everybody.

The parties who borrowed the Circle coffee pot without permission some time since, are requested to return it at once to Fraternity hall.

Mrs. P. J. Stadelman is recovering rapidly from the attack of typhoid fever. She was able to sit up in bed for a little while for the first time yesterday.

Another fresh case of diphtheria was reported to the city authorities this morning. The victim is the mother of six children. The house was promptly quarantined.

A plain drunk, who gave his name as Mike Raglan, was arrested last night by Officer Paulsen and contributed \$2 to the replenishment of the city exchequer this morning.

Rev. C. D. Nickelsen, the M. E. pastor of Goldendale, announces that he will preach next Sunday on the subject, "The Creed of Emma Goldman and Her Goldendale Disciples."

Dad Butts today closed the sale of lots 1 and 2 in block 6, Bigelow's Bluff Addition for the sum of \$300. The lots belonged to F. H. Wakefield and were sold to Caroline Jones and husband.

Mr. W. W. Williams, who underwent a critical surgical operation at the Dalles Hospital a week or so ago, has so far convalesced that his complete recovery is now confidently anticipated.

The Dalles High School base ball team has just concluded arrangements for a series of games with the Goldendale academy, and for one game with the Portland high school. The team has received challenges from the Dufer high

school, Hill's Military Academy, Portland, and the Portland Academy.

Harry Dunn and the widow of the late Nell McLeod, of Goldendale were married at the home of the bride yesterday morning. Mr. and Mrs. Dunn will spend their honeymoon on the Sound.

M. McGinnis, administrator of the estate of the late Wenceslaus Peshek, announces the sale at auction at the ranch in Columbia precinct, on November 13th, of the cattle, horses, hogs, chickens, hay, farming implements, etc., belonging to the estate. The terms will be made known at the time of sale.

Dad Butts put out a new sign this morning in front of Hudson & Brownhill's office, which he had made to hold slips of cardboard describing the property he has for sale or rent. The sign was only in place a little while when somebody tacked a good-sized card on it with this legend: "Wanted, a good-looking widow. Apply at once to Dad Butts."

Mayor Farley received a telegraph message from Huntington, Baker county, early this afternoon announcing that Wesley Roberts, son of Mrs. A. J. Linton of lower Ten Mile, had been accidentally and dangerously shot at that place just before noon today. No further particulars of the accident were given. Mr. Farley forthwith forwarded the sad news to Mrs. Linton.

Merchants desiring advertising space in the special new year edition of THE CHRONICLE will make application to W. C. Campbell or at this office. Space is rapidly being taken, and the indications are that the number of pages of this splendid issue will have to be increased to accommodate the liberal patronage. Remember the date of publication is about December 15th in order to give the business men an opportunity to advertise their holiday goods.

Deputy Sheriff Wood and Officer Alisky last evening arrested a Yakima Indian, named Alec McCoy, who is wanted at Zilla, Yakima county, for horse-stealing. The arrest was made in response to a notice sent to Sheriff Kelly by the sheriff of Yakima county on the 11th instant. Mr. Kelly turned the matter over to Messrs. Wood and Alisky, with the results above related. Constable Lawrence, of Zilla, was expected here today to take the Indian back for trial.

The ladies of the W. O. T. U., feeling there should be some effort made to arouse public sentiment on the great temperance question, are trying to arrange for a number of meetings for this purpose. The first will be held at the M. E. church Friday evening at 7:30. The principal address will be made by Rev. Alexander, pastor of the Christian church. They are planning for some spirited singing and other exercises. All interested in the welfare of our town and community are urged to be present. The Woodgrowers' Association of Malheur and Harney counties will meet at

Ontario, Oregon, November 20th at 2 p. m. This meeting is called for the purpose of making the association stronger, etc., and to take active measures in regard to defeating the passage of the range lease law. Opposition to such a law is widespread, says the Vale Gazette, and the promoters of the bill will be wise if they hang it up on a sagebrush. The masses are determined that the cattle kings shall not get their mitts on the public domain.

Some of the town kids evidently mistook last night for Halloween and played a number of annoying pranks on divers and sundry citizens, who were correspondingly mad this morning. B. T. Collins, the milk man, was one of the victims. A gang of youngsters made a raid on his milk wagon and almost got away with a can of milk. Mr. Collins is on his ear and vows that tonight he will be "loaded for bear" and if any similar game is attempted he'll blow a hole through somebody, or try to do it, awful hard.

A delegation of some ten or twelve Sherman county ranchers and business men, consisting of Carl Peetz, Alex. Scott, W. H. Moore, Harry King, J. W. Messinger and others, passed through town yesterday afternoon on the way to Portland to confer with Senator Mitchell and urge the righteousness of the claims upon the government for a reasonable compensation of those who fled homestead and other claims and made valuable improvements on certain lands that the United States supreme court recently declared to be included in the original grant to The Dalles Military Road Company.

Magnificent natural advantages lie undeveloped and unimproved in Wasco county for lack of the necessary capital. THE CHRONICLE wants to tell this to the world through the columns of its great new year edition. You make it possible for it to do so by patronizing this special issue. This edition will help The Dalles; you help this edition. It will invite the proper kind of immigration, and will not state that figs grow on thistles here more than elsewhere. This county is comparatively new, and what it wants more than anything else to promote its development is capital and purposeful energy. THE CHRONICLE in its holiday edition will tell all this and illustrate its articles. Give this issue a boost.

The Oregonian says: "Inspectors Edwards and Fuller have just concluded taking testimony relative to the collision which occurred at Lyle, Washington, between the Regulator Line steamer Regulator and White Collar steamer Bailey Gatzert, and will render their decision in a day or so. While the damage attendant upon the collision of the two steamers was nominal, there nevertheless has been an infraction of the rules of the inspectors governing such conditions, and the decision will settle a dispute of long standing. In such cases the amount of damage incurred is not taken into consideration.

It is the damage which might have occurred that counts, and it is possible the inspectors may find it necessary to reprimand one of the captains.

The editor of a country newspaper has no business to make mistakes, says Truth. He has no business ever to get anything into his paper that people do not like. He ought to know what would suit each individual or he ought to take each item before it is published and let the person whom it concerns censor it. An editor has plenty of time to do this, as all he has to do is to hunt news and clean rollers, set type, clean the floor, pen short items and hustle advertising, fold papers and write wrappers, make paste and mail the papers, talk to visitors and distribute type, carry water and read proofs and correct mistakes, hunt the shears to clip articles, dodge the bills and dun the delinquents, take careings and tell subscribers that he needs money. An editor has no business to make mistakes while attending to little trifles like these, and living on oat-tail soup, flavoring, imagination; wearing old shoes and no collar, a patch on the equator of his pants, and at the same time turn a smiling countenance on the man who tells him that his paper isn't worth the subscription price and anyone could run a better one with their eyes shut.

Don't be a back number. Shoot up to date ammunition. Peters Semi-Smokeless Powder cartridges cost no more than the cheapest black load, give all the advantages of the smokeless loads excepting a light vapory smoke. Peters cartridges, loaded with Kings Semi-Smokeless have won the world's championship record, four years in succession. Peters Loaded Shells are excelled by none in strength, velocity, cleanliness, and will improve any man's score. Maier & Benton sole agents for The Dalles. o30 lida
