FRENCH FLEET TO BOMBARD SMYRNA

Sultan Abdul Hamid Has but Three Days in Which to Make Complete Settlement.

PARIS, Oct. 31.—The officials of the French foreign office confirm the report that a division of the French Mediterranean fleet, composed of three battleships and two cruisers, under the command of Admiral Caillaud, has proceeded from Toulon to the Levant, to make a naval demonstration against Turkey.

A foreign office official, in communicating the foregoing to the correspondent of the Associated Press, said:

"The squadron sailed with sealed orders and proceeds first to a Greek port, the island of Smyrna, I think, where the admiral will receive definite instructions as to carrying out his sealed orders. I am not at liberty to say what the sealed orders are, but the seizure of the customs at Smyrna would probably be a very effective way of convincing the sultan that France's patience is exhausted and that we have decided to enforce an immediate execution of the Turkish government's engagements. We, however, are very hopeful that the sultan will not compel us to go to that extreme. Our squadron will not reach the Greek port before Sunday. The Turkish government has thus still three days' grace and we trust in the meantime to receive complete satisfaction.

It is now three months since the French Ambassador, M. Constans, left Constantinople. His departure failed to produce the desired effect. On the contrary, even the quays and Tunis questions, which were settled by the sultan's irades, remain unadjusted. The internal situation in the Turkish empire deterred us for some time from taking drastic measures to enforce our demands. But the dignity of France could not permit the present state of affairs to be prolonged indefinitely. We sincerely hope the sultan will fully appreciate the fact that we cannot any longer be trifled with, and relieve us of taking further steps to safeguard our interests."

The official was asked what would happen in the event of the French squadron being ordered to seize the customs, if the Turkish authorities resisted, and he replied:

"That is a very unlikely contingency, but if it occurs, I suppose we shall have to bombard that port. We do not want bloodshed, and I do not believe there will be any occasion for it."

Supreme Effort to End Boer War.

ALDERSHOT, England, Oct. 31.—It is understood as a result of the conclusion arrived at by the cabinet Monday every available infantryman will be sent to the front in South Africa between now and Christmas. The departure of the cavalry brigade from Aldershot orders to which effect were received there last night, the troops being instructed to start for South Africa about the middle of November, will leave only a single regiment of regular cavalry, the Thirty-first Lancers, in the United Kingdom. Prince Arthur of Connaught, who is a second lieutenant in the Seventieth (Queen's Own Hussars), goes with his regiment to South Africa.

Rebels in Cebu Have Succeeded.
WASHINGTON, Oct. 31.—An important cablegram was received at the war department this afternoon from General Chaffee. It follows in part:

"Manila, Oct. 31.—Adjutant-General, Washington. The following is from Brigadier-General Hughes: 'Insurrection forces on Cebu island have come in, laid down arms in good faith in obedience to the demand of the people, sixty officers, 470 men. Affairs yet not satisfactory in Bohol Island; may move additional troops there to force settlement.'

"This settles for the present, at least, the disturbance heretofore existing in Cebu. Future disorder in that island will be made by deliberate action of the inhabitants, as peace may be easily preserved if the people are disposed to do so. Shall advise Hughes to waste no time, but move on Bohol immediately. CHAFFEE."

WASHINGTON, Oct. 31.—General Miles has recommended that the Eleventh Cavalry and the Twenty-eighth Infantry be sent to the Philippines. Two regiments are all that the secretary desired to order to the Philippines at present. These regiments are to take the place of the Fortieth, Seventeenth, Twentieth and Twenty-second Infantry. These regiments have been longest in the island and will be returned as soon as transports are ready.

Will Arraign the American for Libel.

CHICAGO, Oct. 31.—Judge Hancey today appointed a special attorney for his court to bring certain publications alleged scandalous articles before his court and ascertain the names of the persons responsible for their appearance in Hearst's Chicago American, with the view of taking steps to punish them for contempt. The articles, it is alleged, were published for purpose to intimidate the judge into rendering a decision against the gas trust in the quo warranto proceedings instituted on behalf of the American.

Redmond Party Landed.

NEW YORK, Oct. 31.—John E. Redmond, Patrick E. McHugh and Thomas O'Donnell, nationalist members of parliament, who came here in behalf of the Irish cause, landed today from the steamship Majestic. They were enthusiastically welcomed on the pier by a large delegation of Irish-Americans. The envoys intend to make a six weeks' tour of the United States, and the object of their mission is to further the interests of the Irish League and explain the

changes that have taken place in parliamentary affairs since the death of Charles Stewart Parnell. Extensive preparations for their reception here and elsewhere throughout the country have been made. Five hundred Irish women tendered a reception at the Hoffman House tonight to Messrs. McHugh and O'Donnell and presented to them an address of welcome and also presented them a floral harp, eight feet high and bearing the inscription "Cead Mille Failte." Mr. Redmond and his companions will leave New York Friday of next week for Boston. They will then visit Baltimore, Chicago, St. Louis, San Francisco and all the large cities in the United States and Canada.

Will Come to the Northwest Next Year.

WASHINGTON, Oct. 31.—To Representative Jones of Washington, who called upon President Roosevelt today, to pay his respects, the president expressed his great interest in the Northwest, and said he expected to make a tour of that part of the United States next summer.

Women and Jewels.

Jewels, candy, flowers, man—that is the order of a woman's preference. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boecher's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get Dr. G. G. Green's reliable remedies at Blakeley's drug store. Get Green's Special Almanac.
