The Dalles Tent, No. 20, Order of Maccabees, gave an entertainment Tuesday night in honor of a visit from State Commander J. W. Thompson, of Portland. A special meeting was called for the purpose, and after attending to some business the Knights repaired to Keller's cafe, where an elegant banquet was served.

No. 1 wheat has stood at 50 cents a bushel in this market without variation for about two weeks. The bulk of the crop is already hauled, and probably three-fourths of what was hauled has been sold. The price has easily averaged 50 cents, as very little wheat was sold below that figure and some brought as high as 54 cents.

Alex. McLeod yesterday closed a bargain with J. H. Hatley, late of Glenwood, Klickitat county, for his residence property on the bluff south of the brewery. The property consists of a house and barn and two lots. The price is \$1250. Mr. McLeod keeps possession until spring, when he may possibly move away from here.

An entertainment and basket social was given by the school in district No. 52, Mosier, Saturday evening, Nov. 2nd. An interesting literary program was rendered by the pupils, after which the baskets were sold to the highest bidder. The entertainment was a decided success, the proceeds being \$39.50, which will be used for library purposes.

Charles McIntosh, O. M. Cooke, Benjamin Southwell and W. J. Harriman have filed articles of incorporation of the Wasco County Churn Association, Limited. The business of the association is the manufacture and sale of the D. A. Flak faultless churn. The capital stock of the corporation is \$1000, divided into 200 shares of the par value of \$5 each. The principal office and place of business is in The Dalles.

Henry Weberg, a resident of this city, who has been working for the Oregon Lumber Company bank of Cook's Land-

ing, was brought here on last night's boat suffering from having been seriously injured by a log that he was barking on a side hill rolling on him so that it pinned him to the ground and held him fast till he was relieved by his fellow workman. On his arrival here Dr. Logan found that two or three of the man's ribs were broken and he was injured internally. The doctor has hopes of his recovery, but says it will be a long time before he is able to go back to work.

Colonel Frank J. Parker, the veteran Walla Walla newspaper man, deploras the loss of a ring that he says was a genuine mascot. The colonel says the ring is a couple of thousand years old and originally came from Ireland. He says whoever has worn it has been uniformly successful in whatever has been undertaken. The ring was worn by Senator Squire during his successful campaign in the state of Washington. Then Senator Turner had a turn and won out. Following him Senator Foster wore it and won the toga, and lately Senator Mitchell of Oregon wore it during his successful campaign. Here its history ended, as Senator Mitchell lost the ring, and now Colonel Parker refuses to be consoled, as he would very much like it to adorn one of his fingers while he is booming the Lewis and Clark exposition.

A. J. Thompson, who was arrested here Tuesday night by Officers Alisky and Woods on a charge of cattle stealing, this morning practically admitted that he was the party wanted by the Spokane authorities and consented to go back to that place without a requisition from the governor. Deputy Sheriff Pugh arrived here yesterday and will go back with his man on the 9:20 train tonight. On the 19th of last month Thompson, who was then known in Spokane as J. C. Moore, offered to sell a number of beef cattle to a local butcher. A deputy sheriff happened to be present at the time and thought the stranger acted queerly for an ordinary cattle trader. The officer at once telephoned to the sheriff's office and was told to bring the man in. It happened, however, that Thompson heard one end of the telephone conversation and rushing out of the building he jumped on his horse to leave the country. The officer got another horse and started after him, and in the race shots were exchanged, a bullet from Thompson's pistol striking the officer, but doing him no harm. At the foot of a bluff of rocks Thompson left his horse and scrambling up the bluff on all fours escaped. Four other men have been arrested as accomplices of Thompson.

FARRIS COMMITS SUICIDE.

Bleeds to Death By Cutting the Radial Artery in His Left Arm.

George R. A. Farris, who murdered A. J. Worrell in Klickitat county on March 12, 1900, committed suicide in the jail at Goldendale, some time Tuesday night, by opening the radial artery of the left arm, just above the wrist, with a piece of broken tumbler shaped like an arrow head and very sharp at the point.

Deputy Sheriff Stimson, who stayed at the jail of nights, heard Farris groaning about 11 o'clock. Not wishing to be taken unawares and knowing that Farris was a desperate man, the deputy went after Sheriff Burgen. When they returned to the prison they discovered that Farris was dead. Coroner Hart and Dr. R. E. Stewart were summoned, who, after a hasty examination, declared life extinct. The body was left as it was until yesterday morning, when a coroner's inquest was held and a verdict returned in accordance with these facts.

From the evidence submitted to the jury and an examination of the premises, Farris turned on the water at the sink when he opened the artery, letting the blood flow into the sink as long as possible, and then he lay down on the bed in his cell and there died. It was expected Judge Miller would have re-sentenced him some time this week.

In the letter to his wife, Farris told her that if his future were as bright as his past few days on earth it would be a happy one; that he believed in a Supreme Being.

Farris, it will be remembered, shot Worrell upon the latter's ranch, about twelve miles east of Goldendale March 12th. Worrell at the time was plowing with a team of four horses in a field about a mile from his residence. As he did not return to his home in the evening, a search was instituted, and his body was found in the afternoon of the 13th. It had been dragged to the point where found, a distance of some forty rods. A rope had been fastened around the feet and the horses with which the deceased was plowing, hitched to the rope, and the body was thus drawn to the place where found. There were thirteen bullet holes in the body caused by at least five shots, two of the shots having been fired while the deceased was in a prostrate position. On the trial Farris admitted the homicide, but alleged self defense.

You are requested to meet with the ladies of the W. E. C. Saturday evening next at 8:30 for a social time. By order of the president.
