IT IS BETWEEN GEER AND!

from this county.

Geer and one of the Umatilla county gon. candidates.

This close connection between Mr. Geer and Mr. Simon augurs no good for the former. It is impossible to go upon the streets and find a representative citizen of whatever party who will express a desire for the success of Mr. Simon. And therefore the candidate who now rests beneath the political wing of Mr. Simon will have about the same chance for nomination that a snowball would have of remaining in a state of frozen vapor if immersed in the fires of Hades.

Just now Mr. Geer seems to be a poor security upon the political stock market .- East Oregonian.

Senator C. W. Fulton's persistent refusal to allow himself to be considered as a candidate for governor ket. must be accepted as definite and con clusive. Twice recently he has demanner that under no circumstances sible. would be become a candidate or accept the nomination if it were tendered him. This is naturally taken to mean that the object of Mr. Fulton's ambition is the seat in the United States senate which Joe natorial talk has not been started by Mr. Fulton's enemies but by friends who have planned his reaching the United States senate by way of the governorship. Mr. Fulton doesn't fall in with these plans, and evidently intends to attempt to reach the object of his ambition by the most direct route. It is of course impossible at this time to predict what the future may have in store for Senator Fulton, but should his ambition be realized we shall then have a colleague for Senator Mitchell who will represent this state in the upper house of congress as it has not been represented since the days of the lamented C. L. Dolph.

Judge W. R. Ellis has just rendered a decision that if sustained on appeal, should it be appealed, ought to be a lesson to parties who sign petitions for liquor licenses and then, as is often the case, sign remonstrances THURSDAY, NOV. 14th. against granting the licenses. Two men named Means circulated a petition for a liquor license among the legal voters of Echo, a little town in names while 63 was a majority. Be--fore the petition was presented to the county court a remonstrance was circulated which likewise contained a majority, many of the petitioners A merry musical comedy, presented by a big company of favorite fun-makers, including showing the county court refused the license and an appeal was taken to the circuit court. Judge Ellis held that when a person signed a peti- DOZENS OF SPECIALTIES, and they tion, his signature to a remonstrance, as far as his name was concerned, was nil. The county court was therefore ordered to issue the license. Whatever this may be at law it is at least good sense.

It becomes apparent as the campaign progresses that Mr. Geer is MONDAY - - - NOV. 11, 1901 not popular with his party, says the East Oregonion. If he be renominated, it will be in spite of opposition of the rank and file, rather then All Western Oregon aspirants for by reason of hearty support. It will the governorship have left the field, be a machine nomination, purely and leaving Mr. Geer to fight out the simply, and will not lend strength to campaign against Eastern Oregon, the cause of the republicans. This It resolves itself into a fight between assertion, although made by a paper Geer and one of the two candidates that is of democratic proclivities, is backed by the judgment of men who As the campaign develops, it is are closely in touch with the status also apparent that Mr. Geer will meet of Oregon politics.
