CONVICTS LEADER IS CAPTURED

The Negro Who Headed the Mutiny Run Down by Officers.

TOPEKA, Kan., Nov. 11.—With the capture of Frank Thompson, the negro leader of the Federal Penitentiary mutiny, last Thursday, fourteen of the convicts have been retaken. Thompson was captured near Council Grove tonight by Deputy United States Marshal Prescott and a posse of farmers. He showed fight, but was brought down by a load of buckshot. Thompson is not dangerously wounded, and will be returned to the penitentiary tomorrow. The Federal prison authorities were more anxious to get Thompson than any of the other men, and his capture came as the climax of a most interesting and exciting day's search.

Another of the fleeing convicts was laid low this morning near Quemo, forty miles southwest from the penitentiary. Lawrence Lewis, white, aged 20, was fatally wounded, receiving a bullet wound, receiving a bullet in an attempt to escape from the city marshal of that place. To date three of the mutineer convicts have been killed, and five, including the two who yesterday made a captive of Sheriff Cook, of Topeka, and then escaped, have been wounded. Lewis' death will make the fourth fatality.

A horde of armed men are today searching for the captors of Cook and it seems impossible that they can get away. Reinforced by the weapons taken from the Wooster house and from the officers, they are well prepared, however, to make a fierce fight. They are desperate men, and unless the wounds received yesterday prove serious, it is believed they will not be taken alive.

Lawrence Lewis, the convict shot today, was received at the penitentiary in October, 1900, under a five-year sentence for larceny.

The twelve convicts yet at large are inspiring much fear among the inhabitants of the country districts. Tonight, officers are at work in a dozen different counties, and as some report they have groups of convicts rounded up, more captures will be made before morning. From Council Grove, where Thompson was captured tonight, convicts have started to Cottonwood Falls, and are freely holding up and robbing people and plundering farms all along. Many have had encounters with the men, and people along the route are afraid to venture out of their houses tonight. In Lyon county, citizens and officers alike are armed, and are patrolling the approaches to the towns, as the convicts will probably pass that way.

One More Convict Arrested.

KANSAS CITY, Mo., Nov. 11.—Another of the convicts fleeing from the military prison at Fort Leavenworth was laid low this morning near Quemo, forty miles southwest from the penitentiary, when Lawrence Lewis, white, aged 20, was fatally wounded, receiving a bullet in attempting to escape from the city marshal of that place. This makes a total of thirteen prisoners captured since the outbreak on Wednesday last, leaving thirteen still at large. To date three of the mutinous convicts have been killed, and five, including the two who yesterday made a captive of Sheriff Cook, of Topeka, and then escaped, have been wounded. Lewis' death will make the fourth fatality.

The Kaiser Orders an American Yacht.
New York, Nov. 11.—The Kaiser, having now ordered a new racing yacht in the United States, takes the utmost interest in all the details concerning its progress, says the Berlin correspondent of the Herald. His Majesty is firmly convinced that the Americans build the fastest sailing boats.

It is known that whenever the Kiel regatta has been discussed the emperor has usually let out the suggestion that Americans with yachts would always be welcome there. He would like to see a fleet of American yachts appearing at the Kiel regatta this coming season, thus adding importance to the meeting, and showing his rich German subjects what they might do with their money in the way of buying beautiful water palaces, for His Majesty is constantly inciting his richer people to buy boats, and this stimulates the sailor's profession, from which to recruit in time of need for his navy.

Position Offered Minister Wu.
New York, Nov. 11.—It is said on trustworthy authority that Wu Ting Fang, Chinese minister to the United States, and eminent as a scholar, has been requested to fill the chair of Chinese literature, founded last July at Columbia University. The regular monthly meeting of the faculty was held last week, and it is known that this subject was discussed. There seems to be no doubt that the tender of the honor to Wu was then decided upon, although the decision was not made public. It is said that the offer to take the chair of Chinese literature is in the expectation that Minister Wu intends to give up his diplomatic post at Washington.

Paying Off Siletz Indebted.
New York, Nov. 11.—Payment in severity to the Siletz Indians of the money appropriated for the purchase of

the Siletz Reservation, has been begun. The payment has been long deferred. The total amount is \$85,000. Each man, woman and child who had legal right to residence on the reservation when the transfer was made, will receive \$100.00. Payment is being made alphabetically, and settlement of estates of deceased Indians will be taken up last. It is learned that settlement of a number of these estates will be held up, owing to irregularities in the administration. Special Indian Agent D. W. Manchester, of Cleveland, O., has charge of the disbursement of the money. He has been at the agency for a number of months arranging the preliminaries.

She Rode With the Sultan.
New York, Nov. 11.—The Paris correspondent of the Herald says that while the sultan of Johore was out riding with Miss Tyler, one of the horses fell, breaking its neck. Miss Tyler was thrown on the sidewalk and rendered unconscious. Though severely injured, she will recover.
