THE INDIANA MURDER MYSTERY

Two Women Murdered Mysteriously Near Evansville.

EVANSVILLE, Ind., Nov. 13.—The mystery of the two murders near this city yesterday remains unsolved. The facts that both of the victims are women, that both were killed in the same manner and evidently by the same person, add to the mystery. What possible motive existed for either crime no one is able to explain. Neither woman was known to have had an enemy, and nothing is known to link the two of them in any affair likely to furnish an excuse for one man to attack both.

The body of Mrs. Georgia Reilly was found near the city beside a public highway. There were finger marks on the throat. The neck was broken. The supposition is that the woman was choked to death by some one in a buggy, and then when she fell out her neck was broken. There were evidences of the body being dragged some distance and thrown into a ditch.

A mile outside the city, but in an opposite direction, the body of Miss Lena Renner was discovered by searchers. Her throat also had finger marks, showing the manner of death to be similar to that of Mrs. Reilly.

John Kifer, who was seen with Miss Renner, was arrested, but proved an alibi and was released.

The similarity of these two murders to two others in this city during the last three years forms another strange incident in the case.

In April, 1898, Mrs. Mary Stork went buggy riding with a stranger. The next morning her dead body was found in a ditch. The man who took her life was never discovered. Mrs. Stork was a prominent young woman, and a great sensation followed her death.

In April the following year Miss Nora Kifer, of Elberfeld, Ind., while visiting here, suddenly disappeared. Her body was found weighed down in a creek the following month. Joseph D. Keith, a wealthy farmer, will be hanged next Friday for the crime.

would your boy like one?

The makers of Wayne Knit Pony Stockings have hit upon a plan for advertising their matchless hosiery—which is meeting with great success wherever proposed. They offer to deliver free of expense, to the lucky guesser, a real, live, Shetland Pony.

Their plan is this: Enclosed with every pair of Pony Stockings for boys and girls is a slip of paper on which purchaser is to register their guess of the combined weight of ten Shetland ponies, in the makers' possession at Ft. Wayne. Each one of the ten guessers who come nearest to the aggregate weight, will receive, as a reward, one of the ten ponies—delivered free. The only expense is the price of the stockings—25c pair.

In response to many inquiries, we announce our Linen Sale to commence NEXT MONEY. It will pay you to wait.

CONSOLIDATION SCHEME COMPLETE

Great Northern and Northern Pacific In Hands of Syndicate.

NEW YORK, Nov. 13.—Regarding the incorporation of the Northern Securities Company, no official admission could be obtained this afternoon as to the scope of the new company or the values at which the Great Northern or Northern Pacific shares will be turned over to it. The Great Northern's outstanding capital is \$125,000,000 par value, selling at \$200 in the market, while Northern Pacific's total outstanding stock is \$155,000,000 par value, making a total of \$280,000,000 par value for the shares of these two companies. At \$200 for Great Northern, the amount would be increased to \$405,000,000 for the shares of the two companies.

It is understood that Union Pacific interests waived all objections to the retirement of the Northern Pacific preferred shares and will have a heavy interest in the capital of the new company, considerably beyond the par value of their present Northern Pacific shareholdings, which are placed at \$75,000,000 par value, just over a majority of the total \$155,000,000 Northern Pacific stock capital.

Burlington shares, it is understood, are not to be turned over to the new Northern Securities Company. That stock is now held as collateral for the outstanding Burlington collateral bonds with voting rights vested in the Northern Pacific and the Great Northern railway. Under the new arrangement Union

Pacific will have voting rights in Burlington, the board of directors being about evenly divided between the Union Pacific and the Hill interests. The suggestion was made today that the Burlington stock may be held in a voting trust under the agreement between the two interests. The suggestion was made today that the Burlington stock may be held in a voting trust under the agreement between the two interests. In this case J. P. Morgan will be a voting trustee, or possibly the sole voting trustee.

May Lose Her Mind.

NEW YORK, Nov. 13.—Ivan Molochoff, a Bulgarian clergyman from Uzen, in Macedonia, has just arrived from visiting Miss Stone, and is now in consultation with Mr. Dickinson, says a Sofia, Bulgaria, dispatch to the Journal and Advertiser.

"Miss Stone," he said, "is in the house of Bekir Bey, in the town of Ceres, Macedonia. I left her two days ago, coming direct to Mr. Dickinson to try to arrange for her release. Miss Stone and Mme. Teika are well, but the strain is terrific, and there is danger that Miss Stone may lose her mind. To be always in the same surroundings is likely to drive her crazy; constantly looking at the same objects has semi-memorized her, and she has had a presentiment that evil will befall her."

Winter in Douglas.

ROXBURG, Nov. 13.—L. S. Coon, of Dillard, sent in a half dozen boxes of fine ripe strawberries to J. F. Barker & Co., this morning, which were sold in a very short time. Edwin Weaver, of Myrtle Creek, reports eating ripe blackberries from his own garden. The McCallen House has served daily for the past few days nice red raspberries fresh from the home gardens. It is no unusual sight to see people pick from their gardens fresh, ripe tomatoes, turnips and other tender vegetables.
