FIFTY VESSELS WERE WRECKED

Gales on British Coast Have Cost Over 180 Lives.

LONDON, Nov. 15.—It is still impossible to estimate with any exactitude the total loss of life and property resulting from the protracted gale and probably the full extent of the damage will never be known. Much wreckage of unidentified vessels is still being thrown up. Altogether, it is known that some fifty vessels have been wrecked along the British coast. Thirty-four of these have been absolutely wrecked, involving, it is believed, a loss of more than 180 drowned. The Yarmouth lifeboat disaster alone leaves forty-four fatherless children. The lifeboat was on its way to the rescue of a distressed vessel when it was struck by a great wave and capsized. The crew were imprisoned and only three men succeeded in making their escape. Eleven were drowned.

Innumerable casualties continue to be reported on all the coasts of the United Kingdom, marking the storm as the most disastrous that has occurred in many years. The Norwegian bark Erratic, of Christiania, has been wrecked in the vicinity of Saltburn and eight of her crew drowned.

A winter snap has succeeded the sale which has subsided, while a blizzard which is raging over Scandinavia is expected to strike the shores of Great Britain tomorrow. Today there was a heavy snow storm in Scotland and a fall of snow generally throughout the United Kingdom, especially in the hilly districts, where several shepherds lost their lives.

Wreckage at Belfast.

BELFAST, Nov. 14.—From wreckage seen in Belfast Lough today, it is supposed that the 59-ton collier White Abbey, has been lost and her crew of nine drowned.

Molnoux Case.

NEW YORK, Nov. 14.—Two former governors of New York, David B. Hill and Frank S. Black, met in argument today in the court of general sessions on the motion to quash the indictment charging Roland B. Molnoux with the murder by mailed poison of Mrs. Katherine J. Adams. Molnoux was once convicted and sentenced to death, but the court of appeals gave him a new trial for error on the part of the trial court. Mr. Hill, associated with Assistant District Attorney Osborne, opposed in behalf of the state the motion to quash, and Mr. Black joined with Weeks, Battle and Marshall and former District Attorney William K. Olcott in pressing the motion in behalf of the alleged prisoner.

General Edward Molnoux, father of the prisoner, came to court in company with General Horatio C. King and Frederick W. Devoe. A great crowd filled the courtroom and stretched out through the open doors.

Reduction of Ransom.

SOFIA, Bulgaria, Nov. 14.—Miss Ellen M. Stone and Mme. Telka, the captives of the brigands, are now said to be occupying a hut in the village of Southern Bulgaria, to which they are closely confined.

There is reason to believe that a conference of the secret committee held at Dublitz favored a reduction of the ransom demanded, and as soon as it comes within the range of the funds at the disposal of Copen-General Dickinson he is ready to seal the proposal.

Photographs of ex-President Saratoff, of the Macedonian committee, have been circulated among the troops on the Turkish side of the border, in consequence of the belief that he is now with the brigand bands in the vicinity of the frontier.

Miss Grace Hill has opened dressmaking parlors in the Vogt block, rooms 11 and 12, where she is prepared to give perfect satisfaction in the latest styles in dressmaking. all-14

Mrs. Carey will move her millinery store on or before Nov. 20th to the new building east of Sexton & Walther, where she will be pleased to meet all her old patrons, as well as new ones. all-14

Mormons a Menace.

NEW YORK, Nov. 14.—The danger of Mormonism is underrated, not overrated. When the public realizes that there are two Mormon churches in Brooklyn, one in Manhattan, one in Philadelphia, a strong and growing Mormon settlement on the borders of Pennsylvania and New Jersey, and that the strongest church in a section fifty miles from Jersey City is Mormon, it may be understood that the situation is menacing.

This statement, which started the women's executive committee of the domestic missions of the Reformed church at its eighteenth anniversary in this city, was made by Miss Elizabeth B. Vermilye, a member of the committee in an address upon Mormonism in the East. She said further:

"It was predicted that in fifty years the Mormons would control a belt of states cutting the country in two from northeast to southwest. The prediction has been verified in twenty years instead of fifty. They own land from the Rocky Mountains to the Sierras, and are spreading East as I have told you. They control four mission states, and at the present rate of progress in others will soon have supremacy.

"If the constitutional amendment making polygamy a crime is not passed now, it soon will be impossible to pass it, as they need to acquire control only in twelve states to prevent legislation against them. Two thousand Mormon missionaries are actively pursuing their propaganda, sixty of them in the state of New York alone."

Cable and the Canal.

WASHINGTON, Nov. 14.—Ex-Representative Hepburn, of Iowa, chairman of the interstate and foreign commerce committee of the house, and Ex-Representative Sherman, of New York, a member of the same committee, had a long conference

with the president today about the Isthmian Canal and Pacific cable legislation. As a result of the consultation, they announced that it was their purpose to press legislation on both subjects at the earliest possible moment.

The canal bill which passed the house at the last session will be reintroduced in substantially the form in which it passed last winter. No delay is anticipated in the committee, and Colonel Hepburn told the president that the bill undoubtedly would have a large majority in the house.

The cable bill will be identical with the one reported from the committee during the last congress. It provides for the laying of the cable by a private corporation, under a contract with the postmaster-general, with the alternative provision for the building of the cable by the government if no satisfactory contract can be made. It is understood that the president concurred in the proposed programme.

Revision of Tariff.

ST. PAUL, Nov. 14.—According to D. O. Haynes, editor of a New York commercial paper, President Roosevelt, in his forthcoming message to congress, will make no reference to revision of tariff laws. This announcement was made by Mr. Haynes at a dinner given by the Northwest Manufacturers' Association last night, the speakers claiming that the president had given him positive assurance that this omission would be made in the interest of conservatism. The president did favor, Mr. Haynes said, placing the tariff on a strict business basis, and would perhaps favor the appointment of a tariff commission for the consideration of changes in the tariff laws in the interest of commercial expansion.
