WOMEN IN POLITICS.

The influence which the women exerted in the recent election in New York shows that even without the ballot they can make themselves a power in politics. In four states-Colorado, Idaho, Utah and Wyoming-women have the privilege of voting in all sorts of elections, from president downward, on the same Astoria papers, anyway? Eastern terms as men. They are allowed to Oregon will have something to say vote on matters of taxation and for sebool officers in several of the other states. Possibly full suffrage will be some time, although the movement river than we would an Egyptian to extend their political privileges mummy. has recently met with reverses in everal states. In some states women themselves opposed it. The crusade, tractive. Beauty is the stamp of bealth however, is kept up, and the chances that it will make conquests in some of the other states seem to be favor- When every drop of blood in the veins is able enough to give a good deal of But when the blood is impure, morose encouragement to its advocates.

But the success of the women in the New York election proves that they can exert much sway even without voting. In the New York canvass those organs which make her a woman the women took a very active part. Of course they were against Tammany. They held meetings in many parts of the city every day.
