

TEN CANDIDATES FOR GOVERNOR

SALEM (OREGON) SENTINEL.

Ten candidates for governor, standing all in line; One had too much platform, then there were nine.

Nine candidates for governor named on the slate; One was rubbed off, then there were eight.

Eight candidates for governor stirring up the leaven; One got too many hops, then there were seven.

Seven candidates for governor trying various tricks; One was detected, then there were six.

Six candidates for governor busy at the hive; Hofer endorsed Geer, then there were five.

Five candidates for governor scanning the score; Fulton wouldn't have it, then there were four.

Four candidates for governor, busy as the bee; They dug up the record of one, then there were three.

Three candidates for governor, with nothing else to do; One was friendly to Simon, then there were two.

Two candidates for governor, in the race for fun; One stood with the people, then there was one.

One candidate for governor, 'tis quickly related; Was endorsed by Eastern Oregon and nominated.

Last year the total expenditures for public education in the state of Oregon amounted to about \$5,600,000. Of this amount \$1,461,090.95 was expended for the common and high schools of the state. About \$80,000 was expended in the schools for the blind and deaf, and the balance for the other educational institutions in the state.

A Missouri editor who has bucked bids on job printing until exasperated, feels better since moved to publish the following: "The editor is soon to buy a shirt. Strange and extravagant as it may seem, we have determined to do so. With this end in view we wish the dealers to submit sealed bids, so that the job may be let to the lowest bidder. Quality and style don't count. Any old thing will do. Send in your bids."

Mr. Fulton is a splendid lawyer, a clever politician and "hale fellow, well met." says the Eugene Register. He is one of Oregon's ablest speakers and has had the experience of many years of practical politics. Every one who knows Mr. Fulton admires him, and his friends are legion. His absolute refusal to take the gubernatorial nomination leads everyone to believe that he is out for the senatorship, "hot and strong."

Eastern Oregon republicans should settle their political quarrels, if they have any, among themselves and not allow democratic newspapers to speak for them. If the republicans of that section of the state will agree upon any good man and ask for his nomination for any place on the ticket they will get it. The trouble usually is that the bunch-grass boys have a candidate for every place and they let Portland use them for a cat's paw. They get turned down as a result and feel sore. Eastern Oregon is republican and deserves representation on the ticket with a good office or two.—Albany Herald.

Here is a list of some of the prices paid in New York for garments made there today and purchased in our cities: Cambric dresses with lined waists, some trimming, are being made at \$1.20 per dozen; nightgowns with tucked yokes, thread furnished by maker and insertion cut out by maker, \$1 per dozen; silk waists, 89 cents per dozen; women's wrappers, 49 cents per dozen; shirts, 30 cents per dozen; aprons, 22 cents; fine finished nightgowns are being pressed in tenement houses at 5 cents per dozen. Evidently here is one place where the laborer is not receiving proper remuneration for his service.

Collision on Short Line.
Boise, Ida., Nov. 16.—A collision occurred at 4 o'clock this morning near Orchard on the Oregon Short Line between an eastbound freight and a westbound helper engine that was backing up. The engine of the freight and ten

cats were wrecked. The helper engine, the lever of which was reversed just before it struck, ran wild eight miles and stopped. The engineer and fireman saved themselves by jumping. Charles Wallace, head brakeman of the freight, who was on the engine, was killed and his body is still under the wreckage.

Boise, Ida., Nov. 16.—Cosgrove and Knox were brought to Boise. Cosgrove died in half an hour after being taken to the hospital. He was literally roasted.

Brain Food Nonsense. Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutrient is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. C. Green's reliable remedies at Blakeley's drug store. Get Green's Special Almanac.

Located by Vision. Portland, Aug. 16.—(To the Editor).—Homer de Morrison, oculist, located by vision the bullion stolen from the Selby Smelting Works. In behalf of occult science he immediately communicated by letter the facts to Mr. A. J. Ralston, owner of the Selby Works. The reports received last night prove his statements correct. MRS. J. FRANCIS PARTLOW. "It is pleasing to be assured that the gold stolen from the Selby Smelting Works was located by vision by a Portland oculist. This proves that the story of the confession of the thief and that his assistance was required in recovering the gold was a base California invention for the purpose of depriving Oregon of just glory."—(Editor Portland Oregonian.)
