## PEASE & MAYS.

### The Dalles Daily Chronicle.

TUESDAY - - - NOV. 19, 1901

**Oysters**  
Served in any Style...  
At Andrew Keller's.

**TREASURER'S NOTICE.**  
All Wasco County warrants registered prior to January 4, 1899, will be paid on presentation at my office. Interest ceases after November 19, 1901.  
JOHN F. HAMPSHIRE,  
County Treasurer.

### WAYSIDE GLEANINGS.

If you can't come during the week, you can have a sitting Sunday by seeing Gifford. n19

Professor Sandvig's dancing class is held tonight at the Baldwin instead of tomorrow night.

For real bargains in table linen—or any other linens for that matter—go to A. M. Williams & Co's.

Christmas will soon be here and you haven't had that negative made yet. See Gifford right away quick. n19

Don't forget the dance at Fraternity Hall the evening of Nov. 21st., given by the Knights and Ladies of Security.

To walk into A. M. Williams & Co.'s is to enter a linen store these days. Linens everywhere, all greatly reduced in prices.

Those artists' proofs. My! but they are fine! One dozen will make just twelve fine Christmas presents. Gifford is the man that makes them. n19

You saw those fine portrait frames at the carnival? They are going very fast; the supply is limited, and your picture in one of them is just the thing for Christmas. Gifford. n19

All members of Columbia lodge No. 5, I. O. O. F., and all visiting Odd Fellows are requested to be present at the regular meeting of the lodge on Wednesday evening, Nov. 20th, at 7:30 p. m., to receive a visit from the grand officers. O. D. Doane, secretary. n19-20

Found—Lying on one of the public streets of the city Monday night, at a time when everybody but editors and other guardians of public morals ought to have been in bed, a bicycle of the male persuasion, which the owner can have by calling at this office and paying for this notice. n19-21

Miss Mamie Helen Flynn will give a musical and literary concert in the Vogt during the first week in December. She will be assisted by Mrs. Rose Block Bauer, Portland's famous soprano. This promise to be the musical and literary event of the season. Full particulars will be given later.

G. A. Van Anda was this afternoon sworn in as a special sanitary policeman

for the city during the prevalence of contagious diseases. Mr. Van Anda is an old hand at this business and his instructions are to enforce the quarantine laws without respect to race, color or previous condition of servitude.

Gus Erickson, George Weber and Frank Reed, who were sentenced to the state penitentiary yesterday by Judge Bradshaw, will be taken to that place tomorrow. Ike Moore has concluded to withdraw his appeal to the supreme court and take his medicine. He wisely concludes that it is better to serve his sentence of a year in the penitentiary than have the sentence hanging over him for years, perhaps, and then very likely have to put in the time in the long run. As a matter of fact Moore may thank his stars he got off with only a year. He will be taken to Salem Thursday.

A paragraph is going the rounds of the press which states that the first apples grown in this state were sold at a dollar apiece and were produced in 1853 from trees that had been brought overland by ox team and planted in 1847. Mr. S. L. Brooks, of this city, takes exception to this and says it is not true. He remembers hauling apples with his father's team in 1851 that were raised by J. M. Garrison, on the Methodist Mission grounds north of Salem. The apples were sold by Mr. Garrison at \$4 a box. Mr. Brooks further says that the first apples produced in the territory of Oregon were from the seeds of four apples brought over from England and planted in 1826 at Vancouver by P. O. Pemberton. Six years afterwards, in 1832, the first fruit was picked from this planting.

Dr. Siddall's four handsome cottages on the corner of Fourth and Federal streets are complete, and they are a very decided improvement to that part of the town. Three of them are rented and the fourth could have been twenty times were it not that the doctor is particular about his tenants. The doctor's enterprise in building these cottages confirms his remarks to a CHRONICLE representative that he thinks The Dalles has a bright future before it and that it is a better town than any of twice its size on the Pacific Coast. "The Dalles never was a boom town," said the doctor, "and I don't expect it ever will be, but it has had a steady, solid growth, and there were more good residence buildings erected here this year than ever before in any three years, except during the period following the fire of 1891 when people were compelled to replace their burnt out homes." When asked if he intended to go back to Alaska any more the doctor said: "No, not at present, at least. Alaska is rich in gold and it is a great place to make money fast if one can only strike it. But there's the rub. I was all right the last time I went there and visited Nome, had it not been for the thieving government officials. For a time at least I shall make take up my professional work, making a specialty of

gold crowns and bridge work such as cannot be excelled by anybody, anywhere."

### Special Council Meeting.

At a special council meeting of the city last night a resolution passed authorizing Mayor Farley to employ a sanitary policeman for such period as the council may deem necessary; whose duty it shall be to enforce all laws and regulations relating to the sanitary condition of the city and maintain strict quarantine in all houses that have persons suffering from contagious diseases.

Mr. Aiken appeared on behalf of the local G. A. E. post and asked that a little dwelling house owned by the post and originally built by permission of the council, partly on one of the streets in the neighborhood of the city reservoir, should be exempt, at least till spring, from the late resolution of the council ordering the removal of all houses and obstructions from the public streets. By unanimous vote of the council the request was granted.

Treasurer Crandall reported that \$1101 had been collected of the assessment for the court street sewer—about half the sum levied—and that the balance was now delinquent. As some of the delinquents were out of town and some were probably not aware that they were delinquent, it was agreed to extend the time for the collection of the balance of the assessment until the 23d inst. After that date legal proceedings will at once be instituted for the collection of any assessments that may remain unpaid. The treasurer was instructed to give immediate notice in writing to all delinquents.

A resolution was passed exempting the Michelbach property and that of Mrs. E. M. Wilson on Union from any further assessment for sewers on Union and Liberty streets, after the present assessment for the Court street sewer had been paid by these parties.

An ordinance was passed authorizing the mayor and recorder to sign the contract between Dalles City and Sexton & Walther for the construction of the Court street sewer for the sum of \$2292, the work to be completed by December 20th next. On the execution by Sexton & Walther of a bond to be approved by the mayor for the faithful performance of the work, the mayor and recorder were authorized to issue a warrant on the sewer fund in favor of Sexton & Walther for \$500, the balance to be paid in installments at such times as may be agreed upon by the council and the contractors.

The mayor and recorder were authorized to issue warrants for the payment of all bills contracted by the city in the Wing diphtheria case.

### Wasco vs. The Dalles.

The Chronicle reports that it was possible yesterday to give an account of the football game Saturday afternoon at Wasco between Wasco and The Dalles, resulting in a score of 18 to 0 in favor of The Dalles.

The Dalles won the toss-up and took goal, giving Wasco the kick-off. Wasco was not very effectual in its efforts, and the ball stopped short, Patterson falling on it. The Dalles lost the ball a time or two, but quickly regained it, and Cooper soon made a touch-down, kicking a goal. The remainder of the first half of twenty-five minutes was pretty closely contested. The Dalles moved up to Wasco's twenty-yard line, and Cooper tried for a place-kick for five points, but failed, which is unusual for him. Wasco took the ball and then it was "slip and tuck" for awhile, with the Dalles boys resting on their oars and ready for business when time was called.

The second half of twenty minutes was tolerably warm for a short season. The Dalles kicked off and Allard, center, got the ball. Very soon Groebler, halfback, went through Wasco like a flash and made a touch-down, Cooper kicking his goal as usual. The Dalles went back and steadily moved down the field like an advancing army, till Cooper went over the line for another touch-down and a goal kick. This piled up the eighteen points, and then The Dalles boys played for amusement till time was called.

Wasco played hard and contested every foot. They had some big men in line, but were handicapped worse than The Dalles from lack of practice. The experience of the Dalles players counted for a great deal, and won them the victory.

If the people of The Dalles would encourage athletics as they usually stand up for most deserving matters, this town could have a team second to none in the state. But without grounds, coach or very many words of encouragement, it is to be wondered that they succeed as well as they do.

Captain Cooper was very well pleased with the work of his team and all deserve credit. Wasco's team is composed of splendid material, and they made some good plays Saturday. They worked a fake tackle-back on The Dalles for a gain of five yards to perfection.

The feature of The Dalles' playing was easy line-bucking and Cooper's punting, which made light work for our home boys.

The line-up was as follows:  
Johnson ler Smith, E  
Andrew, J ler Starr  
Conyer lgr Brown  
Beach c Allard  
Howell rgl Patterson  
White rtl Bartell  
Thompson rel Scott  
Andrew, G qb Murray  
Barns lhr Groehler  
Root rhl Frank  
McPherson, Capt lb Cooper, Capt

The next game will be played with Padleton Saturday, Nov. 30th, at this place if arrangements can be made.

### At the Congregational Church Tonight.

The following is the program to be given by the Boys' Club of the Congregational church of this city tonight. All invited friends are asked to be in their pews at 8 o'clock. This is the first public program the boys have given for the entertainment of their friends.

## Trilby and Cole's Original Air-Tight Heaters

For Wood and Lighter Fuel.

The introduction of Cole's Original Air-Tight Heater has revolutionized the heating stove trade in all sections of the United States. Its wonderful economy in the use of fuel, and many other excellent qualities, strongly recommend it to all in need of a heating stove.

### What Cole's Heater Will Do.

This stove will heat a room from zero to 80 degrees in five minutes.

It will heat your house evenly day and night.

It holds fire 36 hours without attention. You build only one fire each winter.

It burns chips, bark, leaves, paper and corn cobs, and gives excellent results with this fuel, which is ordinarily wasted.

The stove is light and easily moved and set up.

The combustion is perfect and ashes are removed only once in four weeks.

None of the heat is wasted and the stove will save one-half of your fuel bill.

It is clean, economical, convenient, safe and durable.

Every one of Cole's Original Air-Tight Heaters is guaranteed to stay air-tight as long as used. Where wood is used for fuel every family should have one or more of these stoves.

Sold by MAIER & BENTON, The Dalles.

## BUY A WILSON AIR-TIGHT HEATER

and save fuel. THE WILSON has an OUTSIDE DRAFT that will not burn out. We also carry a line of TRILBY AIR-TIGHTS.

## ...MAYS & CROWE...

## May Seem Strange

to those accustomed to the usual way of doing things, to talk about reductions at the beginning of the season. Nevertheless tomorrow brings to our customers a chance to buy winter wear at prices unheard of before. For instance,
