## THE MURDERERS ARE FOUND

Thugs In Jail Who Slew James Morrow—Assassins Confess, Each Accusing the Other.

PORTLAND, Nov. 25.—Haunted by the knowledge that they had been implicated in the shedding of human blood and unable by word and action to hide the fact of their guilt, John Wade, alias Kid McFadden, and William H. Dalton were arrested yesterday morning, charged with being implicated in the murder of James Barkley Morrow last Thursday morning on the East Side. Charles Smith and William H. Martin were also arrested, as they had been going around town with Wade and Dalton. The two latter are the principals. Wade says that Dalton killed Morrow. Dalton says: "Wade fired the shot which killed Morrow." The police state that Wade is the actual murderer, although he is placing the blame on Dalton. The arrests were made by Detectives Day and Weiner and Policemen Carpenter, Bailey and Gibson.

It is understood that Dalton will give state's evidence against his former friend Wade. Both Wade and Dalton admit being present when Morrow was murdered. They thought the unfortunate man was a gambler, who they thought carried home large sums of money to his home on the East Side nearly every night. Dalton says that Wade was the highwayman who fired the fatal shot, and the police believe his story.

All Night Under Water.  
PARROQUA, L. I., Nov. 23.—In order to demonstrate the length of time that the Holland submarine torpedo-boat can remain below water and still support human life, the Fulton, with three officers and a crew of five men, was submerged in the harbor tonight and will not come to the surface again until 10 o'clock tomorrow morning, a period of fifteen hours. The test is the severest ever attempted, and a large number of spectators assembled on the company's wharves tonight and watched the boat sink slowly beneath the water with her daring crew. In order that there may be no evasion of the conditions of the

test and to assist in any emergency, a watch was set upon the company's wharf. Lieutenant Arthur MacArthur, U. S. N., is in command. There are also on board Rear-Admiral John Lowe, U. S. N., (retired); Captain Frank Cable, of the Holland Torpedo-boat Company and her crew of five men of the Navy. The Fulton is submerged in fifteen of water, giving her tops a six foot depth under water. Those on board the craft will partake of supper at midnight, with breakfast at 6 o'clock tomorrow morning. Everything necessary for their comfort has been supplied, including light bedding.

America's Prettiest Girl.  
New York, Nov. 23.—A dispatch to the Herald from London says: "The most beautiful girl in America," was the description of her daughter given by Mrs. Wackermann to an interviewer at Queenstown upon her arrival there. Mrs. Wackermann is on her way to London to visit her daughter, whose mental condition led to a distressing scene in the Strand and Fleet street recently.

Mrs. Wackermann, her mother declared, was always a sensible girl, and there is no insanity in the family. She attributed her daughter's mental condition to external influences, which she is determined to probe on her arrival in London.

Guilt of Fencing Government Lands.  
CHEYENNE, Wyo., Nov. 23.—In the United States court here tonight, A. A. Spangh, a Mannville cattle man, was found guilty of the charge of illegally fencing several hundred thousand acres of government land in the vicinity of Mannville. The maximum penalty is a fine of \$1000 or imprisonment in the county jail for one year or both. Spangh will probably be sentenced next Monday by Judge Riner, unless he should appeal the case, which is not probable. The result in this case, it is said, will govern a large number of others of a similar nature, the government at once beginning actions against all violators.

Wasting With Anarchy.  
New York, Nov. 23.—Discussing the report of an international conference upon the anarchists, the Berlin correspondent of the Herald says: It is officially confirmed that on the suggestion of Germany and Russia there has been an international exchange of views regarding the surveillance of anarchists. The idea was at first, perhaps mooted at Danzig. There is reason to believe, however, that it was only

recently that proposals took diplomatic form. For the present at any rate it is not intended to call an international conference.

Deal Practically Closed.  
LONDON, Nov. 23.—Dispatches from Copenhagen stating that the sale of Danish West Indies has nearly been concluded contain nothing that has not been known in diplomatic circles for several months.

The sale is regarded as a foregone conclusion, as the price has been agreed upon, but the Danish government is deliberate in its methods and scrupulous about providing every possible safeguard to business interests of the colonists, especially the sugar planters of Santa Cruz.

The American minister at Copenhagen, himself of Danish descent, has found it difficult on this account to hasten negotiations.

Infant Burned to Death.

SOUTH BEND, Wash., Nov. 23.—Yesterday afternoon the house of James Bellamy, of Lebam, burned to the ground, and with it his babe in the cradle. He and his wife had gone to the barn near by, and when they looked back they saw their house in flames. The frantic father made a desperate effort to reach the baby, which had been left in the cradle in the house, and burned his face badly in his unsuccessful efforts. Hardly any of the remains of the child could be found. The fire is supposed to have caught from a coat which was drying near the stove.

Raynor Would Not Accept a Fee.

BALTIMORE, Nov. 25.—It was learned today that Isidor Raynor, chief counsel for Admiral W. S. Schley in the recent hearing before the court of inquiry, had refused to accept a fee for his services. A mutual friend of the admiral and Mr. Raynor stated that the admiral recently sent a valuable gold watch to Mr. Raynor and a magnificent brooch of diamonds and pearls to Mrs. Raynor.

Letter From Miss Stone.

New York, Nov. 23.—A dispatch to the World from Sofia says: Another letter from Miss Stone, the American missionary held by the brigands, has been received. Mr. Dickinson, the United States diplomatic representative, absolutely declines to disclose its contents except to say that Miss Stone and her companion in imprisonment, Mme. Telka, are well.
