

Football Notes.

Belden H. Grant, manager of the football organization here, is in correspondence with several parties who wish to coach the teams recently organized, and a suitable man will be secured at once.

The fence will be completed early this week, and Thursday's game between the Portland High School and The Dalles High School will occur on the new grounds. The management have no desire to touch themselves, and are making a ball park for the benefit of the town and rising generation. The price for admittance will be only 25 cents, gents, ladies and children.

On Saturday afternoon The Dalles team, playing under the auspices of The Dalles Commercial and Athletic Club, will meet the Pendleton boys on the new grounds. It will be a warm game from start to finish.

Tickets will be on sale tomorrow at B. H. Grant's cigar store. Those desiring to go will save delay and annoyance by purchasing before going to the grounds.

The members of the high school team are practicing faithfully every afternoon on the beach. The members of both teams had a very lively practice on last Saturday afternoon and again on Sunday afternoon. The Dalles shows up plenty of football spirit, and the players are ready to meet the best of them.

The coach is expected before Saturday's game, though he will have no time to burnish them up for the occasion. However the boys feel equal to the emergency and will play a fast, gritty and determined game.

Games on both Thursday and Saturday will be called at 3 o'clock p. m. Gate opens at 2:30.

For Wood and Lighter Fuel.

The introduction of Cole's Original Air-Tight Heater has revolutionized the heating stove trade in all sections of the United States. Its wonderful economy in the use of fuel, and many other excellent qualities, strongly recommend it to all in need of a heating stove.

What Cole's Heater Will Do.

This stove will heat a room from zero to 80 degrees in five minutes. It will heat your house evenly day and night. It holds fire 36 hours without attention. You build only one fire each winter. It burns chips, bark, leaves, paper and corn cobs, and gives excellent results with this fuel, which is ordinarily wasted. The stove is light and easily moved and set up. The combustion is perfect and ashes are removed only once in four weeks. None of the heat is wasted and the stove will save one-half of your fuel bill. It is clean, economical, convenient, safe and durable.

Every one of Cole's Original Air-Tight Heaters is guaranteed to stay air-tight as long as used. Where wood is used for fuel every family should have one or more of these stoves.
