CHINAMEN KILL FOUR

Highbinder Outbreak in San Francisco Is Serious—Threatens to Become a General War of Tong Members.

SAN FRANCISCO, Nov. 29.—Two Chinese are dead and two others, mortally wounded, lie at the receiving hospital, as the result of two murderous attacks in Chinatown. Both shootings were the culmination of a long-standing feud between rival highbinder associations. The men who were killed outright were shot as they lay sleeping in a bunk at 902 Clay street. Their names are Quan Lucy and Suey Duck. Loue Fook, better known as Little Loue, and Joe Do are the other victims.

Fook was shot four times as he was entering his gambling joint at 102 Waverly Place, accompanied by Do, who was his bodyguard. As Little Loue fell mortally wounded, Do drew his revolver, but before he could use it he received a bullet in his neck.

Shortly after the shooting, the police arrested a notorious highbinder, who gave his name as Lee You, on suspicion of having wounded both men. When searched a revolver which had been recently fired was found on him. About fifteen minutes after the perpetration of this crime another shooting occurred in a lodging-house at 902 Clay street. Sergeant Donovan and Officers Tillman and McNamara ran to the place, and going upstairs, they found Quan Lucy and Suey Duck dead. Both had been shot while they slept on a bunk in a small room on the second floor.

After the shooting, a large squad of police was sent into Chinatown, and in a short time the officers arrested half a dozen highbinders, who were heavily armed and bent on avenging the murder of Little Loue.

POLITICAL POT POURRI.

The unanimity with which Simon is not endorsed for re-election by the Oregon press and public must be a trifle disconcerting to the little boss. Joe would look good to most of us without his toga.—Western Leader.

The recent decision on the validity of the Lockwood primary law is considered will seriously diminish Senator Simon's strength in Portland. The world seems to be going against "Little Joe" lately, anyway.—Pendleton Tribune.

The Baker City Republican has fired a gun for I. N. Williamson for congress. The barrel, however, was only half loaded and the trigger was pulled before the proper sight was taken. Senator Williamson is a good man for most anything but who knows what he wants?—Pendleton Tribune.

The Hartford Times says: "The people of the Pacific Coast are not so united in opposition to Chinese immigration as they formerly were." This is a mistake. They are more so. From their experience with the consequences, industrially, socially and politically, they have learned much. Theory has melted away in the light of practical facts. The people of the Pacific Coast want no revival of the agitation and general disturbance that renewal of Chinese immigration would bring upon them.

The suggestion of the Sentinel last week that Prof. A. P. Armstrong would make a strong republican candidate for state school superintendent is meeting with a hearty endorsement from one end of the state to the other. The eminent fitness of Prof. Armstrong is recognized and the opinion prevails that under his management the schools of the state would very quickly be systematized and conducted on a higher plane. He is a man of wide learning, well read, practical, active, and full of zeal and business "savvy." Oregon's schools need a practical business management as opposed to the machine practices in vogue during later years and to Prof. Armstrong the people might well look for a correction of prevalent errors.—Salem Sentinel.

Sentiment in Cuba.
New York, Nov. 29.—Among the passengers who arrived yesterday from Havana were General Leonard Wood, governor of Cuba; Mrs. Wood, M. J. Dady, the contractor; Sir Williams Van Horn, Lieutenant Barden and Lieutenant Frank McCoy. General Wood said he would proceed directly to Washington to report to President Roosevelt and expected to return to Cuba on December 7th. He said he expressed no opinion on the question of annexation of Cuba, and to do so would be impolitic. Matters were quiet in Cuba and preparations were being made for the election in February.
"Of course," said General Wood, "there are a number of people in Cuba who desire annexation, but I doubt the possibility of securing a canvass of opinion on the question. The people of Cuba wish to see their flag floating over Morro Castle, even if it were only for a week."
Mr. Dady says the city council of Havana, by a unanimous vote, gave him the Havana contract for public improvements there, and that the plans and specifications are in preparation for presentation to General Wood, who will consider the matter on his return to Cuba.

Held Mass for the Boers and Filipinos
New York, Nov. 29.—Rev. Joseph Mendi, of the Roman Catholic Church of the Immaculate Conception at Montclair, N. J., celebrated high mass on Thanksgiving for the souls of the Boers lost in battle against the British, and also for the native Filipinos who died fighting for their independence. Although it was bitterly cold, there was an attendance of several hundred. Father Mendi was assisted by two priests from Newark—Father Sampson and Ograsal.

Father Mendi has received a large number of letters from persons in Montclair, Newark, New York and Brooklyn endorsing his position and congratulating him on his determination to celebrate the mass.

The Logger's Lament.
Over on Grays Harbor recently the crew of a logging camp, sixty in number, complained to the employers that the cook was n. g., and that they wanted a change. They got the change, as the company discharged the crew and kept the cook—He was saving them \$150 a month. Then the head skidgrasser

went out and sat on a stump and composed the following lament:
"Backward, turn backward, oh time in your flight; feed me on gruel again, just for tonight. I am so weary of sole-leather steak, petrified biscuit, vulcanized cake; oysters that sleep in a watery bath, and butter as strong as Goliath of Gath; weary of paying for what I can't eat, chewing up rubber and calling it meat.
"Backward, turn backward, oh how weary I am; give me a swipe at my grandmother's jam; let me drink milk that hasn't been skimmed, let me eat butter whose whisksers are trimmed; let me once more have old-fashioned pie, and then I'll be willing to curl up and die."

Night Was Her Terror.
"I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but, when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It's absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung Troubles. Price 50c and \$1.00. Trial bottles free at G. C. Blakeley's drug store.
