## Trilby and Cole's Original Air-Tight Heaters

For Wood and Lighter Fuel.

The introduction of Cole's Original Air-Tight Heater has revolutionized the heating stove trade in all sections of the United States. Its wonderful economy in the use of fuel, and many other excellent qualities, strongly recommend it to all in need of a heating stove.

### What Cole's Heater Will Do.

- The stove will heat a room from zero to 80 degrees in five minutes.
- It will heat your house evenly day and night.
- It holds fire 36 hours without attention. You build only one fire each winter.
- It burns chips, bark, leaves, paper and corn cobs, and gives excellent results with this fuel, which is ordinarily wasted.
- The stove is light and easily moved and set up.
- The combustion is perfect and ashes are removed only once in four weeks.
- None of the heat is wasted and the stove will save one-half of your fuel bill.
- It is clean, economical, convenient, safe and durable.

Every one of Cole's Original Air-Tight Heaters is guaranteed to stay air-tight as long as used. Where wood is used for fuel every family should have one or more of these stoves.

Complaint is made at this office that as many as six families, with three or four patients in each family, have been recently afflicted with amebiasis in the Columbia precinct. In no case has a flag been put out, or any similar indication of the presence of the disease in

the building given, so that strangers might be warned and thus keep away. The result is that the disease has had its own way and is not yet materially abated.

Two new cases of diphtheria are reported to Health Officer Van Anda today. One of them is in the home of the editor of this paper, and this much is given out for those who blame the schools for all the mischief: This patient has not been at school for weeks, nor has she been in the company of children who were exposed to the contagion. Happily, like the great majority of all the cases, this one is very mild. The quarantine was raised today from the N. Whalston residence.

The following we take from the Boise Statesman: "A large and enthusiastic audience greeted the appearance last evening at Fyler's opera house of Mamie Helen Flynn, the talented young artist of Huntington, Oregon, in a very entertaining musical and literary programme. Miss Flynn is a very recent graduate of the Denver conservatory of music. Her rendition of Beethoven's 'Moonlight Sonata' and the symphonies of the great masters was perfect." Miss Flynn will appear at the Vogt December 5th, assisted by Mrs. Rose Bloch-Bauer of Portland.

With the pressure of the matter yesterday THE CHRONICLE reluctantly failed to speak of the happy Thanksgiving family reunion that took place at the home of Dad Butte, where the patriarch of the family, himself the last survivor of a family of fourteen native sons and daughters of Oregon, sat at the head of the festive board with his three daughters, two sons and two sons-in-law. There may have been homes in The Dalles where there were more elaborate spreads and richer surroundings than at this family reunion of Dad Butte, but there was none where fatherly affection shone brighter and clearer. And this is said from an intimate acquaintance with Mr. Butte extending over a quarter of a century.

For several days carpenters have been at work on the inclosure and gallows upon which Green is to be hung, says the Skamania County Pioneer. The inclosure occupies nearly all the space between the jail and the Pioneer office, the precise location of the execution being on the latter property. On these windy nights, with the moonlight shimmering over the spectral structure destined for the lawful execution of a murderer, no more dismal sight could be imagined. The prisoner bears up bravely as yet, but is very shy of being observed. Green got his feet back at the structure within which he is shortly to be the principal actor, on Sunday last when he was placed in the door of the jail directly facing it, for the purpose of being photographed. Neither then nor at any time while hearing the hell-like strokes of the carpenter's hammer has he exhibited the least emotion. The fate of

the execution remains as impenetrable a secret as ever, and most of the residents of Stevenson, be it said to their credit, are only curious insofar as it will enable them to escape from the vicinity as far as possible when the event takes place.

### The Elks Reception War.

The Baker City Republican of October 25, 1901, says: "Miss Mamie Helen Flynn, the accomplished daughter of Mr. Flynn of Huntington, has been engaged to give several pianoforte solos at the Elks social tomorrow night, and it is the intention to secure her as an attraction at Prof. Bell's lecture the 27th inst. Miss Flynn is a recent graduate of the Denver conservatory of music, and is not only a very accomplished musician but an elocutionist of more than ordinary merit, and in addition to these attractions Miss Flynn is one of the most charming of Oregon's many handsome and accomplished daughters, and justly popular among all who know her."

Miss Flynn will appear at the Vogt Opera House on Thursday, Dec. 5th, assisted by Mrs. Rose Bloch-Bauer, Portland's famous soprano.

### Card of Thanks.

As a result of the labors of the young ladies who arranged for the entertainment of the visiting football team, on Thanksgiving evening, the management of the football enterprise here are enriched to the amount of \$75.15. This assists materially in discharging the debts contracted, and in behalf of the young men of our town who are interested in football, and for ourselves who have agreed to bear the debts contracted in making a football park, we are truly grateful, and beg to subscribe ourselves, Most respectfully, BELDEN H. GRANT, L. A. FORTNA, E. KURTZ, OTIS PATTERSON.

### A Week's Vacation for Lower Grades.

It has been decided by the school board to give all of the grades of the public school below the high school a vacation for the coming week. This step has been taken because of the decreased attendance at present, and not because of any increase in the severity or spread of the prevailing epidemic. A week's vacation may be taken now and the time made up by shortening the regular Christmas vacation, without any material loss or delay. The high school will remain in session as usual. The regular work of the school will be resumed on Monday, Dec. 9th.

### Dress Suit of Tar and Feathers.

Editor CHRONICLE, DEAR SIR:—Notwithstanding the fact that I pride myself in being a law-abiding citizen, I do think, after reading your article in yesterday's issue referring to the inhuman treatment of those two children, (and by a minister of the gospel at that) that a coat of tar and feathers would be most appropriate, for the sooner the community is rid of two such devils, the better. From what I can learn they were drummed out of Baker City, and surely Baker City should not set the pace for The Dalles.
